OMAC OPA Black (G005438)

OMAC Side Steps for Ford Maverick 2022-2024 User Manual

Model: OPA Black (G005438)

Brand: OMAC

PRODUCT OVERVIEW

The OMAC Side Steps are designed to enhance the functionality and appearance of your Ford Maverick 2022-2024. These running boards provide an easier entry and exit for passengers, offer side body protection, and add a stylish, aerodynamic look to your vehicle. Constructed from high-quality aluminum and reinforced with sturdy ABS, they are built for durability and resistance to various weather conditions.

KEY FEATURES

- **Vehicle Compatibility:** Specifically designed for Ford Maverick models from 2022 to 2024.
- **Durable Construction:** Made from high-quality aluminum and reinforced with sturdy ABS for long-lasting performance.
- **Functional Design:** Features an aerodynamic and non-slip surface for safe and easy vehicle access.
- **Enhanced Protection:** Provides additional side body protection for your vehicle.
- **Weather Resistance:** High resistance to all weather conditions, ensuring the product will not rust.

PACKAGE CONTENTS

Before beginning installation, please verify that all components are present and undamaged. The package typically includes:

- 2 x OMAC Side Steps (Left and Right)
- Mounting Brackets
- Hardware Kit (bolts, nuts, washers, etc.)
- Installation Instructions (this manual)

SETUP AND INSTALLATION

Professional installation is recommended for optimal results. If performing self-installation, ensure you have the necessary tools and follow these steps carefully. Refer to your vehicle's owner's manual for specific chassis points if needed.

Tools Required:

- Socket Wrench Set
- Torque Wrench
- Measuring Tape
- Safety Glasses
- Gloves

Installation Steps:

1. **Preparation:** Park the vehicle on a level surface and engage the parking brake. Ensure the vehicle is cool to the touch.
2. **Identify Mounting Points:** Locate the factory mounting points on the vehicle's chassis. These are typically pre-drilled holes along the rocker panel.
3. **Attach Brackets:** Securely attach the provided mounting brackets to the vehicle's frame using the supplied hardware. Ensure all bolts are hand-tightened initially.
4. **Position Side Steps:** Carefully lift each side step and align it with the attached mounting brackets.
5. **Secure Side Steps:** Attach the side steps to the brackets using the remaining hardware. Ensure proper alignment before fully tightening.
6. **Final Tightening:** Once both side steps are in place and aligned, progressively tighten all bolts to the manufacturer's specified torque settings. Do not overtighten.
7. **Inspect:** Double-check all connections to ensure they are secure and the side steps are firmly mounted.

OPERATING INSTRUCTIONS

The OMAC Side Steps are designed for ease of use and require no specific "operation" in the traditional sense. They function as a permanent fixture to assist with vehicle entry/exit and provide additional side protection.

- **Entry/Exit:** Use the side steps as a stable platform to step into or out of your Ford Maverick. The non-slip surface ensures secure footing.
- **Weight Capacity:** The side steps are designed to support significant weight. Refer to the specifications section for the maximum recommended load capacity (150 KG / 330 lbs). Avoid exceeding this limit.
- **Vehicle Protection:** The side steps act as a barrier against minor impacts from road debris or other vehicles, protecting the lower side panels of your Ford Maverick.

MAINTENANCE

Regular maintenance will ensure the longevity and appearance of your OMAC Side Steps.

- **Cleaning:** Clean the side steps regularly with mild soap and water. Avoid abrasive cleaners or harsh chemicals that could damage the finish. Rinse thoroughly and dry with a soft cloth.
- **Inspection:** Periodically inspect all mounting hardware for tightness. Vibrations from driving can sometimes loosen bolts over time. Re-tighten any loose fasteners to the specified torque.
- **Damage Check:** Check for any signs of damage, such as dents, cracks, or corrosion. Address any issues promptly to prevent further deterioration.

TROUBLESHOOTING

This section addresses common issues you might encounter with your OMAC Side Steps.

Problem	Possible Cause	Solution
Side step feels loose or wobbly.	Mounting bolts are loose.	Inspect all mounting bolts and re-tighten them to the recommended torque specifications.
Unusual noise coming from the side step.	Loose hardware or contact with other vehicle components.	Check all mounting points for tightness. Ensure no part of the side step or brackets is rubbing against the vehicle's undercarriage.
Corrosion or discoloration on the surface.	Exposure to harsh chemicals or lack of regular cleaning.	Clean the surface with mild soap and water. Avoid using strong acidic or alkaline cleaners. For persistent stains, consult a professional automotive detailing service.

SPECIFICATIONS

- **Model:** OPA Black
- **Part Number:** G005438
- **Compatibility:** Ford Maverick 2022-2024
- **Material:** High-quality Aluminum, reinforced with ABS
- **Color:** Black
- **Product Dimensions:** 79 x 5 x 5 inches (200.66 x 12.7 x 12.7 cm)
- **Item Weight:** 30.6 pounds (13.88 kg)
- **Max Load Capacity:** 150 KG / 330 lbs
