DUMEE Metal Bed Frame with Charging Station and LED

DUMEE Queen Metal Bed Frame with Charging Station and LED User Manual

Model: Metal Bed Frame with Charging Station and LED

1. Product Overview

The DUMEE Queen Metal Bed Frame is designed for durability and convenience, featuring a sturdy metal construction, integrated headboard and footboard, a charging station with USB ports and AC outlets, and RGB LED lighting. This bed frame eliminates the need for a box spring, providing enhanced support and a noise-free sleeping experience.

2. Safety Information

WARNING: Failure to follow these safety instructions may result in injury or damage to the product.

- Do not exceed a total weight of 500 lbs (227 kg) on the bed frame.
- Be cautious of sharp edges during assembly and use.
- Always follow the assembly instructions carefully to prevent injury.
- Ensure all connections are securely tightened before use.
- Keep electrical components (charging station, LED lights) away from water or excessive moisture.

3. Assembly Instructions

This bed frame is designed for straightforward assembly. All necessary hardware and tools are included. It is recommended to assemble the frame in the room where it will be used.

3.1 Package Contents

Before beginning, verify that all parts listed in the included assembly instruction manual are present. The package typically includes:

- Queen bed frame components (headboard, footboard, side rails, support slats)
- Charging station and LED light strip
- Hardware pack (screws, bolts, nuts)
- Allen key (hex wrench)
- Assembly Instruction Manual

3.2 Assembly Steps

1. Unpack all components and lay them out on a clean, soft surface to prevent scratches.
2. Identify and separate all labeled parts and hardware according to the instruction manual.
3. Attach the side rails to the headboard and footboard using the provided hardware. Ensure all connections are finger-tightened initially.
4. Install the central support beam and legs.
5. Place the metal slats onto the frame and secure them as instructed.
6. Mount the charging station to the designated area on the headboard or side rail.
7. Attach the LED light strip to the back of the headboard, ensuring it adheres properly.
8. Once all components are in place, fully tighten all screws and bolts using the Allen key. Do not overtighten.

4. Operating Instructions

4.1 Charging Station

The integrated charging station provides convenient power access for your devices.

- **AC Outlets:** The bed frame is equipped with 2 standard 125V/12A AC outlets. Plug in your electronic devices such as lamps, laptops, or other appliances.

- **USB Ports:** Two 5V/2A USB ports are available for charging smartphones, tablets, and other USB-powered devices.
- Ensure the bed frame's power cord is securely plugged into a wall outlet for the charging station to function.

4.2 RGB LED Lights

The headboard features RGB LED lighting with various customization options.

- **Power On/Off:** Use the line controller to switch the LED lights on or off.
- **Color Selection:** Choose from 7 available colors to match your mood or room decor.
- **Scene Modes:** Select from 12 pre-programmed scene modes for dynamic lighting effects.
- **Brightness Adjustment:** Adjust the brightness level (3 settings) to your preference using the controller.

5. Maintenance

Regular maintenance helps ensure the longevity and performance of your DUMEE bed frame.

- **Cleaning:** Wipe down the metal frame with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Hardware Check:** Periodically check all screws, bolts, and connections to ensure they remain tight. Retighten if necessary to prevent squeaking and maintain stability.
- **Electrical Components:** Keep the charging station and LED lights free from dust. Do not attempt to disassemble or repair electrical components yourself.
- **Under-bed Area:** The 10.63-inch under-bed clearance allows for easy cleaning and storage. Regularly clean this area to prevent dust accumulation.

6. Troubleshooting

If you encounter issues with your bed frame, refer to the following common problems and solutions.

6.1 Bed Frame is Squeaking or Unstable

- **Solution:** Check all assembly hardware. Ensure every screw, bolt, and connection point is securely tightened. Loose connections are the most common cause of noise and instability.
- **Solution:** Verify that the central support legs are properly aligned and making full contact with the floor.

6.2 Charging Station or LED Lights Not Working

- **Solution:** Ensure the bed frame's main power cord is firmly plugged into a functional wall outlet.
- **Solution:** Check the power switch on the line controller for the LED lights.
- **Solution:** If only one port or outlet is not working, try another device or port to isolate the issue.
- **Solution:** If the issue persists, contact customer support. Do not attempt to repair electrical components.

6.3 Missing or Damaged Parts During Assembly

- **Solution:** Carefully re-check the package contents against the parts list in your assembly manual.
- **Solution:** Contact DUMEE customer service immediately for assistance with replacement parts. Provide your purchase details and a description of the missing or damaged component.
