

## Aromadd U5B

# Aromadd U5B Smart Scent Machine Instruction Manual

Model: U5B | Brand: Aromadd

## 1. INTRODUCTION

The Aromadd U5B Smart Scent Machine is a waterless essential oil diffuser designed for large spaces up to 3500 square feet. It utilizes advanced cold air diffusion and two-fluid technology to atomize essential oils into fine particles, ensuring efficient and consistent fragrance distribution without the need for heat or water. This device offers personalized scent experiences through Bluetooth app control and can be used as a standalone unit or integrated with an HVAC system.

## 2. SAFETY INFORMATION

- Use essential oils responsibly.
- Keep the device and essential oils out of reach of children and pets.
- Ensure proper ventilation in the area where the diffuser is used.

- If you have sensitive skin or allergies, consult a healthcare professional before using essential oils with this device.

### 3. PACKAGE CONTENTS

Verify that all items are present in the package:

- Aromadd U5B Smart Scent Machine
- Essential Oil Bottle (600ml capacity)
- Power Adapter
- HVAC Connection Tube (for HVAC integration)
- User Manual (this document)

## 4. SETUP

### 4.1. Filling the Essential Oil Bottle

1. Unlock the device cover using the provided key or magnetic card.
2. Remove the empty essential oil bottle from the device.
3. Carefully fill the bottle with your preferred waterless essential oil. Do not dilute with water.
4. Securely reattach the atomizer head to the filled bottle.
5. Insert the filled bottle back into the device and close the cover, ensuring it is locked.

### 4.2. Power Connection

Connect the power adapter to the device and then plug it into a standard electrical outlet.

### 4.3. App Connection (Bluetooth)

Download the "Aromalink" app from your device's app store. Follow the in-app instructions to connect your Aromadd U5B Smart Scent Machine via Bluetooth for advanced control and scheduling.

Video 4.2: Professional tips to avoid common mistakes when installing your HVAC diffuser.

## 5. OPERATING INSTRUCTIONS

### 5.1. Basic Operation (Touch Panel)

The device features a simple touch panel for direct control:

- **Power Button:** Press to turn the device On or Off.
- **Mode/Settings:** Use the navigation buttons (up/down arrows) and 'ENT' button to adjust working modes, mist intensity, and timer settings directly on the device's display.
- **LED Light:** The LED light at the bottom can be turned off by pressing the designated light button if desired.

## LOVED BY 5.000.000+ FAMILIES

Who Use Aromadd Smart Scent Air Machine

**More affordable than others without sacrificing quality!**

The Aromadd 2024 upgrade is a solid choice if you're looking for an effective scent diffuser that doesn't break the bank. This is a must-have item if you are looking to elevate the atmosphere and feeling in your home. I never thought proper scents could really make a difference. This allows you to set timers and manage your use of the product which helps it go a long way. It is super easy to use. This is something we'll use from now on in our home.

★★★★★

**BEST DIFFUSER I'VE EVER BOUGHT!**

I am super happy with this new investment for my beauty salon, the clients love this smell that stays throughout the space, I am very satisfied with Aromadd! Through the app, I can control the mist output, set timers and decide whether I want the fan on/off. The app also lets me schedule the diffuser to turn on or off at specific times, which is incredibly convenient for maintaining a consistent aromatherapy routine. I highly recommend it!

★★★★★

**You definitely should buy one!**

I just loved my smart scent air machine. I was looking for a scent air machine that could cover all my living room, dining room and kitchen. It works great at spreading fragrance evenly throughout the room, and it's super easy to set up and use. Compared to other atomizers I've tried, this one offers a much better price without sacrificing quality. I'm extremely satisfied and highly recommend it for anyone looking to enhance their space.

★★★★★

**I'm so happy with my Aromadd**

This is a must-have item if you are looking to elevate the atmosphere and feeling in your home. I never thought proper scents could really make a difference. This allows you to set timers and manage your use of the product which helps it go a long way. I turn it on on my way home and when I get there, the house is deliciously smelling lavender! If you like your house smelling good like I do, you definitely should buy one!

★★★★★

### 5.2. App Control (Bluetooth)

For comprehensive control, use the Aromalink app:

- **Custom Schedules:** Set operating dates, specific times, mist intensity, working time, and rest time.

- **Remote Control:** Turn the device on/off, adjust fan speed, and change working modes from your smartphone.

Image 5.2: Smart Timer Function for scheduled operation via app.

### 5.3. Cold Air Diffusion Technology

The Aromadd U5B uses cold air diffusion, which atomizes essential oils without heat or water. This preserves the therapeutic properties of the oils and ensures a pure, consistent fragrance.

Video 5.3: Explanation of the cold air diffusion technology, highlighting its benefits over traditional mist diffusers.

## 6. MAINTENANCE

### 6.1. Cleaning

Regular cleaning helps maintain optimal performance:

- Turn off and unplug the device before cleaning.
- Wipe the exterior with a soft, dry cloth.
- For the essential oil bottle and atomizer head, gently clean with a small amount of rubbing alcohol if residue builds up. Ensure all parts are completely dry before reassembly.

### 6.2. Oil Refill

When the essential oil level is low, follow the instructions in Section 4.1 to refill the bottle. The 600ml capacity allows for extended use, up to 120 days, reducing the frequency of refills.

## 7. TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
No scent output	Oil bottle empty or improperly installed; atomizer clogged.	Refill oil bottle, ensure proper installation. Clean atomizer head.
Device not turning on	No power; device locked.	Check power connection. Ensure device is unlocked with key/magnetic card.
App not connecting	Bluetooth off; device out of range.	Ensure Bluetooth is enabled on your phone. Move closer to the device.
Inconsistent scent	Low oil level; incorrect settings.	Refill oil. Adjust mist intensity and working/rest times via app or touch panel.
