

RORRY M3

RORRY Portable Charger: 3-in-1 Charging Station

Model: M3 | Brand: RORRY

INTRODUCTION & OVERVIEW

The RORRY 3-in-1 Portable Charging Station (Model M3) is a versatile power solution designed for Apple devices, combining a 10,000mAh power bank with a multi-device charging station. Its compact, foldable design makes it ideal for travel and daily use, eliminating the need for multiple chargers and tangled cables.

This device offers fast charging capabilities for your iPhone (MagSafe compatible), Apple Watch, and AirPods simultaneously. Equipped with smart microchips, it ensures safe and efficient charging with protection against short circuits, overheating, and overcharging. The integrated Hall Effect magnetic switch conserves energy by activating only when in use.

FOLDABLE & COMPACT

Figure 1: The RORRY 3-in-1 Portable Charger in its compact, folded state, demonstrating its portability.

WHAT'S IN THE BOX

- 1 x RORRY 3-in-1 Portable Charger Station
- 1 x USB-C Charging Cable
- 1 x User Manual

SETUP

Before first use, fully charge your RORRY Portable Charger. Connect the provided USB-C cable to the charger's USB-C port and plug the other end into a power adapter (20W or higher recommended for optimal performance). The LED indicator lights will show the charging status.

To set up the charging station, gently unfold the device. The magnetic charging pad for your iPhone will lift into position, and the Apple Watch charging puck will extend. The base provides a dedicated area for AirPods charging.

Figure 2: The RORRY 3-in-1 Portable Charger in its unfolded charging station configuration, demonstrating simultaneous charging of an iPhone, Apple Watch, and AirPods.

For iPhones without MagSafe compatibility, a magnetic ring (not included in this package, but often provided with MagSafe accessories) can be attached to the back of your phone or case to enable magnetic alignment with the charger.

OPERATING INSTRUCTIONS

Charging Your Devices

The RORRY charger offers multiple charging modes:

- **iPhone (MagSafe):** Place your MagSafe-compatible iPhone onto the upright magnetic charging pad. The magnets will align your device for optimal wireless charging. The phone can be charged vertically or horizontally, making it suitable for viewing content while charging.
- **Apple Watch:** Place your Apple Watch onto the dedicated charging puck that extends from the top of the unit. The watch will magnetically snap into place and begin charging.
- **AirPods:** Place your AirPods charging case onto the flat wireless charging pad located at the base of the unit. Ensure the case is centered on the charging icon for proper connection.

WIDE COMPATIBILITY

For iPhone

iPhone 16

Portable Power Bank Functionality

The RORRY charger can also function as a standalone 10,000mAh power bank. When disconnected from a wall adapter, it can continue to wirelessly charge your devices. For wired charging, use the USB-C port on the side of the unit to connect to other devices.

FASTER

20W (Max)
USB-C In/Output

Charges to 56% in 30 min for iPhone 16 Pro

Hall Effect Magnetic Switch

The charger features a Hall Effect magnetic switch. When the magnetic charging pad is flipped up, the device automatically activates, saving energy and extending battery life when not in use.

MAINTENANCE

To ensure the longevity and optimal performance of your RORRY Portable Charger, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe down the surface of the charger. Avoid using harsh chemicals, abrasive cleaners, or excessive moisture, as these can damage the device.
- **Storage:** Store the charger in a cool, dry place away from direct sunlight, extreme temperatures, and humidity. When not in use, fold the charger into its compact form to protect the charging surfaces.
- **Handling:** Handle the device with care. Avoid dropping it or subjecting it to strong impacts, which can damage internal components.

TROUBLESHOOTING

If you encounter issues with your RORRY Portable Charger, refer to the following common solutions:

Problem	Possible Cause / Solution
Device not charging / Slow charging	Ensure you are using a power adapter that supports more than 20W for optimal performance, especially when charging the power bank itself while it's also charging other devices. Check that the USB-C cable is securely connected to both the charger and the power adapter. Verify that your device is correctly aligned on the wireless charging pads (MagSafe for iPhone, centered for AirPods). Remove any thick phone cases that might interfere with wireless charging.
Power bank not charging other devices while being charged	As noted, using an adapter with less than 20W may prevent the portable charger from charging other devices while it is charging. Use a 20W+ adapter.
Magnetic connection is weak	Ensure your iPhone or case is MagSafe compatible. For non-MagSafe devices, consider using a magnetic ring sticker.
LED indicators not lighting up	Press the power button to check the battery level. If the power bank is completely drained, it may take a few minutes for the indicators to light up after plugging it in.

SPECIFICATIONS

Feature	Detail
Model Number	M3
Battery Capacity	10000 Milliamp Hours (3.85V/38.5Wh)
USB-C Input & Output	5V=3A, 9V=2.22A, 12V=1.67 (20W Max)
Wireless Output	15W/10W/7.5W/5W

Feature	Detail
Output for AirPods	5W
Output for Watch	5W
Product Dimensions	4.6 x 2.83 x 1.26 inches
Item Weight	10.7 ounces
Color	Black
Special Features	Travel, Magnetic, LED Indicator Lights, Fast Charging, Wireless Charging
Manufacturer	Shenzhen Xianyang Innovation Technology Co., Ltd
Country of Origin	China

WARRANTY & SUPPORT

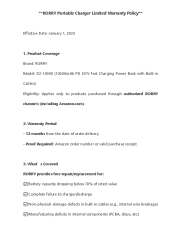

RORRY is committed to providing excellent customer service and stands behind its products. For any inquiries or support needs, please refer to the following:

- **After-sales Service:** 7X24H support is available for your convenience.
- **Exchange Service:** Enjoy a 30-Day Exchange Service from the date of purchase.
- **Care Plan:** A 12-Months Care Plan is provided to ensure your product is covered.

For detailed support or to claim warranty services, please contact RORRY customer support through their official channels, typically found on the product packaging or their official website.
