## 2. Safety Information

- **Anti-Tip Kit:** Always attach the cat tree to the wall using the included anti-tip kit for enhanced stability and safety, especially in multi-cat households or with active cats.
- **Regular Inspection:** Periodically inspect the cat tree for any signs of wear, loose parts, or damage. Repair or replace damaged components immediately to ensure continued safety for your pets.
- **Material Integrity:** If your cat begins to chew or ingest any part of the cat tree, remove the affected piece and keep it out of reach to prevent choking hazards or digestive issues.
- **Placement:** Place the cat tree on a flat, stable surface away from windows, heating vents, or other potential hazards.
- **Children and Pets:** Ensure children are supervised when near the cat tree. This product is designed for feline use only and is not intended for human climbing.

## Up to 100% Stability & Safety

- **13** Extra-Thick Posts for Superior Support
- **Double-Layer** Thickened Base
- Well-Balanced Design to Prevent Tilting and Shaking

## 5. Operating Instructions (Usage)

The MUTTROS Cat Tree offers multiple features designed for your cat's enjoyment and well-being:

- **Scratching Posts:** The 13 extra-thick sisal-wrapped posts are designed to satisfy your cat's natural scratching instincts, helping to maintain claw health and protect your furniture.
- **Multi-Level Platforms:** Cats can climb, jump, and explore the various platforms, promoting physical activity.
- **Cozy Resting Spots:** The spacious condo, oversized hammocks, and top perch provide comfortable areas for napping and relaxation.
- **Play Features:** Integrated toys (e.g., dangling balls) encourage playful interaction.

# ↑ 70% Enlarged Resting Spots

## 6. Maintenance

- **Cleaning:** The plush surfaces can be vacuumed regularly to remove cat hair and dust. Spot clean any soiled areas with a damp cloth and mild, pet-safe cleaner. Allow to air dry completely.
- **Sisal Posts:** The sisal scratching posts are durable but will show wear over time. Monitor their condition and replace if they become excessively frayed or damaged.
- **Structural Check:** Periodically check all screws and connections to ensure they remain tight. Re-tighten if necessary to maintain stability.

## 7. Troubleshooting

- **Instability:** If the cat tree feels wobbly, ensure all screws are tightened and that the anti-tip kit is correctly installed and secured to a wall stud. Verify the tree is on a flat, level surface.
- **Parts Missing/Damaged:** If you find any parts missing or damaged upon unboxing, please contact MUTTROS customer support for assistance.
- **Cats Not Using Tree:** Encourage use by placing treats, catnip, or familiar toys on different levels.

Ensure the tree is in a location your cat feels safe and comfortable.
