Conair BEH17XB

Conair Lighted Makeup Mirror BEH17XB User Manual

Model: BEH17XB

Introduction

Thank you for choosing the Conair Lighted Makeup Mirror. This manual provides essential information for the safe and efficient use of your new mirror. Please read these instructions thoroughly before use and retain them for future reference. This double-sided LED lighted vanity mirror offers 1x standard viewing and 10x magnification, ideal for detailed makeup application and grooming. Its battery-operated design provides portability, and the lifetime LED lighting ensures consistent, natural illumination without bulb replacement.

Important Safety Information

WARNING: To avoid distorted reflection, do not place the 10x magnifying side of the mirror closer than 6 inches (15 cm) from your face.
WARNING: Keep batteries out of reach of children to prevent choking hazards.

- Ensure the mirror is placed on a stable, flat surface to prevent tipping.
- Do not immerse the mirror in water or other liquids.
- Avoid dropping the mirror, as this may cause damage to the glass or internal components.
- Do not expose the mirror to direct sunlight for extended periods, as this may cause fire or damage.

Package Contents

- 1 x Conair Lighted Makeup Mirror (Model BEH17XB)
- User Manual

Note: 3 AA batteries are required for operation and are not included.

Setup

1. **Battery Installation:**
    - Locate the battery compartment on the underside of the mirror's base.
    - Open the battery compartment cover.
    - Insert 3 AA batteries (not included), ensuring correct polarity (+/-) as indicated inside the compartment.
    - Close the battery compartment cover securely.

2. **Placement:** Place the mirror on a flat, stable surface such as a vanity, desk, or countertop.

Operating Instructions

1. **Turning On/Off:** Locate the ON/OFF switch on the base of the mirror. Press the switch to turn the LED light on or off.

Figure 2: ON/OFF switch on the mirror base.

2. **Switching Magnification:** The mirror features two sides: one with 1x standard magnification and the other with 10x magnification. Gently rotate the mirror head 360 degrees to switch between the two viewing options.

Figure 4: Mirror head rotating 360 degrees.

Maintenance

- **Cleaning the Mirror:** Wipe the mirror surface with a soft, damp cloth. Do not use abrasive cleaners or chemicals, as they may damage the finish or mirror surface.
- **Cleaning the Finish:** Wipe the brushed brass finish with a soft, dry cloth.
- **Battery Replacement:** Replace all 3 AA batteries simultaneously when the light dims or stops working. Do not mix old and new batteries or different types of batteries.

Troubleshooting

Problem	Possible Cause	Solution
Light does not turn on.	Batteries are dead or incorrectly installed.	Check battery polarity. Replace with 3 new AA batteries.
Light is dim.	Batteries are low.	Replace with 3 new AA batteries.
Mirror is unstable.	Not placed on a flat surface.	Ensure the mirror is on a completely flat and stable surface.
