# Bell+Howell Chelsea Cordless LED Table Lamp User Manual

Model: Chelsea | Item Number: 6437

## 1. PRODUCT OVERVIEW

---

The Bell+Howell Chelsea Cordless LED Table Lamp is a versatile and portable lighting solution designed for various indoor settings. It features touch activation, three distinct light color modes (warm, white, and daylight), and dimmable brightness. Its cordless and rechargeable design offers flexibility and convenience.

## 2. PACKAGE CONTENTS

---

Upon opening your product package, please ensure all items listed below are present and in good condition:

- 2 x Bell+Howell Chelsea Cordless LED Table Lamps
- 2 x USB-C Charging Cables (approximately 31.5 inches each)
- User Manual (this document)

## 3. SETUP

---

### 3.1 Initial Charging

1. Locate the USB-C charging port on the base of the lamp.
2. Connect the provided USB-C cable to the lamp's charging port.
3. Connect the other end of the USB-C cable to a compatible USB power adapter (not included) or a powered USB port.
4. Allow the lamp to charge fully before first use. A charging indicator light (if present) will typically

change color or turn off when charging is complete.

## Use Anywhere

## 4. OPERATING INSTRUCTIONS

### 4.1 Power On/Off and Light Color Selection

The lamp features a touch-activated control located on the top surface.

1. To turn the lamp **on**, gently tap the top surface once. The lamp will illuminate in its last used setting or a default warm light.
2. To cycle through the three light color modes (Warm, White, Natural Daylight), tap the top surface repeatedly.
3. To turn the lamp **off**, continue tapping until the light extinguishes, or tap and hold for a few seconds.

## Tap to Turn On

# 3 Different Light Settings

Image: Three Bell+Howell Chelsea Cordless LED Table Lamps, each displaying one of the three available light settings: White, Warm, and Natural Daylight.

## 4.2 Adjusting Brightness (Dimming)

The lamp features a stepless dimming function, allowing you to adjust the brightness within each light color mode.

1. With the lamp on, press and hold your finger on the top touch surface.
2. The brightness will gradually increase or decrease. Release your finger when the desired brightness level is reached.
3. To reverse the dimming direction, release and press and hold again.

## Brighten & Dim

Adjust the brightness by tapping and holding down until it reaches your desired mode.

### 4.3 Placement and Portability

The lightweight and cordless design allows for flexible placement. The lamp is intended for indoor use.

- Place the lamp on any flat, stable surface.
- Its portability makes it suitable for bedrooms, desks, kitchen counters, dining tables, or living room accent lighting.

## 5. MAINTENANCE

### 5.1 Cleaning

To maintain the appearance and functionality of your lamp:

- Ensure the lamp is turned off and disconnected from any charging source before cleaning.
- Wipe the lamp's exterior with a soft, dry, or slightly damp cloth.
- Do not use abrasive cleaners, solvents, or harsh chemicals, as these may damage the finish.
- Avoid getting moisture into the charging port or light components.

### 5.2 Storage

When not in use for extended periods, store the lamp in a cool, dry place away from direct sunlight and extreme temperatures. Ensure the battery is partially charged (around 50%) before storage to prolong

battery life.

## 6. TROUBLESHOOTING

---

If you encounter issues with your Bell+Howell Chelsea Cordless LED Table Lamp, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Lamp does not turn on.	Battery is depleted.	Charge the lamp using the provided USB-C cable and a compatible power source. Ensure the charging indicator light activates.
Light is dim or flickers.	Low battery or lamp is in a dim setting.	Fully charge the lamp. If already charged, tap and hold the top surface to increase brightness.
Cannot change light color.	Incorrect tapping action.	Ensure you are tapping the top surface briefly to cycle through modes, not pressing and holding (which activates dimming).
Lamp does not respond to touch.	Internal malfunction or severe battery depletion.	Ensure the lamp is fully charged. If the issue persists, contact customer support.

## 7. SPECIFICATIONS

---

Feature	Detail
Brand	Bell+Howell
