SETUP GUIDE

1. Initial Charging

Before first use, fully charge your ActivPro VR87 smartwatch. Connect the magnetic charger to the charging points on the back of the watch and plug the USB end into a power source. A full charge typically takes approximately 2 hours. The watch features a 650mAh battery for extended use.

2. App Installation

To unlock the full potential of your smartwatch, download the **DaFit** app from your smartphone's app store (compatible with iOS 9.0 and above, and Android 4.4 and above). Search for "DaFit" and install the application.

3. Device Pairing

1. Ensure Bluetooth is enabled on your smartphone.
2. Open the DaFit app and follow the on-screen instructions to add a new device.
3. Select "VR87" from the list of available devices.
4. Confirm the pairing request on both your watch and smartphone.
5. Once paired, the watch will synchronize time and data with your phone.

OPERATING INSTRUCTIONS

Basic Navigation

- **Touchscreen:** Swipe left/right to navigate between main screens, swipe up/down for notifications or quick settings. Tap to select.
- **Power Button (Top Right):** Press to wake/sleep screen, long press to power on/off.

- **Back Button (Bottom Right):** Press to return to the previous screen.
- **GPS Button (Top Left):** Quick access to GPS functions.

Fitness Tracking & Health Monitoring

The VR87 is equipped with advanced sensors for comprehensive health and fitness tracking.

- **Built-in GPS:** Track outdoor activities like running, hiking, and cycling with real-time data on route, speed, distance, and calories.
- **Heart Rate Monitor:** Continuously monitors your heart rate.
- **Blood Oxygen Monitor:** Measures your blood oxygen levels.
- **Sleep Monitor:** Tracks your sleep patterns and quality.
- **Activity Tracking:** Records steps, distance, and calories burned throughout the day.

Product parameters

MAINTENANCE

Cleaning Your Watch

Regularly clean your watch and straps to prevent skin irritation and maintain performance. Use a soft, lint-free cloth. For stubborn dirt, slightly dampen the cloth with water. Avoid harsh chemicals or abrasive materials.

Battery Care

- Avoid extreme temperatures, which can affect battery life.
- Charge the watch regularly, avoiding complete discharge for prolonged periods.
- Use only the provided magnetic charger.

TROUBLESHOOTING

- **Watch not turning on:** Ensure the watch is fully charged. Connect it to the charger and wait a few minutes before attempting to power on.
- **Cannot pair with phone:**
 - a. Ensure Bluetooth is enabled on your phone and the watch.
 - b. Make sure the watch is not already paired with another device.
 - c. Restart both the watch and your phone.
 - d. Clear Bluetooth cache on your phone (Android) or forget the device and re-pair (iOS).
- **Inaccurate health data:** Ensure the watch is worn snugly on your wrist, not too tight or too loose. Clean the sensors on the back of the watch.
- **GPS not tracking:** Ensure you are in an open outdoor area with a clear view of the sky. Allow the watch a few moments to acquire a GPS signal.
- **Short battery life:** Reduce screen brightness, disable unnecessary notifications, and limit continuous heart rate monitoring if not needed.

For further assistance, refer to the DaFit app's help section or contact ActivPro customer support.
