## Miracase 086-JP

# Miracase Car Phone Holder (Model 086-JP)

Instruction Manual

## 1. PRODUCT OVERVIEW

---

The Miracase Car Phone Holder, Model 086-JP, is designed to securely mount your smartphone to your vehicle's air vent. It features an upgraded dual steel hook for enhanced stability, 360-degree rotation for optimal viewing angles, and a quick-release mechanism for convenient one-handed operation. This holder is compatible with a wide range of smartphones from 4.0 to 7.0 inches, including those with thick cases.

## 2. PACKAGE CONTENTS

---

- Phone Clip (1)
- Vent Clip (1)
- Instruction Manual (1)

## 3. INSTALLATION GUIDE

---

Follow these steps to install your Miracase Car Phone Holder:

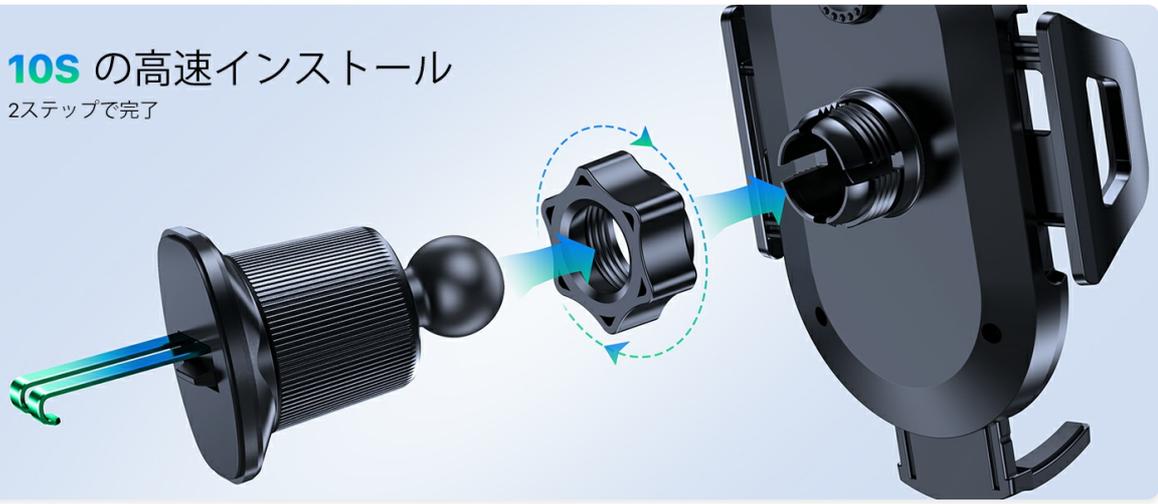

- 1. Assemble the Holder:** Unscrew the nut from the phone clip. Place the phone clip onto the ball joint of the vent clip. Push until you hear a "click" sound, ensuring the ball is securely inserted into the adjustable clamp head.
- 2. Secure the Nut:** Tighten the nut clockwise to firmly secure the phone clip to the ball joint.
- 3. Adjust the Hook:** Rotate the adjustment knob on the vent clip to extend the hook to an appropriate length.
- 4. Mount to Air Vent:** Insert the hook of the vent clip into your car's air vent. Ensure the hook is facing downwards.
- 5. Lock into Place:** Tighten the nut on the vent clip. This action retracts the hook, causing it to firmly grip the vent blade.

**Image:** Illustration demonstrating compatibility with horizontal and vertical air vents. Shows examples of compatible vent types (green checkmarks) and incompatible circular vent types (red crosses).

## 4. OPERATING INSTRUCTIONS

Using your Miracase Car Phone Holder is simple and intuitive:

- 1. Insert Phone:** Gently press the quick-release button located on the top of the holder's backrest to open the zipper arms. Place your smartphone into the holder. The arms will automatically clamp to secure your phone.
- 2. Adjust Viewing Angle:** The spherical joint allows for 360-degree rotation. Adjust your phone to the ideal position and angle (portrait or landscape) for navigation or hands-free calls without obstructing your view.
- 3. Remove Phone:** Press the quick-release button again to open the arms and retrieve your phone.

**Image:** Detail of the quick-release button on the back of the phone holder, indicating its function for one-handed operation.

**Image:** Illustration showing the 360-degree rotation capability of the phone holder, allowing for flexible viewing angles.

**Image:** Close-up view of the bottom clip, showing the space provided for a charging cable to pass through, enabling convenient charging while mounted.

## 5. KEY FEATURES

---

- **Enhanced Stability:** Upgraded dual steel hook design ensures the holder remains securely attached to the air vent, preventing detachment even on bumpy roads.
- **One-Handed Operation:** Quick-release button allows for effortless insertion and removal of your smartphone with a single hand.
- **360-Degree Rotation:** Spherical joint enables full rotation for optimal portrait or landscape viewing angles.
- **Comprehensive Phone Protection:** Sponge mats on side and bottom clips protect your phone from scratches and ensure a firm grip.
- **Charging Port Access:** Thoughtful design includes space for a charging cable, allowing convenient power access while your phone is mounted.

## 7. MAINTENANCE

To ensure the longevity and optimal performance of your Miracase Car Phone Holder, follow these simple maintenance tips:

- **Cleaning:** Wipe the holder regularly with a soft, damp cloth to remove dust and grime. Avoid using harsh chemicals or abrasive cleaners.

- **Vent Blades:** Periodically check your car's air vent blades for any damage or debris that might affect the holder's grip.
- **Storage:** If not in use for an extended period, store the holder in a cool, dry place away from direct sunlight.

## 8. TROUBLESHOOTING

---

Problem	Possible Cause	Solution
Holder is not stable/falls off vent.	Hook not fully engaged or vent type is incompatible.	Ensure the nut is tightened to fully retract the hook and grip the vent blade. Verify your vent is horizontal or vertical, not circular.
Phone does not fit or is loose.	Phone size outside 4.0-7.0 inch range or quick-release button not fully pressed.	Check phone dimensions. Ensure the quick-release button is pressed to fully open the arms before inserting the phone.
Difficulty rotating the phone.	Nut securing the ball joint is too tight.	Slightly loosen the nut that connects the phone clip to the vent clip to allow for smoother rotation. Retighten once the desired angle is set.

## 9. SPECIFICATIONS

---

- **Model Number:** 086-JP
- **Brand:** Miracase
- **Color:** Black
- **Material:** Plastic, Steel
- **Mounting Type:** Air Vent
- **Compatible Phone Size:** 4.0 - 7.0 inches
- **Features:** 360-degree rotation, One-handed operation, Dual steel hook
- **Dimensions (Package):** 12.5 x 8.2 x 6.4 cm
- **Weight (Package):** 110 g

## 10. WARRANTY AND SUPPORT

---

Miracase offers comprehensive support for your product:

- **Warranty:** 90-day exchange or refund policy from the date of purchase.
- **Technical Support:** Lifetime technical support is available.
- **Contact:** For any product issues or inquiries, please contact our customer service. We commit to responding within 24 hours and providing a satisfactory solution.
