SETUP

Charging the Headphones

Before first use, fully charge your headphones. Connect the provided USB Type-C charging cable to the charging port on the headphone and the other end to a USB power source (e.g., computer, wall adapter). The LED indicator will show charging status. A full charge takes approximately 2-2.5 hours and provides up to 27 hours of playback time.

Bluetooth Pairing

1. Ensure the headphones are powered off.
2. Press and hold the Power button until the LED indicator flashes blue and red, indicating pairing mode.
3. On your device (smartphone, tablet, laptop), enable Bluetooth and search for available devices.
4. Select "TJANC6056D" from the list of devices.
5. Once connected, the LED indicator will turn solid blue or flash blue slowly.

OPERATING INSTRUCTIONS

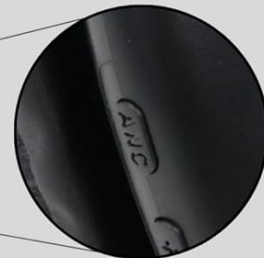

Controls Overview

The headphones feature intuitive on-ear controls for easy management of audio and calls.

Active Noise Cancellation

Dive into immersive sound with the noise ANC mode, blocking for a pure listening experience.

ANC ON/OFF

Press the ANC button & enjoy a true listening experience.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the headphones. Do not use harsh chemicals or abrasive materials.
- **Storage:** When not in use, store the headphones in a cool, dry place. Avoid extreme temperatures.
- **Battery Care:** To prolong battery life, avoid fully discharging the headphones frequently. Charge them regularly, even if not in constant use.
- **Water Resistance:** These headphones are not water-resistant. Avoid exposure to liquids.

TROUBLESHOOTING

Issue	Possible Solution
Headphones won't turn on	Ensure the headphones are charged. Connect to a power source using the USB Type-C cable.
Cannot pair via Bluetooth	Make sure headphones are in pairing mode (flashing blue/red LED). Ensure Bluetooth is enabled on your device and it's within 10 meters. Forget previous pairings on your device and try again.
No sound or low volume	Check volume levels on both headphones and the connected device. Ensure headphones are properly paired or the 3.5mm cable is securely connected.
ANC not working effectively	Ensure the ANC switch is in the ON position. ANC is most effective against low-frequency ambient noise.
