## MAINTENANCE

---

- **Cleaning:** Use a soft, lint-free cloth to gently wipe the screen and body of the phone. Do not use abrasive cleaners or sprays.
- **Storage:** Store the phone in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Charge the device regularly, even if not in use for extended periods.
- **Protective Case:** Keep the silicone protective case on the phone to shield it from accidental drops and impacts.

## TROUBLESHOOTING

---

Problem	Possible Cause	Solution
Device does not turn on.	Low battery or completely discharged.	Connect the phone to the charger and allow it to charge for at least 30 minutes before attempting to power on again.
Screen is unresponsive.	Temporary software glitch.	Perform a soft reset by pressing and holding the Power button for about 10-15 seconds until the device restarts.
Games or apps are slow/lagging.	Too many applications running in the background or low storage.	Close unused applications. Check available storage and delete unnecessary files if needed.
Cannot connect to Wi-Fi or make calls.	The PlaySmart Kids Phone does not support Wi-Fi or calling functions.	This is by design. The device is intended for offline play and learning.
