## FENNIO B0DHD7CBHX

# FENNIO 80" x 36" LED Full Length Mirror Instruction Manual

Model: B0DHD7CBHX

## 1. PRODUCT OVERVIEW

The FENNIO 80" x 36" LED Full Length Mirror is designed to provide bright, clear illumination for various personal care and styling needs. Featuring dimmable, multi-color LED lighting and a durable aluminum frame, this mirror offers both functionality and a modern aesthetic for bedrooms, salons, or dressing areas. It can be used free-standing or wall-mounted.

FENNIO 80" x 36" LED Full Length Mirror with lights, showcasing its oval shape and illuminated border.

## 2. KEY FEATURES

- **Enhanced Lighting:** Built-in LED lights provide bright and clear illumination.
- **Adjustable Brightness:** Dimmable lighting allows for customization from 10% to 100% brightness.
- **Versatile Placement:** Can be used as a free-standing mirror or wall-mounted.
- **Multi-Color Lighting:** Three color options (warm, cool, and neutral) to suit personal preferences.
- **Sleek and Durable Design:** Features an aluminum frame and tempered glass for long-lasting durability and safety.

Visual summary of key features including 3-color lighting, smooth dimming, shatter-proof tempered glass, smart touch control, HD imaging, and a 9mm anti-rust aluminum frame.

### 3. SETUP INSTRUCTIONS

#### Unpacking and Inspection

1. Carefully open the packaging. The mirror is protected by reinforced styrofoam and EVA corner guards.
2. Remove all packaging materials and inspect the mirror for any signs of damage.
3. Ensure all included accessories are present: AC Adapter and Wall Mounting Hardware (screws, anchors, mounting bar).

Illustration of FENNIO's safe packing technology, featuring reinforced styrofoam, a styrofoam box for stability, and EVA corner guards for protection during transit.

## Placement Options

The FENNIO LED Full Length Mirror offers two installation methods:

### Free-Standing Installation:

- Simply unfold the integrated stand at the back of the mirror.
- Place the mirror in your desired location on a flat, stable surface.

### Wall-Mounted Installation:

For wall mounting, drilling will be needed. The mirror can be installed vertically or horizontally.

1. Measure and mark the desired position for the mounting bar on the wall. Ensure it is level.
2. Drill pilot holes at the marked locations.
3. Insert wall anchors into the pilot holes (if necessary for your wall type).

4. Secure the mounting bar to the wall using the provided screws.
5. Carefully hang the mirror onto the mounting bar, ensuring it is securely seated.

### Power Connection

Connect the provided AC adapter to the mirror's power input and then plug it into a standard electrical outlet.

## 4. OPERATING INSTRUCTIONS

The FENNIO LED Full Length Mirror features smart touch controls for easy operation.

### Power On/Off

- Locate the touch sensor on the mirror surface.
- **Short Press:** Tap the touch sensor once to turn the LED lights on or off.

### Adjusting Brightness

- When the lights are on, **Long Press:** Touch and hold the sensor to smoothly adjust the brightness level from 10% to 100%. Release when the desired brightness is reached.

Image demonstrating the three adjustable lighting modes: Cool White, Natural White, and Warm Yellow, suitable for various environments like salons.

## 5. MAINTENANCE

### Cleaning the Mirror Surface

- Use a soft, lint-free cloth and a non-abrasive glass cleaner.
- Spray the cleaner onto the cloth, not directly onto the mirror, to avoid liquid seeping into the electrical components.
- Wipe the mirror surface gently until clean and streak-free.

### Cleaning the Frame

- Wipe the aluminum frame with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.

## Safety Precautions

- The mirror features tempered, shatter-proof glass for enhanced safety.
- Always unplug the mirror before cleaning or performing any maintenance.
- Do not expose the mirror to excessive moisture or direct water spray.
- Keep the power cord away from heat sources and sharp objects.

## FENNIO SAFE PACKING TECHNOLOGY

Sturdy packaging with corner guards and 3-layer styrofoam protection

Comparison image highlighting the tempered, unbreakable, and shatter-proof glass of the FENNIO mirror versus a standard mirror.

## 6. TROUBLESHOOTING

### LED Lights Not Working

- **Check Power Connection:** Ensure the AC adapter is securely plugged into both the mirror and a working electrical outlet.

- **Test Outlet:** Plug another device into the outlet to confirm it is receiving power.
- **Reset:** Unplug the mirror for a few minutes, then plug it back in and try turning on the lights again.

Lights Flickering or Dimming Unexpectedly

- **Power Fluctuation:** Ensure the power supply is stable.
- **Adapter Check:** Verify the AC adapter is not damaged. If you notice any unusual sounds (e.g., sizzling) or smells from the adapter or cord, immediately unplug the mirror and discontinue use. Contact customer support for assistance.

Touch Sensor Unresponsive

- **Clean Surface:** Ensure the mirror surface and touch sensor area are clean and dry. Residue can interfere with sensor functionality.
- **Power Cycle:** Unplug the mirror, wait 30 seconds, then plug it back in to reset the sensor.
