3. CARE AND MAINTENANCE

3.1 Doll Cleaning

The doll is made of soft vinyl. To clean, wipe the doll's surface with a damp cloth and mild soap. Avoid harsh chemicals or abrasive cleaners, as these may damage the vinyl or remove the vanilla scent. Allow the doll to air dry completely.

3.2 Clothing Care

The doll's clothes can be gently hand-washed with mild detergent and cold water. Air dry flat to maintain shape. Avoid machine washing or drying to prevent shrinkage or damage.

3.3 Scent

The doll features a light vanilla scent. This scent is integrated into the vinyl and will naturally diminish over time with use and cleaning.

- **Clothing Damage:** If doll clothing becomes torn or damaged, it can often be repaired with basic sewing. Replacement clothing may be available from Miniland or compatible doll clothing lines.
- **Loss of Scent:** The vanilla scent is designed to be subtle and will fade over time. This is a normal characteristic and not a defect.
