Plithzy BB-GN4638-3PCS

Plithzy Breathing Leather Power Recliner Sofa Set Instruction Manual

Model: BB-GN4638-3PCS

INTRODUCTION

Thank you for choosing the Plithzy 3 Piece Living Room Furniture Set. This set includes a power recliner sofa, a power recliner loveseat, and a power recliner chair, designed for comfort and convenience. It features breathing leather upholstery, power reclining functionality, LED lighting, USB charging ports, wireless charging, cup holders, and integrated storage. This manual provides detailed instructions for assembly, operation, maintenance, and troubleshooting to ensure optimal use and longevity of your furniture.

SAFETY INFORMATION

Always follow the assembly instructions carefully to avoid injury. Be aware of the weight and height of the product to prevent tip-overs. Keep electrical components away from water and never leave the power recliner unattended while in use.

- Ensure all electrical connections are secure and away from liquids.
- Do not allow children or pets to play on or around the reclining mechanism.
- Keep hands and feet clear of moving parts during operation.
- Distribute weight evenly when sitting or reclining.
- Avoid placing heavy objects on the backrest when reclined.

PRODUCT OVERVIEW

The Plithzy Living Room Furniture Set offers a blend of comfort and modern features. Below are the key components and their functions.

Key Features:

- **Power Reclining Function:** Electric power function allows the backrest to tilt back from 110-160° for personalized comfort.

- **Armrest with Cup Holders & Storage:** Integrated cup holders on both armrests and hidden storage compartments for small items.
- **Drop Down Table with Charging Station:** The middle backrest of the 3-seater sofa features a one-touch reading light, wireless charging panel, and two additional cup holders.
- **Ambient LED Lighting:** A striking LED floor strip on the bottom of the reclining units illuminates your living space, creating a home theater ambiance.
- **USB Charging Ports:** Convenient USB ports are available for charging mobile devices.
- **Quality Construction:** Made with breathing leather fabric, high-density sponge, durable springs, and a solid wood frame for lasting support and comfort.

Product Dimensions:

SETUP INSTRUCTIONS

Assembly of your Plithzy recliner set is designed to be straightforward. It is recommended to have two people for assembly due to the size and weight of the components.

1. **Unpack Components:** Carefully remove all parts from the packaging. Ensure all components listed in the packing list are present. Keep packaging materials until assembly is complete.
2. **Attach Backrests:** Slide the backrests onto the metal posts located on the base of each seating unit (sofa, loveseat, chair). Ensure they click securely into place.
3. **Connect Electrical:** Locate the power cords for each unit. Connect the power supply to the designated ports on the underside of the furniture. Plug the power adapter into a standard wall outlet.
4. **Verify Connections:** Double-check all connections for security and proper alignment.
5. **Test Functions:** Once assembled, test the power recline, LED lights, USB ports, and wireless charging features to ensure they are working correctly.

Note: Specific assembly details may vary. Refer to the included assembly instructions for your particular model.

OPERATING INSTRUCTIONS

Power Reclining Function:

To recline, locate the power button on the side of the armrest. Press and hold the button to smoothly adjust the backrest and footrest to your desired position (between 110° and 160°). Release the button to stop at any point. To return to the upright position, press and hold the button in the opposite direction.

LED Ambient Lighting:

The LED strip light located at the bottom of the furniture can be activated via a dedicated button, usually found near the power recline controls or on the drop-down table. Press the button to turn the lights on or off.

USB Charging Ports:

Connect your USB charging cable to the USB port located on the side of the armrest or on the drop-down table. Ensure the furniture is plugged into a power source for charging functionality.

Wireless Charging Panel (3-Seater Sofa):

For the 3-seater sofa, a wireless charging panel is integrated into the drop-down table. Place your compatible smartphone or device directly onto the charging pad to initiate wireless charging. Ensure the device is centered on the pad for optimal charging.

Cup Holders and Storage:

Utilize the cup holders in the armrests and the drop-down table for beverages. The hidden storage compartments in the armrests can be opened by lifting the lid, providing space for remote controls, magazines, or other small items.

MAINTENANCE

Cleaning Breathing Leather:

- **Regular Cleaning:** Dust the surface regularly with a soft, dry cloth.
- **Spot Cleaning:** For spills, immediately blot with a clean, dry cloth. For stubborn stains, use a mild soap solution (e.g., diluted dish soap) on a damp cloth, then wipe with a clean, damp cloth and dry thoroughly. Avoid abrasive cleaners or harsh chemicals.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading and drying of the material.
- **Keep Away from Heat Sources:** Position furniture away from radiators, fireplaces, and other heat sources to prevent material damage.

General Care:

- **Check Connections:** Periodically check all electrical connections and ensure they are secure.
- **Mechanism Lubrication:** The reclining mechanism is generally maintenance-free, but if you notice any squeaking or stiffness, a silicone-based lubricant can be applied to moving parts (consult a professional if unsure).
- **Weight Limits:** Adhere to the recommended weight limits for each seating position to prevent damage to the frame and mechanism.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Recliner does not operate.	Power cord unplugged or loose. No power to outlet.	Ensure power cord is securely plugged into both the furniture and the wall outlet. Check if the outlet is functional by plugging in another device.
LED lights are not turning on.	LED power button not pressed. Loose connection.	Press the LED light button. Check the electrical connections for the LED strip.
USB port or wireless charger not working.	Furniture not powered. Device incompatibility.	Ensure the furniture is plugged in. Verify your device is compatible with wireless charging. Try a different USB cable or device.
Recliner mechanism is stiff or noisy.	Lack of lubrication or obstruction.	Inspect the mechanism for any obstructions. A small amount of silicone lubricant can be applied to pivot points if necessary.
