Aroepurt Hot Pepper Cascabel ZJBB Black

User Manual for HotPepper Cascabel Hybrid Phone Case with Screen Protectors

Model: Hot Pepper Cascabel ZJBB Black

INTRODUCTION

Thank you for choosing the Aroepurt HotPepper Cascabel Hybrid Phone Case. This manual provides essential information for the proper installation, use, and maintenance of your new phone case and tempered glass screen protectors. This product is designed to offer robust protection for your Hot Pepper Cascabel phone, featuring a hybrid construction and advanced screen protection. The case is engineered with a PC hard back panel and a soft silicone frame, complemented by four-corner shock airbags for enhanced impact absorption. The unique 3D multi-directional design changes appearance based on light and angle, while the frosted surface helps prevent fingerprints. The included tempered glass screen protectors offer additional defense against scratches and impacts.

PACKAGE CONTENTS

Please verify that all items are present in the package:

- 1 x HotPepper Cascabel Hybrid Phone Case
- 2 x Tempered Glass Screen Protectors

SETUP AND INSTALLATION

1. Installing the Phone Case

1. Ensure your Hot Pepper Cascabel phone is clean and free of dust or debris.
2. Gently align the phone with the soft silicone frame of the case.
3. Press the phone firmly into the case, ensuring all corners and edges are securely seated within the frame. The case is designed to fit snugly, providing comprehensive protection.

Surface reduces most fingerprints for a more delicate feel, and the reinforced surface is scratch-resistant.

Image: A close-up of the phone case highlighting its shockproof design, featuring a hard PC back, soft silicone, and four-corner shock airbags for impact absorption.

2. Installing the Tempered Glass Screen Protector

1. **Clean the Screen:** Use a microfiber cloth to thoroughly clean your phone's screen, removing all dust, smudges, and fingerprints. For best results, use an alcohol wipe if available, then dry with the microfiber cloth.
2. **Align the Protector:** Carefully peel off the protective film from the adhesive side of the tempered glass. Align the screen protector with your phone's screen, paying close attention to the cutouts for the camera and speaker.
3. **Apply:** Once aligned, gently lower the screen protector onto the screen. It will naturally adhere. If bubbles appear, gently push them towards the edges using a soft cloth or a credit card wrapped in cloth.
4. **Final Check:** Ensure the screen protector is fully adhered and there are no remaining bubbles or dust particles.

OPERATING AND FEATURES

The HotPepper Cascabel Hybrid Phone Case is designed to enhance your phone's durability and aesthetic appeal while maintaining full functionality.

- **Enhanced Protection:** The combination of a hard PC back panel, soft silicone frame, and four-corner shock airbags provides comprehensive protection against drops, impacts, and daily wear. The case is designed to be higher than both the camera and the screen, offering better flat surface protection.
- **Fingerprint Resistance:** The frosted surface of the case significantly reduces fingerprints and smudges, keeping your phone looking clean and new.
- **3D Multi-Directional Design:** The unique pattern on the case changes its appearance and reflects different colors depending on the angle and lighting, adding a stylish and dynamic look to your device.
- **Integrated Stand Function:** The case features a folding support mechanism, allowing you to prop up your phone for hands-free viewing.

- **Magnetic Fastening:** Provides secure closure and stability for the folding stand.
- **Card Function:** The case includes a card slot for convenient storage of essential cards.

MAINTENANCE AND CARE

To ensure the longevity and optimal appearance of your phone case and screen protectors, follow these care guidelines:

- **Cleaning the Case:** Wipe the phone case regularly with a soft, damp cloth to remove dust and dirt. For stubborn stains, a mild soap solution can be used, followed by wiping with a clean, dry cloth. Avoid harsh chemicals or abrasive cleaners.
- **Cleaning the Screen Protector:** Use a microfiber cloth to gently wipe the screen protector. For smudges, a screen cleaner spray designed for electronics can be used. Do not use paper towels or rough materials, as they may scratch the surface.
- **Avoid Extreme Conditions:** Do not expose the case or screen protectors to extreme temperatures, direct sunlight for prolonged periods, or corrosive liquids.
- **Handle with Care:** While the product is designed for durability, avoid unnecessary drops or impacts to maximize its lifespan.

TROUBLESHOOTING

If you encounter any issues with your product, please refer to the following common solutions:

Problem	Possible Cause	Solution
Bubbles under screen protector	Dust particles or improper application	Gently lift the nearest edge of the protector and reapply, pushing out bubbles with a soft cloth. Ensure the screen is completely clean before reapplication.
Case does not fit properly	Incorrect phone model or misalignment	Ensure you have the correct case for the Hot Pepper Cascabel model. Realign the phone carefully within the case, ensuring all corners snap into place.

Problem	Possible Cause	Solution
Case appears dirty/smudged	Accumulation of oils or dirt	Clean the case as described in the "Maintenance and Care" section using a soft, damp cloth.
