

## Moimhear 280-263-242

# Moimhear Bunk Bed for Children 90x200 cm - Instruction Manual

Model: 280-263-242

## 1. INTRODUCTION

---

Thank you for choosing the Moimhear Bunk Bed. This manual provides essential information for the safe assembly, operation, and maintenance of your new children's bunk bed. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

## 2. SAFETY INFORMATION

---

Your safety and the safety of your children are paramount. Adhere to the following safety guidelines:

- **Assembly:** Follow all assembly instructions precisely. Incorrect assembly can lead to instability and injury.
- **Supervision:** Always supervise children using the bunk bed, especially on the upper bunk and ladder.
- **Weight Limit:** The maximum recommended weight capacity for each bunk is 120 kg. Do not exceed this limit.
- **Mattress Thickness:** Use a mattress with a recommended thickness of 8-12 cm to ensure adequate guardrail height.
- **Guardrails:** Ensure all guardrails are securely in place before use. The upper bunk is equipped with safety guardrails to prevent falls.
- **Hooks:** Be aware of the hooks located under the window feature. Ensure they are used safely and are not a hazard.
- **Power Tools:** Avoid using power tools during assembly as they can overtighten fasteners and damage the wood.
- **Regular Checks:** Periodically check all bolts and fasteners to ensure they remain tight. Tighten as necessary.
- **Placement:** Position the bed away from windows, cords, or other items that could pose a strangulation hazard.

## 3. PACKAGE CONTENTS

---

Before assembly, verify that all components are present. This product is shipped in three separate packages, which may arrive at different times. Please be patient if all packages do not arrive simultaneously.

- Bed frame components (Pine wood, Plywood, MDF)

- Slatted bases for both bunks
- Safety ladder with integrated storage drawers
- Two under-bed storage drawers
- Hardware pack (screws, bolts, connectors)
- Assembly tools (e.g., screwdriver)
- Instruction manual

## 4. SETUP AND ASSEMBLY

---

Assembly requires approximately 2 hours with 2 recommended individuals. All necessary tools are included. Do not use power tools.

1. **Unpack Components:** Carefully unpack all parts and lay them out on a clean, soft surface to prevent scratches. Identify each part using the provided diagrams.
2. **Assemble Bed Frames:** Follow the step-by-step diagrams in the separate assembly guide to construct the upper and lower bed frames. Ensure all connections are secure but do not overtighten.
3. **Install Slatted Bases:** Place the slatted bases onto the designated supports for both bunks. Secure them according to the instructions.
4. **Attach Safety Ladder:** Assemble the safety ladder, ensuring the integrated storage drawers function smoothly. Securely attach the ladder to the main bed frame.
5. **Insert Under-Bed Drawers:** Assemble the two large under-bed storage drawers and slide them into position beneath the lower bunk.
6. **Final Check:** Once assembled, double-check all bolts, screws, and connections to ensure they are tight and secure. The bed must be stable before use.

**SIZE:CM**

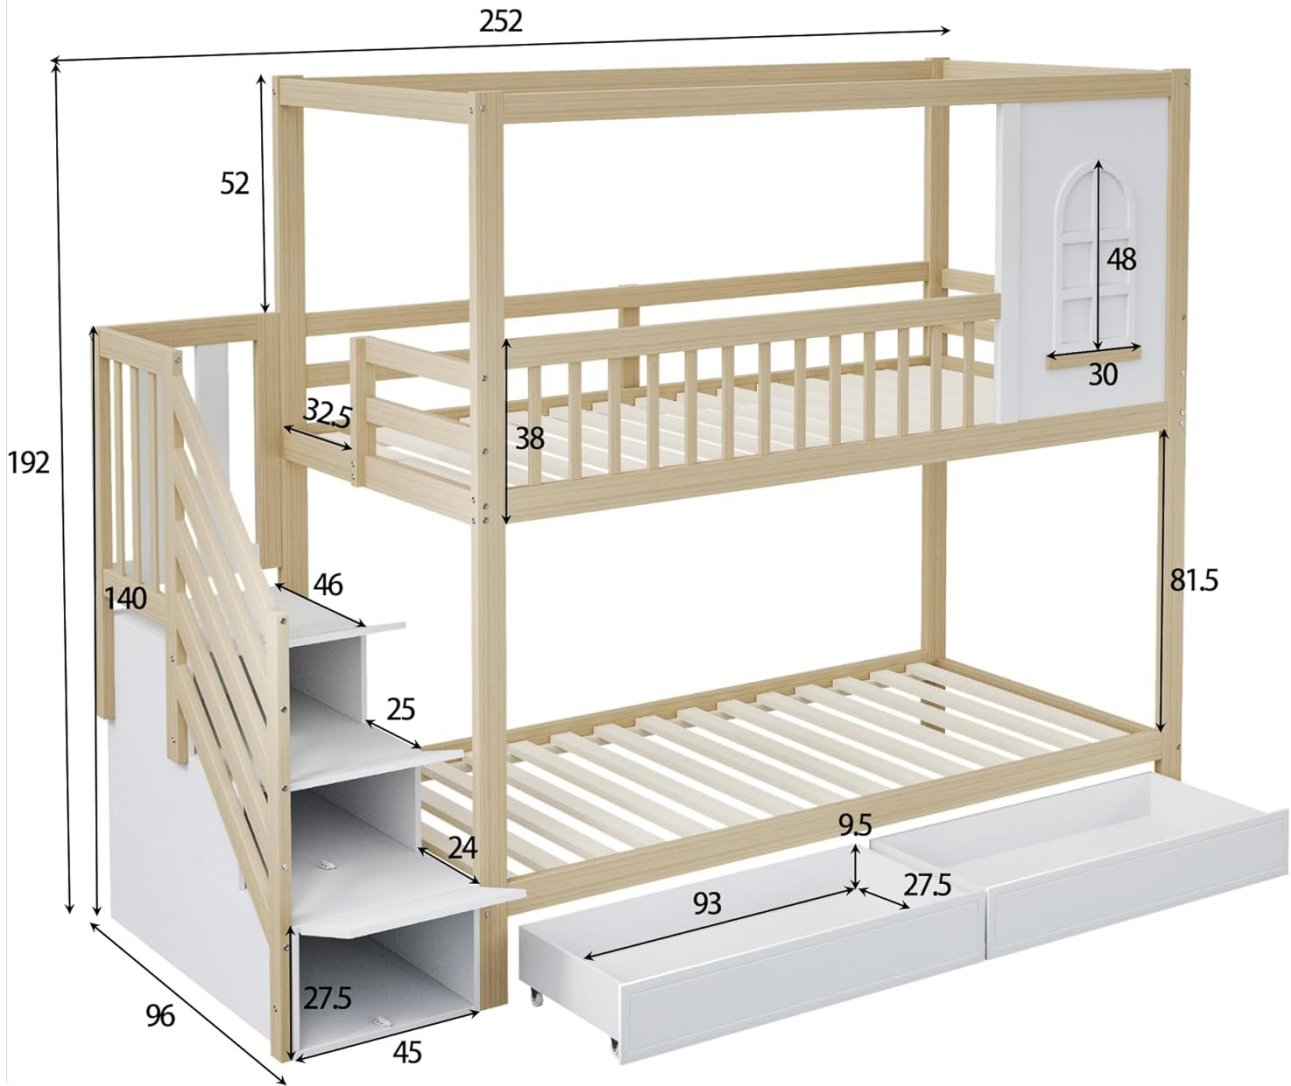

Image 1: Detailed dimensions of the Moimhear Bunk Bed. This image illustrates the overall length (252 cm), width (96 cm), and height (192 cm) of the bunk bed. It also provides specific measurements for the ladder steps, the height between bunks, and the dimensions of the storage drawers, crucial for assembly and space planning.

Image 2: Exploded view of the Moimhear Bunk Bed. This image displays the bunk bed with its various components slightly separated, highlighting the main bed frame, the safety ladder with its integrated storage compartments, and the two pull-out drawers designed to fit under the lower bunk. This view is helpful for identifying parts during assembly.

## 5. OPERATING INSTRUCTIONS

---

The Moimhear Bunk Bed is designed for comfortable and safe use by children.

- **Using the Ladder:** The side safety ladder provides easy access to the upper bunk. Ensure children use the ladder facing the bed, holding onto the handrails.
- **Storage Drawers:** Each step of the ladder features a hidden drawer for organizing toys, books, or clothes. The two large drawers under the lower bunk offer additional storage space. Pull them out gently using the handles.
- **House-Shaped Design:** The unique house-shaped design with windows adds a playful touch. The hooks under the window can be used for hanging lightweight decorative items or toys.
- **Sleeping Arrangement:** The upper bunk is suitable for older children who can safely climb and descend the ladder. The lower bunk is easily accessible.

Image 3: Moimhear Bunk Bed in a room setting. This image shows the bunk bed fully assembled and decorated in a child's bedroom, highlighting its aesthetic appeal and functional features like the house-shaped upper bunk, the safety ladder with integrated storage, and the pull-out drawers beneath the lower bunk.

## 6. MAINTENANCE

---

Proper maintenance will extend the life and appearance of your bunk bed.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that can damage the wood finish.
- **Dusting:** Regularly dust the bed frame to prevent buildup.
- **Fastener Checks:** Periodically inspect all bolts, screws, and connections. Tighten any loose fasteners to maintain structural integrity and safety.
- **Avoid Moisture:** Protect the bed from excessive moisture and direct sunlight to prevent warping or fading of the wood.
- **Moving the Bed:** When moving the bed, lift it rather than dragging it to prevent damage to the frame and floor.

## 7. TROUBLESHOOTING

---

If you encounter any issues with your Moimhear Bunk Bed, consider the following common solutions:

- **Squeaking Noises:** Squeaking often indicates loose fasteners. Check and tighten all bolts and screws throughout the bed frame and slatted bases.
- **Drawers Sticking:** Ensure the drawer runners are clean and free of debris. Check if the drawers are properly aligned on their tracks.
- **Instability:** If the bed feels wobbly, re-check all assembly connections. Ensure the bed is placed on a flat, level surface.
- **Missing Parts:** If you find any parts missing upon delivery, please contact customer service immediately. Remember that the product ships in three packages and may arrive separately.

## 8. SPECIFICATIONS

---

Feature	Specification
Product Type	Bunk Bed
Model Number	280-263-242
Brand	Moimhear
Overall Dimensions (L x W x H)	252 x 96 x 192 cm (2.52L x 0.96W x 1.92H meters)
Mattress Size Compatibility	90 x 200 cm (Standard)
Recommended Mattress Thickness	8-12 cm
Material	Pine Wood, Plywood, MDF
Color	Wood + White
Finish Type	Lacquered, Painted
Maximum Recommended Weight	120 kg per bunk
Item Weight	79 kg
