IMPORTANT SAFETY INFORMATION

To reduce the risk of serious injury, read all instructions carefully before assembly and use. Keep this manual for future reference.

- **Two-Person Assembly:** It is highly recommended that two adults assemble this product to ensure safety and ease of construction.
- **Keep Children Away:** Keep children and pets away from the assembly area. Small parts can be a choking hazard.
- **Use Correct Tools:** Ensure you have all necessary tools before starting. Do not use power tools for assembly unless specifically instructed, as this may damage the product.
- **Do Not Overtighten:** Tighten all connectors securely, but do not overtighten to avoid stripping screws or cracking wood.
- **Level Surface:** Assemble the bed on a soft, clean, and level surface to prevent scratches or damage.
- **Regular Checks:** Periodically check all connections and hardware to ensure they remain tight and secure.

- **Weight Capacity:** Do not exceed the maximum weight capacity of 400 lbs for the main bed.

PARTS LIST

Before assembly, unpack all components and verify that all parts are present and undamaged. If any parts are missing or damaged, please contact customer support immediately. A detailed diagram of the bed's dimensions is provided below for reference.

Typical components include:

- Headboard with integrated cabinet and shelves
- Footboard
- Side Rails (Left and Right)
- Bed Slats (10 pieces)
- Trundle Bed Frame
- Storage Drawers (2 pieces)

- Hardware Pack (screws, bolts, nuts, dowels, etc.)

ASSEMBLY INSTRUCTIONS

Follow these steps carefully for proper assembly. An adult assembly is recommended. Tools required: Phillips head screwdriver (not included).

1. **Prepare the Area:** Clear a spacious area and lay out all components on a soft, clean surface to prevent damage.
2. **Assemble the Main Bed Frame:** Attach the side rails to the headboard and footboard using the provided hardware. Ensure all connections are secure but do not fully tighten until all major components are aligned.
3. **Install Bed Slats:** Place the 10 bed slats across the side rails and secure them with the designated screws. This forms the mattress support.
4. **Assemble the Trundle Bed:** Construct the trundle bed frame according to the separate instructions for this component. Ensure the wheels are properly attached for smooth movement.
5. **Assemble the Storage Drawers:** Assemble the two storage drawers. Attach the drawer slides and handles.
6. **Attach Cabinet and Shelf Unit:** Secure the integrated cabinet and shelf unit to the headboard. Ensure it is level and firmly attached.
7. **Final Tightening:** Once all components are in place and aligned, go back and fully tighten all screws and bolts.
8. **Install Sockets:** If your model includes integrated sockets, follow the specific instructions for connecting them. Ensure they are securely fitted and functional.

OPERATING INSTRUCTIONS

Trundle Bed

The trundle bed is designed to slide smoothly from beneath the main bed frame. To use, gently pull the trundle bed out by its handle. To store, push it back into place until it is fully recessed under the main bed. Ensure no obstructions are in the path of the trundle bed.

Storage Drawers

The two spacious drawers located under the main bed provide convenient storage. Pull the drawer handles to open and access your stored items. Push the drawers back in until they are flush with the bed frame to close. Avoid overloading the drawers to ensure smooth operation.

Cabinet & Shelves

The integrated headboard features multiple open shelves and enclosed cabinets. Use the open shelves for displaying decorative items, books, or frequently accessed personal belongings. The cabinets provide concealed storage for a tidier appearance. Gently open and close the cabinet doors.

Integrated Sockets

The bed includes integrated sockets for convenient charging of electronic devices. Plug your devices directly into the sockets located on the headboard. Ensure devices are compatible with the power output and avoid overloading the sockets. Always unplug devices when not in use.

MAINTENANCE

Proper care and maintenance will extend the life of your Brabrety Platform Bed.

- **Cleaning:** Wipe surfaces with a soft, slightly damp cloth. Avoid using abrasive cleaners, harsh chemicals, or polishes that may damage the finish.
- **Hardware Checks:** Periodically (every 3-6 months) check all bolts, screws, and connections. Tighten any loose hardware to maintain stability and prevent wobbling.
- **Environmental Conditions:** Keep the bed away from direct sunlight, extreme temperatures, and excessive moisture to prevent warping, fading, or cracking of the wood.

- **Drawer/Trundle Tracks:** Ensure the tracks for the drawers and trundle bed are kept clean and free of debris for smooth operation. If they become stiff, a small amount of silicone lubricant can be applied.
- **Spills:** Clean up spills immediately with a dry cloth to prevent staining or damage to the wood.

TROUBLESHOOTING

Refer to this section for common issues and their solutions.

Problem	Solution
Bed feels wobbly or unstable.	Check all bolts, screws, and connections. Tighten any loose hardware. Ensure the bed is on a level surface.
Trundle bed or drawers are difficult to open/close.	Check tracks for obstructions (e.g., carpet, debris). Ensure wheels/slides are clean. A small amount of silicone lubricant may help.
Missing parts during assembly.	Carefully re-check all packaging materials. If still missing, contact Brabrety customer support with your purchase details.
Damage to components.	Do not proceed with assembly if parts are damaged. Contact Brabrety customer support for replacement parts.
