Piskyet Elevated Dog Bowls Instruction Manual

Model: GWJ-H400

INTRODUCTION

The Piskyet Elevated Dog Bowl Stand is designed to provide a comfortable and healthy feeding solution for your pet. This farmhouse-style stand helps improve your dog's posture and digestion by raising their food and water bowls to a suitable height. Constructed with durable materials, it offers a long-lasting and hygienic feeding area that complements your home decor.

PRODUCT OVERVIEW

The Piskyet Elevated Dog Bowl Stand includes a sturdy wooden stand and two stainless steel bowls. The stand features a waterproof and odor-resistant coating for durability and easy cleaning. It is designed with a PUR full edge sealing process to prevent water seepage and mold, ensuring a long service life.

Dog Food Bowl Stand- 2 Colors/2 Sizes

Image: Product dimensions and bowl capacity. This model is suitable for large dogs (shoulder height > 24 inches). Bowls are 10.2 inches in diameter and 2.9 inches deep, holding 90 oz or 12 cups of food/water.

Image: Comparison highlighting the PUR full edge sealing process for durability and resistance to water and mold, compared to standard edge banding.

SETUP AND ASSEMBLY

The Piskyet Elevated Dog Bowl Stand is designed for easy, tool-free assembly. Follow these steps to set up your new feeding station:

1. Unpack all components: two side panels, one connecting beam, two stainless steel bowls, and paw-shaped screws.
2. Align the connecting beam with the pre-drilled holes on one side panel.
3. Insert the paw-shaped screws and hand-tighten them to secure the beam to the side panel.
4. Attach the second side panel to the other end of the connecting beam using the remaining paw-shaped screws.
5. Ensure all screws are tightened for stability.
6. Place the two stainless steel bowls into the designated openings on the top surface of the stand.
7. Position the stand on a flat, stable surface. The sponge protection pads on the bottom prevent floor damage.

OPERATING INSTRUCTIONS

This elevated dog bowl stand is intended for pet use only. Fill one stainless steel bowl with your pet's dry or wet food and the other with fresh water. The elevated design helps your dog maintain a natural eating posture, reducing strain on their neck and improving digestion. Ensure the bowls are always clean before refilling.

Dog Bowls Elevated

- ✓ Reduce Spinal Injuries in Pets
- ✓ Brackets of suitable height
- ✓ Reduce bloat and neck strain
- ✓ Avoids curling up to eat

- ✗ Low dog bowls causes poor eating posture, easily make the dog vomiting and indigestion.

MAINTENANCE AND CARE

To ensure the longevity and hygiene of your Piskyet Elevated Dog Bowl Stand, follow these maintenance guidelines:

- **Cleaning the Bowls:** The stainless steel bowls are dishwasher safe. For manual cleaning, wash with warm soapy water and rinse thoroughly.
- **Cleaning the Stand:** The wooden stand features a waterproof and odor-resistant coating. Wipe down the stand regularly with a damp cloth to remove any spills or food residue. Avoid abrasive cleaners that could damage the finish.
- **Inspection:** Periodically check the paw-shaped screws to ensure they remain tight and the stand is stable.
- **Placement:** Place the stand on a level surface. The bottom features sponge protection pads to prevent scratches on your floor.

TROUBLESHOOTING

If you encounter any issues with your Piskyet Elevated Dog Bowl Stand, refer to the following common solutions:

- **Stand Wobbles:** Ensure all paw-shaped screws are securely tightened. Check that the stand is placed on a flat, even surface.
- **Bowls Don't Fit Properly:** Verify that you are using the original stainless steel bowls provided with the stand. If using replacement bowls, ensure they match the specified dimensions (10.2 inches diameter).
- **Water Seepage/Mold:** While the stand has a waterproof coating and PUR full edge sealing, excessive standing water can still cause issues over time. Promptly wipe up any spills. Ensure bowls are properly seated to minimize splashing.

SPECIFICATIONS

Brand	Piskyet
Model Number	GWJ-H400
Product Dimensions (L x W x H)	22" x 12" x 15.7"
Item Weight	4.48 kg (9.88 pounds)
