Unineo 75 Inch Electric Fireplace TV Stand Instruction Manual

Model: 7886b604-845d-45ee-8751-cebc4ac92563

Brand: Unineo

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your Unineo 75 Inch Electric Fireplace TV Stand. Please read all instructions carefully before assembly and use to ensure safe and efficient operation.

IMPORTANT SAFETY INFORMATION

WARNING: To reduce the risk of fire, electric shock, or injury, read all instructions before using this appliance.

- Ensure the unit is placed on a stable, level surface.
- Do not overload electrical outlets.
- Keep flammable materials at least 3 feet (0.9 meters) away from the front of the heater.
- Do not operate the fireplace with a damaged cord or plug, or if the heater malfunctions.
- The fireplace features an **OVERHEAT PROTECTION** system. If the heater overheats, it will automatically shut off. Unplug the unit and allow it to cool before restarting.
- The fireplace includes a **Child Lock** function to prevent unintended operation.
- This product is designed for indoor use only.

PACKAGE CONTENTS

Your Unineo Electric Fireplace TV Stand will arrive in two separate packages, which may not arrive simultaneously. Please ensure all components are present before beginning assembly.

Image: Illustration showing two separate packages for the product, indicating they may arrive at different times.

Carefully unpack all items and compare them with the parts list provided in your assembly guide (not included in this digital manual). If any parts are missing or damaged, contact customer support immediately.

SETUP AND ASSEMBLY

Assembly of the Unineo Electric Fireplace TV Stand requires attention to detail. Each piece is numbered for easy identification. It is recommended that two people assemble the unit for faster and safer completion.

1. **Preparation:** Clear a spacious area for assembly. Lay out all numbered parts and hardware.
2. **Tools:** Basic household tools are typically required (e.g., screwdriver). Power tools are generally not recommended as they can overtighten screws and damage components.
3. **Step-by-Step Assembly:** Follow the detailed assembly instructions provided in the physical manual that accompanies your product. Pay close attention to diagrams and part numbers.
4. **Fireplace Insert:** The electric fireplace insert is a simple plug-in unit; no electrician is required for installation. Integrate it into the TV stand structure as per the assembly guide.
5. **Cable Management:** Utilize the convenient cable management features to organize wires from your TV and media equipment.

OPERATING INSTRUCTIONS

Electric Fireplace Operation

The electric fireplace can be controlled via the touch panel on the unit or the included wireless remote control.

Your browser does not support the video tag.

Video: Demonstrates the various features and operation of the Unineo Electric Fireplace TV Stand, including LED spot lights, storage, and fireplace controls.

- **Power On/Off:** Press the power button on the unit or remote.
- **Flame Settings:**
 - **12 Color Flame Modes:** Cycle through various flame colors to match your ambiance.
 - **13 Color Log Ember Modes:** Adjust the color of the log embers independently.
 - **5 Flame Speed Levels:** Control the speed of the flame effect.
 - **5 Flame Brightness Levels:** Adjust the intensity of the flame.
- **Heater Function:**
 - **1500W Infrared Heater:** Provides supplemental heat for rooms up to 1000 sq ft.
 - **Thermostat:** Set desired temperature between 60°F and 99°F.
 - The heater can be turned off while the flame effect remains active for year-round use.
- **Timer:** Set an automatic shut-off timer from 0.5 to 12 hours.
- **Child Lock:** Activate the child lock feature to prevent accidental changes to settings. Refer to your physical manual for specific activation/deactivation steps.

LED Spot Light Operation

The RGB LED strip lights in the side cabinets can be controlled independently using the same wireless remote control as the fireplace.

- **13 Color Modes:** Select from various colors to create an immersive lighting effect.
- Refer to the remote control section in your physical manual for specific button functions.

FEATURES OVERVIEW

- **Design:** Farmhouse style with modern elements, including barn door closed storage and a woodgrain finish.
- **TV Compatibility:** Accommodates TVs up to 85 inches.
- **3-Side Panoramic Fireplace:** Tempered glass display allows clear viewing of the 3D flame effect from multiple angles.
- **Storage:** Closed storage cabinets with Silk Screen Clear Glass Doors.
- **Adjustable Shelves:** Interior glass shelves are adjustable and can hold up to 20 lbs each.
- **Quiet Close Hinges:** Doors feature quiet close hinges for smooth operation.
- **Stable Thickened Base:** Ensures stability and durability of the unit.

Image: Close-up of the adjustable glass shelf, indicating it can hold up to 20 lbs.

MAINTENANCE

- **Cleaning:** Dust the unit regularly with a soft, dry cloth. For tougher stains, use a slightly damp cloth and mild detergent, then wipe dry. Avoid abrasive cleaners.

- **Glass Care:** Clean glass surfaces with a glass cleaner and a soft cloth. Do not spray cleaner directly onto the unit; apply to the cloth first.
- **Fireplace Insert:** Ensure the fireplace is unplugged and cool before cleaning. Refer to the fireplace insert's specific cleaning instructions in your physical manual.
- **Inspection:** Periodically check all connections and hardware to ensure they remain secure.

TROUBLESHOOTING

If you encounter issues with your TV stand or electric fireplace, please refer to the following common solutions:

- **Fireplace Not Turning On:**
 - Check if the power cord is securely plugged into a working outlet.
 - Ensure the main power switch on the fireplace insert is in the "ON" position.
 - Verify that the circuit breaker has not tripped.
 - If the unit overheated, unplug it for 15-20 minutes to reset the overheat protection.
- **No Heat Output:**
 - Confirm the heater function is activated and the thermostat is set above the current room temperature.
 - Check for any obstructions blocking the heater's air intake or output vents.
- **Remote Control Not Working:**
 - Replace the batteries in the remote control.
 - Ensure there are no obstructions between the remote and the fireplace's receiver.
- **Door Gaps/Misalignment:**
 - Adjust the screws on the door hinges. Small adjustments can significantly improve door alignment. Refer to the assembly manual for detailed hinge adjustment instructions.
