# anydry Commercial Wall Mounted Soap Dispenser

Model: 1010

## 1. INTRODUCTION

This manual provides instructions for the proper installation, operation, and maintenance of your anydry Commercial Wall Mounted Soap Dispenser, Model 1010. Please read this manual thoroughly before installation and use to ensure safe and efficient operation.

The anydry Model 1010 is a durable, high-capacity manual soap dispenser designed for commercial and high-traffic environments. It features a brushed stainless steel finish, a corrosion-resistant lining, and a leak-proof pump mechanism.

## 2. SAFETY INFORMATION

- Ensure the dispenser is securely mounted to a stable wall surface to prevent accidental falls.
- Do not use abrasive cleaners or harsh chemicals on the stainless steel surface, as this may damage the finish.
- Keep the key out of reach of children.
- Use only liquid soap or hand sanitizer suitable for manual dispensers. Gels or thick lotions may clog the pump.

### 3. PACKAGE CONTENTS

Verify that all items are present in the package:

- anydry Wall Mounted Soap Dispenser (1 unit)
- Mounting Plate (1 unit)
- Screws (4 units)
- Wall Anchors (4 units)
- Key (1 unit)
- User Manual (1 unit)

#### 4. PRODUCT FEATURES

- **Durable Construction:** Made from high-quality 304 stainless steel for longevity and a modern aesthetic.
- **Corrosion-Resistant Lining:** Internal polymer lining protects against corrosion from various soap types, ensuring hygiene and product lifespan.
- **Large Capacity:** 37oz (1100ml) reservoir reduces the frequency of refills, ideal for high-traffic areas.
- **Leak-Proof Pump:** Engineered for smooth, precise dispensing without drips or leaks.
- **Viewing Window:** Allows for easy monitoring of soap levels to anticipate refills.
- **Lockable Top:** Secures the contents and prevents tampering.

## 5. INSTALLATION INSTRUCTIONS

Follow these steps for secure wall mounting:

1. **Prepare the Dispenser:** Use the provided key to open the top cover. Locate and remove the safety screw that secures the dispenser to the mounting plate.
2. **Mount the Backplate:** Position the mounting plate on the desired wall location. Mark the drill points through the holes on the plate. Drill pilot holes and insert wall anchors. Secure the mounting plate to the wall using the provided screws.
3. **Attach the Dispenser:** Align the dispenser with the mounted backplate and slide it downwards until it clicks into place.
4. **Secure the Dispenser:** Reinsert and tighten the safety screw to firmly attach the dispenser to the mounting plate.
5. **Fill with Soap:** Open the top cover with the key and pour liquid soap into the reservoir. Close and lock the top cover.

# BIG PUMP, BIG COMFORT

Effortless Pumping with One Simple Press

## 6. OPERATING THE DISPENSER

To dispense soap, place your hand under the nozzle and firmly press the large pump head. The dispenser is designed for smooth and consistent soap delivery with minimal effort.

## 7. REFILLING THE DISPENSER

When the soap level is low (visible through the viewing window):

1. Use the provided key to unlock and open the top cover of the dispenser.
2. Carefully pour liquid soap into the reservoir, ensuring not to overfill.
3. Close the top cover and lock it securely with the key.

## 8. MAINTENANCE AND CLEANING

Regular cleaning helps maintain the dispenser's appearance and functionality:

- **Exterior Cleaning:** Wipe the stainless steel exterior with a soft, damp cloth and mild soap. Dry thoroughly with a clean cloth to prevent water spots.
- **Avoid Abrasives:** Do not use abrasive cleaners, scouring pads, or harsh chemicals (e.g., bleach, ammonia-based cleaners) as these can scratch or damage the stainless steel finish and internal components.
- **Pump Maintenance:** If the pump becomes stiff or clogged, remove it and rinse thoroughly with warm water. Ensure no soap residue remains.

## 9. TROUBLESHOOTING

Problem	Possible Cause	Solution
No soap dispensed	Reservoir is empty Pump is clogged Pump mechanism is damaged	Refill the dispenser Clean the pump mechanism with warm water Contact customer support
Soap leaks from dispenser	Top cover not securely locked Dispenser or pump damaged	Ensure top cover is fully closed and locked with the key Inspect for cracks or damage; contact customer support
Pump is stiff or hard to press	Soap residue buildup Incorrect soap type (too thick)	Clean the pump mechanism Use a thinner liquid soap or dilute current soap slightly
