4. SETUP GUIDE

4.1 Bluetooth Pairing

1. Ensure your headphones are charged.
2. Press and hold the Power button on the headphone for 3-5 seconds until the indicator light flashes blue and red, indicating pairing mode.

3. On your device (smartphone, tablet, PC), go to Bluetooth settings and turn on Bluetooth.
4. Search for available devices and select "Wentronic Y01" from the list.
5. Once connected, the indicator light will turn solid blue or flash blue slowly.

4.2 Wired Connection

To use the headphones in wired mode, simply plug the included 3.5mm audio cord into the headphone's audio jack and the other end into your audio device. This mode works even if the headphone battery is depleted.

5. OPERATING INSTRUCTIONS

5.1 Controls Overview

The control buttons are located on the earcup for easy access:

- **Power Button:** Press and hold to power on/off. Short press to play/pause music or answer/end calls.
- **Volume Up (+):** Short press to increase volume. Long press for next track.
- **Volume Down (-):** Short press to decrease volume. Long press for previous track.
- **ANC Button:** Short press to activate/deactivate Active Noise Cancellation.

5.2 Active Noise Cancellation (ANC)

To activate ANC, short press the dedicated ANC button. You will hear an audible confirmation. To deactivate, short press the button again. ANC helps to minimize ambient noise for a more immersive audio experience.

6. CHARGING

Connect the included charging cable to the charging port on the headphone and the other end to a USB power source (e.g., computer, wall adapter). The indicator light will show charging status. A full charge provides up to 48 hours of continuous playback.

7. MAINTENANCE AND CARE

- Keep the headphones dry. Do not expose to water or moisture.
- Clean earcups with a soft, dry cloth.
- Avoid extreme temperatures.
- Store in a cool, dry place when not in use. The foldable design aids in compact storage.

Foldable Design

Allows for easy storage and transport, making them ideal for travel or commuting

8. TROUBLESHOOTING

Problem	Solution
Headphones won't turn on	Ensure the headphones are fully charged. Press and hold the Power button for 5 seconds.
Cannot pair via Bluetooth	Make sure headphones are in pairing mode (flashing blue/red light). Turn off and on Bluetooth on your device. Ensure headphones are within range.
No sound in wired mode	Check if the 3.5mm audio cord is securely plugged into both the headphones and the audio device. Ensure the audio device's volume is not muted.
Poor sound quality	Ensure the headphones are fully charged. Try adjusting the volume on both the headphones and your device. If using Bluetooth, ensure no interference.
