## Boxing HU-803

# BOXING HU-803 6L Warm & Cool Mist Humidifier Instruction Manual

**MODEL: HU-803**

**Brand: Boxing**

## INTRODUCTION

This manual provides detailed instructions for the safe and efficient operation of your BOXING HU-803 6L Warm & Cool Mist Humidifier. Designed for large rooms, bedrooms, and plant care, this humidifier features remote control, auto mode, top-fill design, sleep mode, timer functions, and an essential oil tray, offering up to 60 hours of continuous operation. Please read this manual thoroughly before use and retain it for future reference.

## SETUP

Before first use, ensure all packaging materials are removed. Place the humidifier on a flat, stable, and water-resistant surface. Ensure it is away from walls, furniture, and electronic devices to allow for proper mist dispersion.

### Filling the Water Tank

The BOXING HU-803 features an easy top-fill design. Simply lift the tank cover and pour water directly into the tank. It is recommended to use distilled water or filtered water to minimize white dust accumulation, which is caused by minerals in tap water. Do not fill water over the maximum water line indicated on the tank.

Image: The BOXING HU-803 humidifier with its top-fill design, showing water being poured into the tank. The transparent tank allows visibility of the water level.

# How to Avoid White Dust

## Q: Where does the white dust come from?

White dust comes from tap water (with high water hardness).

Ultrasonic humidifiers turn water into mist, minerals being released as white dust along with it.

## Q: How can I avoid white dust?

We recommend using distilled water or a pitcher with a filter to remove minerals from tap water.

Image: A visual guide explaining that white dust originates from minerals in tap water and recommends using distilled or filtered water to prevent it.

### Power Connection

Plug the power cord into a suitable electrical outlet. The unit is now ready for operation.

## OPERATING INSTRUCTIONS

The humidifier can be operated using the touch control panel on the unit or the included remote control.

### Power On/Off

Press the power button on the control panel or the remote control to turn the humidifier on or off.

### Mist Level Adjustment (Cool/Warm Mist)

The humidifier offers both cool and warm mist options. Press the respective cool mist or warm mist button on the control panel or remote to select your desired mist type. Repeatedly pressing the button will cycle through different mist output levels (low, medium, high).

# Instant Relief with **Spring-Like Warm Moisture**

No more worries about dry nose or throat or sinuses, experience smooth sleep with BOXING.

Note: The temperature of the mist on nozzle is up to 113°F, no need to worry about burn risk.

## Auto Mode

Activate Auto Mode by pressing the 'A' button on the control panel or remote. In this mode, the smart sensor continuously monitors and adjusts humidity levels to maintain your ideal setting, typically between 40% and 60% Relative Humidity (RH).

# Let Auto Mode Set You Free

Set your ideal humidity and let the auto mode helps to monitor your home air quality. Just enjoy your family time!

## Sleep Mode

Press the Sleep Mode button on the remote control to activate. This mode turns off all LED lights on the display for an undisturbed night. The humidifier continues to operate quietly without light interruptions.

# Undisturbed Peaceful Sleep

Image: A child sleeping soundly in a bedroom, with the humidifier running in a quiet sleep mode, indicated by the absence of bright display lights.

## Timer Function

Use the timer button on the remote control to set an operating duration. The timer can be set to match your routine, allowing the humidifier to automatically turn off after a set period.

## Stay Comfy, Control It with Just a Click of Remote

Image: A close-up of the humidifier's remote control, highlighting buttons for power, auto mode, cool mist, warm mist, timer, and sleep mode.

### Essential Oil Tray

For soothing ambiance, locate the essential oil tray at the back of the base. Pull it out, add a few drops of your favorite essential oil to the aroma pad, and then push the tray back into the humidifier. The mist will then carry the aroma into the room.

# Meet Wellness with Ambiance

## MAINTENANCE

Regular cleaning and maintenance are essential for optimal performance and longevity of your humidifier.

### Cleaning the Water Tank

To prevent mineral buildup and ensure clean mist, clean the water tank regularly. The top-fill design and wide opening facilitate easy access for cleaning. Use a soft cloth and mild detergent, then rinse thoroughly.

### Avoiding White Dust

White dust is caused by minerals in hard tap water. To minimize this, use distilled or demineralized water. The humidifier includes filters to help reduce mineral content.

## TROUBLESHOOTING

- **No Mist Output:** Check if the water tank is properly seated and filled. Ensure the unit is powered on.
- **Excessive White Dust:** Switch to distilled or demineralized water. Clean the tank and transducer regularly to remove mineral buildup.
- **Unusual Odor:** Clean the water tank and replace the water. If using essential oils, ensure the aroma pad is clean.
- **Unit Not Responding to Remote:** Ensure the remote has working batteries. The package includes an extra screw for the remote for battery compartment security.
- **Automatic Shut-off:** The humidifier features an automatic shut-off when the water level is low. Refill the tank to resume operation.

## SPECIFICATIONS

Feature	Detail
Brand	Boxing
Model Name	Ultrasonic Warm and Cool Mist Humidifier
Item Model Number	HU-803
Capacity	6 Liters
Operation Mode	Ultrasonic
Special Features	6-Liters Capacity, Humidistat, Remote Control, Top-Fill, Timer, Aroma Diffuser, Warm and Cool Mist for Instant and Healthy Relief
Color	Transparent Black
Floor Area Coverage	600 Square Feet
Product Dimensions	7.09"D x 8.27"W x 15.12"H
Voltage	120 Volts (AC)
Wattage	27 watts
Item Weight	5.3 pounds
Included Components	1 x 6L Ultrasonic Warm and Cool Mist Humidifier, 3 x Aroma Pads (1 Pre Installed), 3 x Filter (1 Pre Installed), Remote Control
BPA-Free Materials	Yes
