AECOJOY 10' x 10' Hardtop Wall-Mounted Gazebo Instruction Manual

Brand: AECOJOY | Model: 16417BK

1. SAFETY INFORMATION

Please read and understand all safety warnings before assembly and use.

- Always follow the installation instructions provided.
- Ensure the gazebo is properly anchored to the ground to prevent it from tipping over in strong winds.
- Do not use the gazebo in thunderstorms or during heavy rain to avoid the risk of lightning strikes or electrocution.
- Keep children and pets away from the gazebo when it's being assembled or disassembled.

2. PRODUCT OVERVIEW

The AECOJOY 10' x 10' Hardtop Wall-Mounted Gazebo is designed to provide a durable and protected outdoor space. Constructed from galvanized steel and aluminum, it offers robust weather resistance and UV protection, making it suitable for various outdoor conditions.

Key Features:

- **Tough Enough for 80 MPH Weather:** Crafted from galvanized steel and aluminum to withstand severe weather, including winds exceeding 80 MPH.
- **Handles 20" Heavy Snow:** Galvanized hardtop designed to support heavy snow loads, offering superior durability compared to typical polycarbonate panels.
- **100% UV Protection:** Provides full UV protection for a comfortable and safe outdoor experience.
- **Versatile Design:** Combines features of a canopy awning and a freestanding gazebo, ideal for patios and decks.

UPGRADED 

GALVANIZED HARDTOP

MORE ROBUST
BETTER SUN COVERAGE

More Tenacity

More Elevated

Wind Resistance
80 mph

VS

PRE-UPGRADE MODEL

Roof made of Polycarbonate, which are light-transmitting but do not provide complete UV protection, and their load-bearing performance in heavy snow is not particularly excellent.

4. ASSEMBLY INSTRUCTIONS

General Tips:

- Refrain from tightening screws initially; this helps align all screw holes more effectively.
- Once all screws are inserted into the holes, tighten them all securely.
- For easier installation, flip the assembly upside down when instructed.
- Ensure screw holes on both sides of beams face the same direction.
- Remove any protective stickers from panels during installation.
- Part G (roof panel) has a water leakage hole; install with the hole facing upward.

Step-by-Step Guide:

Follow the detailed instructions provided in your manual. For visual guidance, refer to the official installation videos below.

5. OPERATING INSTRUCTIONS

The AECOJOY gazebo is designed for ease of use and adaptability. The integrated curtains and mosquito netting provide flexibility for various conditions.

Curtains and Mosquito Netting:

- The gazebo includes both privacy curtains and mosquito netting.
- These can be easily opened, closed, or tied back to the corner posts as needed.
- Use the mosquito netting to keep insects out while maintaining airflow.
- Close the privacy curtains for shade, privacy, or protection from light rain.

6. MAINTENANCE

Regular maintenance will ensure the longevity and optimal performance of your AECOJOY gazebo.

- Periodically inspect all screws and connections to ensure they remain tight.
- Clean the galvanized steel and aluminum frame with a mild soap and water solution. Avoid abrasive cleaners.
- Clean roof panels with a soft cloth and mild soap.
- Ensure proper drainage from the roof to prevent water accumulation.
- Store curtains and netting during extreme weather conditions or off-season to prolong their life.

7. TROUBLESHOOTING

Here are some common issues and their potential solutions:

- **Instability:** Ensure all posts are securely anchored to the ground or flooring. Double-check all frame connections for tightness.
- **Water Leakage:** Verify that all roof panels are correctly installed with the water leakage hole facing upward. Ensure all seams are properly sealed if additional sealant was recommended during assembly.
- **Difficulty in Assembly:** Refer to the detailed manual and installation videos. Ensure screws are not fully tightened until all components are aligned.

8. SPECIFICATIONS

Feature	Detail
Product Dimensions	3.05L x 3.05W x 2.5H Meters (10' x 10' x 8.2')
Item Weight	161 Pounds (73.03 kg)
Material	Galvanized Steel Roof, Aluminum Frame
Color	Black
