Stone 193 Pro

Stone 190 Pro

*Depending Stock Availability, You May Get Stone 190 Pro or Stone 193 Pro.

A comparison image showing both the Stone 193 Pro and Stone 190 Pro speakers, noting that either model may be received depending on stock availability.

SETUP

Charging the Speaker

1. Connect the provided Type-C charging cable to the charging port on the speaker.
2. Connect the other end of the cable to a USB power adapter (not included) or a computer's USB port.
3. The LED indicator will show the charging status. A full charge typically takes a few hours.

OPERATING INSTRUCTIONS

Power On/Off

- To power on, press and hold the Power button for a few seconds until you hear an audible prompt and the LED indicator lights up.
- To power off, press and hold the Power button again for a few seconds until you hear an audible prompt and the LED indicator turns off.

Bluetooth Pairing

1. Ensure the speaker is powered on and in Bluetooth pairing mode (the LED indicator will flash).
2. On your device (smartphone, tablet, etc.), enable Bluetooth and search for available devices.
3. Select "Stone 193 Pro" or "Stone 190 Pro" from the list of devices.
4. Once paired, the LED indicator will turn solid, and you will hear a confirmation sound.

TWS (True Wireless Stereo) Functionality

To experience immersive stereo sound, you can pair two boAt Stone 193 Pro / 190 Pro speakers together.

1. Ensure both speakers are powered on and not connected to any other Bluetooth device.
2. On one speaker (this will be the primary speaker), press and hold the TWS button (if available, or a combination of volume buttons as per specific model instructions) until you hear a prompt.
3. The two speakers will automatically connect to each other. Once connected, the primary speaker's LED will flash, indicating it's ready to pair with your device.
4. Connect your device to the primary speaker via Bluetooth as described in the "Bluetooth Pairing" section.

Call Management

- **Answer/End Call:** Press the Play/Pause button once.
- **Reject Call:** Press and hold the Play/Pause button for 2 seconds.
- **Redial Last Number:** Double-press the Play/Pause button.

Music Playback

- **Play/Pause:** Press the Play/Pause button once.
- **Next Track:** Press the Volume Up (+) button for 2 seconds.
- **Previous Track:** Press the Volume Down (-) button for 2 seconds.
- **Volume Up:** Short press the Volume Up (+) button.
- **Volume Down:** Short press the Volume Down (-) button.

Connectivity Options

- **AUX Mode:** Connect an audio device using a 3.5mm AUX cable to the speaker's AUX port. The speaker will automatically switch to AUX mode.
- **TF Card Mode:** Insert a TF (microSD) card with audio files into the designated slot. The speaker will automatically play music from the card.

MAINTENANCE

- Keep the speaker away from extreme temperatures, direct sunlight, and dust.
- Clean the speaker with a soft, dry cloth. Do not use harsh chemicals or abrasive materials.
- Avoid dropping the speaker or subjecting it to strong impacts.
- Ensure the charging port is dry before connecting the charging cable.
- When not in use for extended periods, store the speaker in a cool, dry place and charge it periodically to maintain battery health.

TROUBLESHOOTING

Problem	Possible Solution
Speaker does not power on.	Ensure the speaker is charged. Connect it to a power source and try again.

Problem	Possible Solution
Cannot pair with Bluetooth device.	- Ensure the speaker is in pairing mode. - Make sure Bluetooth is enabled on your device. - Move the speaker closer to your device. - Forget the speaker from your device's Bluetooth list and try pairing again.
No sound or low volume.	- Adjust the volume on both the speaker and your connected device. - Ensure the speaker is properly connected via Bluetooth, AUX, or TF card. - Check if the audio source is playing.
TWS pairing fails.	- Ensure both speakers are fully charged and not connected to any other device. - Power off both speakers and try the TWS pairing process again.
