

## **IQBOX MZ899**

# **IQBOX Bracelet Making Kit MZ899 Instruction Manual**

Model: MZ899

## **1. PRODUCT OVERVIEW**

---

The IQBOX Bracelet Making Kit MZ899 provides a comprehensive set of materials for creating various elastic band bracelets and ornaments. Designed for ease of use, this kit encourages creativity and fine motor skill development. It includes over 1000 soft, vibrant elastic bands and a weaving loom, making it suitable for beginners and experienced crafters alike.

### **Key Features:**

- **Easy-Start Weaving Loom:** Designed for immediate use without complex setup.
- **Extensive Band Collection:** Over 1000 soft, vibrant, child-friendly elastic bands for diverse designs.
- **Comprehensive Instructions:** Includes clear video tutorials and an illustrated manual.
- **Versatile Creations:** Suitable for making bracelets, wristbands, headbands, and other ornaments.
- **Organized Storage:** All components are neatly organized in a portable gift box.

## 3. SETUP

The IQBOX Bracelet Making Kit is designed for quick and easy setup. Simply open the storage box and retrieve the weaving loom, elastic bands, and hook tool. No assembly of the loom is required.

### Preparing Your Workspace:

1. Choose a clean, flat surface to work on.
2. Open the storage box and select the desired colors of elastic bands.
3. Keep the instruction manual or a video tutorial handy for reference.

**Easy to make!**

## **4. OPERATING INSTRUCTIONS: MAKING BRACELETS**

This section provides guidance on how to create various bracelet designs using your IQBOX kit. Refer to the included illustrated manual for detailed step-by-step diagrams.

### **4.1 Basic Fishtail Bracelet**

The fishtail design is a popular and relatively simple pattern to start with.

1. Place the first elastic band in an 'X' shape across two pegs of the loom.
2. Add a second band normally (not twisted) over the first two pegs.
3. Add a third band normally over the same two pegs.
4. Using the hook tool, pick up the bottom band (the 'X' band) from one peg and loop it over the top two bands and off the peg. Repeat for the other peg.
5. Push down the remaining two bands on the pegs.
6. Add a new band normally to the top.
7. Repeat steps 4-6 until the bracelet reaches the desired length.

## 5. CARE AND MAINTENANCE

Proper care and maintenance will ensure the longevity of your IQBOX Bracelet Making Kit.

- **Cleaning:** The plastic loom and hook tool can be wiped clean with a damp cloth. Avoid harsh chemicals.
- **Storage:** Always store elastic bands in the provided storage box to prevent them from drying out, losing elasticity, or getting lost. Keep the kit in a cool, dry place away from direct sunlight.
- **Band Longevity:** Elastic bands may degrade over time with excessive stretching or exposure to extreme temperatures. Replace any brittle or broken bands.

## 6. TROUBLESHOOTING

Here are some common issues and their solutions:

Problem	Solution
Bands keep breaking.	Ensure you are not overstretching the bands. Use the hook tool gently. Check if bands are old or brittle; replace if necessary.
Difficulty looping bands.	Make sure the bands are properly seated on the pegs. Use the hook tool to gently guide the bands. Refer to the video tutorials for visual assistance.
Bracelet is too loose/tight.	Adjust the number of bands used to achieve the desired length and fit. Bracelets should be comfortable without being too restrictive or falling off.

## 7. SPECIFICATIONS

Attribute	Detail
Brand	IQBOX
Model Name	IQBOX Bracelet Making Kit Arts and Crafts for Girls
Item Model Number	MZ899
Material	Cotton, Fabric (Elastic Bands)
Number of Pieces	1005
Item Dimensions (L x W x H)	8.78 x 5.31 x 7.08 inches
Item Weight	1.26 pounds (0.57 Kilograms)
Date First Available	September 16, 2024
