MAINTENANCE

1. Cleaning

Wipe the device with a soft, dry cloth. Do not use harsh chemicals or abrasive cleaners. Ensure the charging port and other openings are free from dust and debris.

2. Battery Care

To prolong battery life, avoid fully discharging the battery frequently. Charge the device regularly, especially if it will not be used for an extended period. Store the device in a cool, dry place.

3. Water Resistance

The device is water resistant. However, avoid submerging it in water or exposing it to heavy rain for prolonged periods. Ensure all port covers are securely closed to maintain water resistance.

TROUBLESHOOTING

- Device does not power on:** Ensure the battery is charged. Connect the charger and try again. If the issue persists, contact support.
- No signal or poor connection:** Check if the SIM card is properly inserted. Ensure you are within network coverage. Move to an area with better signal.
- Unclear audio:** Verify that the microphone and speaker are not obstructed. Ensure the volume is adjusted appropriately. The device features enhanced noise reduction, but extreme environments may still affect clarity.
- Battery drains quickly:** Reduce screen brightness. Limit continuous use of the flashlight. Ensure no background applications are consuming excessive power.
