Snailax SL-5406GRN(US)

Snailax Collapsible Foot Spa with Heat

Model: SL-5406GRN(US)
Brand: Snailax

Introduction

The Snailax Collapsible Foot Spa with Heat is designed to provide a relaxing and therapeutic foot bath experience. This innovative foot spa features smart temperature control, invigorating bubbles, soothing massage rollers, and a built-in pumice stone. Its collapsible design ensures convenient storage, making it a practical addition to any home. Enjoy a customized foot soak to relieve stress, alleviate foot pain, and improve sleep quality.

Safety Information

Please read all instructions carefully before use. Ensure the unit is placed on a stable, flat surface. Do not press the start button before adding water. Always add water first and then connect to power. Keep the control panel clean and away from water. If residual water is found, which is clean water for testing, please wipe up before using.

Setup Instructions

1. **Unpack the Unit:** Carefully remove the foot spa from its packaging.
2. **Expand the Foot Spa:** Place the collapsed foot spa on a flat, stable surface. Gently push down on the top edge of the unit to expand it to its full height. Ensure all sides are fully extended and locked into place.
3. **Position the Handle:** If applicable, ensure the convenient handle is in an upright position for easy portability or folded down for use.
4. **Add Water:** Fill the foot spa with water, ensuring the water level is between the minimum and maximum fill lines indicated inside the basin. Do not overfill.
5. **Connect Power:** Plug the power cord into a standard electrical outlet.

Operating Instructions

Control Panel Overview

Image: Detailed view of the foot spa's control panel, highlighting the digital display and buttons for temperature adjustment, timer, and bubble/red light functions.

- **ON/OFF Button:** Press to turn the unit on or off.
- **Temperature Control (TEMP+ / TEMP-):** Use these buttons to adjust the water temperature. The foot spa can maintain water at your ideal temperature, ranging from 95°F (35°C) to 118°F (48°C). The digital display will show the current temperature.
- **Timer Button:** Press to set the desired duration for your foot soak. Available time settings include 10, 20, 30, 40, 50, or 60 minutes.
- **Red Light / Bubble Button:** Press to activate or deactivate the bubble massage and red light therapy.

Using the Foot Spa

1. After filling with water and plugging in, press the **ON/OFF** button.
2. Adjust the water temperature using the **TEMP+** or **TEMP-** buttons to your preferred warmth.
3. Set the desired duration for your session using the **Timer** button.

4. Activate the bubble massage and red light by pressing the **Red Light** / **Bubble** button.
5. Place your feet into the foot spa. Utilize the 8 massage rollers by gently moving your feet back and forth over them to soothe tired muscles and improve circulation. The built-in pumice stone can be used to exfoliate and smooth rough skin on your heels.
6. Enjoy your relaxing foot soak. The unit will automatically turn off once the timer expires.

Features and Benefits

- **Smart Temperature Control:** Maintains water temperature between 95°F and 118°F for consistent comfort.
- **Adjustable Timer:** Customize your soak duration from 10 to 60 minutes.
- **8 Massage Rollers:** Features eight integrated massage rollers designed to soothe tired feet and promote circulation.
- **Bubbles & Red Light Therapy:** Provides gentle bubble massage and red light for enhanced relaxation and even heat distribution.
- **Built-in Pumice Stone:** Conveniently located for exfoliating and smoothing rough skin.
- **Collapsible Design:** Easily folds down for compact storage, ideal for small spaces.
- **Convenient Handle & Drainage:** Equipped with a sturdy handle for easy portability and a drainage outlet for mess-free water removal.

Maintenance

To ensure the longevity and optimal performance of your Snailax Foot Spa, regular cleaning and proper storage are recommended.

1. **After Each Use:** Unplug the unit and empty the water using the drainage outlet. Rinse the basin thoroughly with clean water.
2. **Cleaning:** Wipe down the interior and exterior surfaces with a soft, damp cloth. Do not use abrasive cleaners or harsh chemicals. Ensure the control panel is dry before storage.
3. **Storage:** Collapse the foot spa for compact storage. Store in a cool, dry place away from direct sunlight.

Troubleshooting

If you encounter any issues with your Snailax Foot Spa, please refer to the following common solutions:

- **Unit Not Turning On:** Ensure the power cord is securely plugged into a working electrical outlet. Check if the power button has been pressed.
- **No Heat/Bubbles:** Verify that the unit has sufficient water (above the minimum fill line). Ensure the heat/bubble function is activated via the control panel.
- **Water Not Heating:** Allow sufficient time for the water to reach the set temperature. The heating element works to maintain the temperature, but initial heating may take a few minutes.
- **Excessive Noise:** A slight humming sound is normal during operation, especially when the bubble function is active. If the noise is unusually loud or disruptive, ensure the unit is on a flat, stable surface and not obstructed.

For issues not covered here, please contact Snailax customer support.
