NovelGoal Neck Strap Shoulder Lanyard User Manual

For MAVC 3 Pro Remote Controller Drone Accessories

INTRODUCTION

This manual provides essential information for the proper use and maintenance of your NovelGoal Neck Strap Shoulder Lanyard. Designed for the MAVC 3 Pro Remote Controller, this accessory allows for hands-free operation and secure carrying of your remote, enhancing convenience during drone operation.

PRODUCT OVERVIEW

The NovelGoal Neck Strap is a durable and adjustable lanyard featuring high-strength metal hooks for secure attachment to your remote controller. Its design prioritizes comfort and reliability.

SMOOTH FABRIC,SOFT TOUCH

• • •
Lightweight, breathable, comfortable to wear

Illustration highlighting the smooth and soft fabric of the lanyard, designed for comfortable wear.

STURDY ROPE BODY

• • •
Not easily broken by swinging, with good load-bearing effect

Image demonstrating the sturdy construction of the lanyard, capable of bearing the weight of a remote controller without breaking.

Key Features:

- **Adjustable Length:** The lanyard features a free adjustable buckle, allowing length customization from 34cm to 59cm.
- **Durable Construction:** Made with a strong rope body and high-strength metal hooks for reliability.
- **Comfortable Material:** Silky, breathable fabric ensures comfort during extended use.
- **Double Hook Design:** Provides balanced support and stability for the remote controller.

SETUP

Follow these steps to properly attach the neck strap to your MAVC 3 Pro Remote Controller:

1. **Identify Attachment Points:** Locate the two attachment points on your MAVC 3 Pro Remote Controller. These are typically small loops or holes designed for lanyards.
2. **Attach Hooks:** Open the metal hooks on each end of the NovelGoal neck strap. Carefully attach one hook to

each designated attachment point on the remote controller. Ensure the hooks are fully closed and secure.

3. **Verify Security:** Gently tug on the strap to confirm that both hooks are firmly attached and will not detach during use.

GRAFFITI DOUBLE HOOK HANGING ROPE

HIGH STRENGTH METAL HOOK

• • •

Durable and sturdy, not easily broken or detached

Close-up of the high-strength metal hook, illustrating its durable construction and 360-degree rotation capability for flexible attachment.

OPERATING

Once the neck strap is securely attached to your remote controller, you can begin using it:

1. **Wear the Lanyard:** Place the neck strap around your neck, ensuring the remote controller hangs comfortably in front of you.
2. **Adjust Length:** Use the adjustable buckle to customize the length of the lanyard. Slide the buckle up or down until the remote controller rests at a comfortable and accessible height for operation.
3. **Hands-Free Use:** The lanyard allows you to operate your drone with both hands on the controller, or to temporarily release the controller without dropping it.

FREE ADJUSTMENT BUCKLE

• • •

the length can be adjusted as you need

Image showing a user adjusting the length of the lanyard using the free adjustment buckle for optimal comfort.

MAINTENANCE

To ensure the longevity and cleanliness of your NovelGoal Neck Strap, follow these maintenance guidelines:

- **Cleaning:** The fabric part of the lanyard can be machine washed. Use a gentle cycle with cold water and mild detergent.
- **Drying:** Air dry the lanyard completely before re-attaching it to your remote controller. Avoid direct sunlight or high heat, which may damage the fabric or metal components.
- **Inspection:** Periodically inspect the fabric for any signs of wear, fraying, or damage. Check the metal hooks for any deformation or signs of corrosion. Discontinue use if significant damage is observed.

TROUBLESHOOTING

This section addresses common concerns you might encounter with your neck strap.

Problem	Possible Cause	Solution
Lanyard feels uncomfortable or too long/short.	Incorrect length adjustment.	Adjust the length using the free adjustable buckle until a comfortable position is achieved.
Remote controller feels unstable or might fall.	Hooks not securely attached or damaged.	Ensure both metal hooks are fully closed and securely latched onto the remote controller's attachment points. Inspect hooks for damage.
Fabric appears dirty.	Accumulation of dirt from use.	Machine wash the fabric on a gentle cycle with cold water and mild detergent. Air dry thoroughly.
