FITUEYES Zen Series Soundbar Mounting Bracket Instruction Manual

Model: b4038ed1-6dd9-4015-a6bb-0743460a0456

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your FITUEYES Zen Series Soundbar Mounting Bracket. This bracket is specifically designed to integrate with FITUEYES Zen Series TV Stands, offering a secure and adjustable solution for mounting your soundbar.

Please read these instructions carefully before installation and retain this manual for future reference.

SETUP AND INSTALLATION

This soundbar mounting bracket is designed for exclusive use with FITUEYES Zen Series TV Stands. Ensure your TV stand is a Zen Series model for proper compatibility and installation.

Step 1: Prepare the TV Stand

Ensure your FITUEYES Zen Series TV Stand is fully assembled and stable. Identify the designated mounting points on the stand's central column for the soundbar bracket.

Figure 3: Example of a FITUEYES Zen Series TV Stand, compatible with this soundbar bracket.

Step 2: Attach the Bracket to the TV Stand

1. Align the soundbar bracket with the pre-drilled holes on the central column of your Zen Series TV stand.
2. Secure the bracket using the provided screws and hardware. Ensure all connections are tight and secure.

Step 3: Mount the Soundbar

1. Apply the EVA protective padding to the contact surfaces of the bracket where the soundbar will rest. This prevents scratches and reduces vibration.
2. Carefully place your soundbar onto the bracket. Ensure it is centered and stable.
3. If your soundbar has mounting points, use the additional hardware (if provided and compatible) to secure it to the bracket.

Figure 4: Detail of EVA padding for soundbar protection.

OPERATING INSTRUCTIONS

Height Adjustment

The soundbar bracket offers infinite height adjustment from 1.96 inches (50mm) to 27.55 inches (700mm) from the base of the TV stand. This allows you to position your soundbar optimally below your television for the best audio experience.

1. To adjust the height, loosen the securing screws on the bracket that connect it to the TV stand's column.
2. Carefully slide the soundbar and bracket assembly up or down to your desired height.
3. Once the desired height is achieved, firmly tighten all securing screws to lock the bracket in place.

Figure 5: Height adjustment range from 50mm to 700mm.

Cable Management

The bracket is designed to integrate with the cable management system of your Zen Series TV stand. Utilize the built-in cable channels to route your soundbar's power and audio cables, ensuring a clean and organized setup.

1. Gather all cables connected to your soundbar.
2. Route the cables through the designated openings and channels on the soundbar bracket and the TV stand's column.
3. Secure cables with ties or clips if necessary to prevent tangling and maintain a tidy appearance.

Figure 6: Cable management through the TV stand column.

MAINTENANCE

- **Cleaning:** Wipe the bracket with a soft, dry cloth. Avoid abrasive cleaners or solvents that may damage the finish.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight and secure. Retighten if necessary.
- **EVA Padding:** Ensure the EVA padding remains in place and provides adequate protection for your soundbar. Replace if worn or damaged.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Soundbar feels unstable.	Screws are loose; soundbar not centered; weight exceeds capacity.	Ensure all mounting screws are tightened. Center the soundbar. Verify soundbar weight is within 14 lbs (6.5 kg).
Bracket does not fit the TV stand.	TV stand is not a FITUEYES Zen Series model.	This bracket is designed exclusively for FITUEYES Zen Series TV Stands. Confirm your TV stand model.
Cables are messy.	Cables not routed through management channels.	Utilize the integrated cable management features of the TV stand and bracket. Use cable ties if needed.

SPECIFICATIONS

Brand	FITUEYES
