### Key Components:

- **Water Tank:** 6L capacity, top-fill design for easy refilling.
- **Mist Outlet:** 360° customizable mist output.
- **Control Panel:** Digital display with touch buttons for power, mist level, timer, and nightlight.
- **Aroma Pad Slot:** Integrated slot for essential oils (diffuser function).
- **RGB Nightlight:** Adjustable colors and scenes.
- **High-Precision Sensor:** For accurate humidity detection and auto mode operation.

### Cleans Effortlessly

Use a brush for deep cleaning

Wipe to clean

### SETUP

1. **Unpack:** Carefully remove all components from the packaging.
2. **Placement:** Place the humidifier on a flat, stable, and water-resistant surface at least 6 inches (15 cm) away from walls and appliances.
3. **Remove Foam:** Locate and remove any protective foam or packaging from inside the base chamber before first

use.

#### 4. **Fill Water Tank:**

- Remove the top cover.
- Lift the water tank using the ergonomic handle.
- Fill the tank directly from the top with clean, cool tap water or distilled water. Do not exceed the MAX fill line.
- Place the water tank back onto the base, ensuring it is seated correctly.
- Replace the top cover.

5. **Power On:** Plug the power adapter into a wall outlet. The humidifier will enter standby mode.

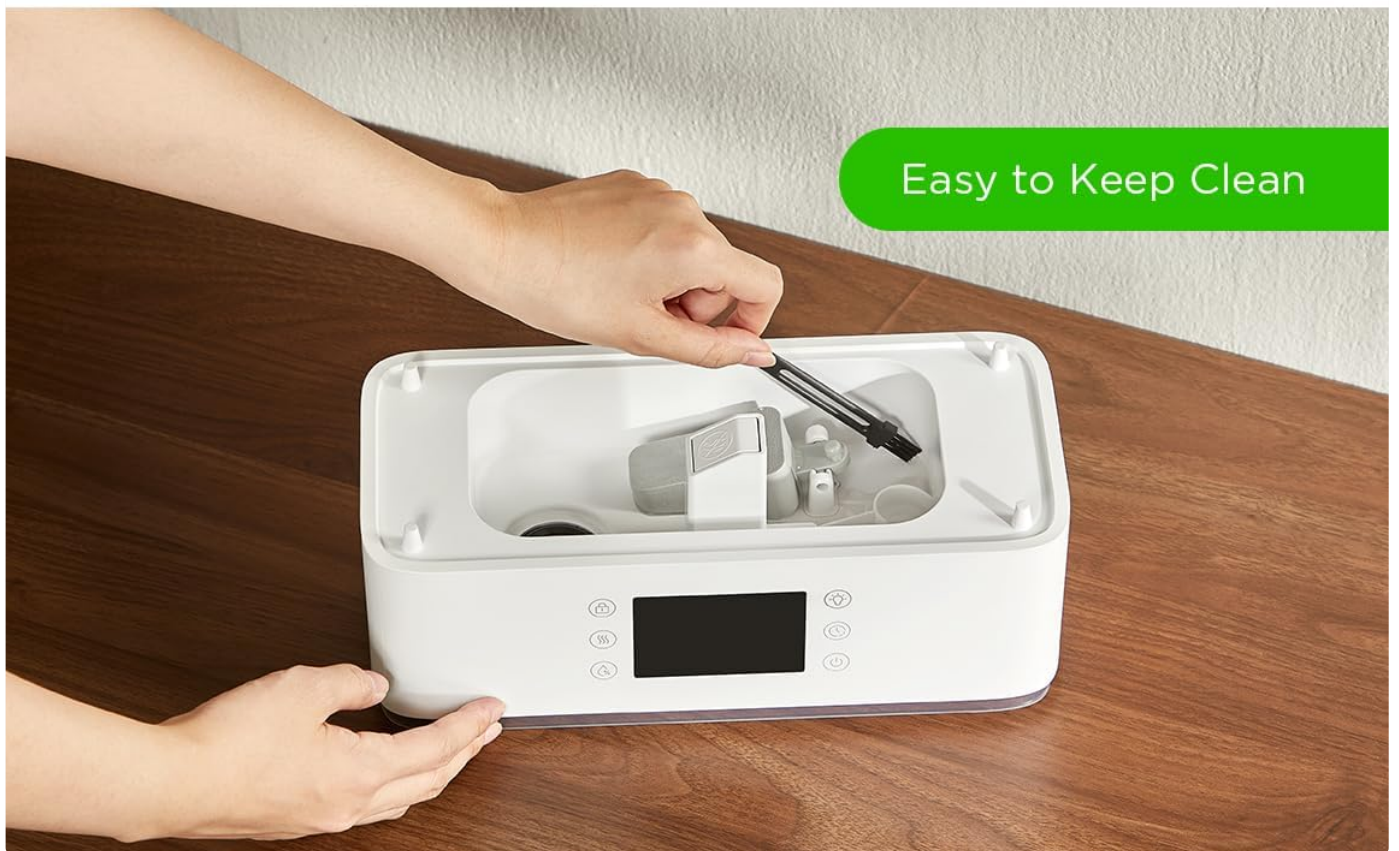

# Detail-Oriented Designs

Simple Top-Fill Design

Easy to Keep Clean

## OPERATING INSTRUCTIONS

### Control Panel:

The humidifier can be operated directly using the touch buttons on the front panel or via the Govee Home App.

- **Power Button:** Turns the humidifier on/off.
- **Mist Level Button:** Cycles through 9 mist levels.
- **Auto Mode Button:** Activates/deactivates auto mode.
- **Nightlight Button:** Controls the RGB nightlight.
- **Timer Button:** Sets a timer for automatic shut-off.
- **Child Lock Button:** Locks/unlocks the control panel.

## Cleans Effortlessly

## Detailed Analytics for You to Track

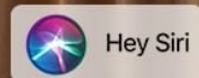

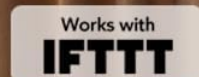

*Image: The Govee Home app displaying detailed analytics of relative humidity, including maximum, average, and minimum values over a period.*

### Voice Control:

The humidifier is compatible with Alexa and Google Assistant. Connect your device through the Govee Home App to enable voice commands for hands-free operation. (Note: Supports 2.4GHz Wi-Fi networks only).

# Smart Control

"Alexa, turn on the humidifier to auto mode."

"OK."

*Image: A woman in a bedroom setting, with the humidifier visible, illustrating its compatibility with smart voice assistants like Alexa and Google Assistant.*

## Auto Mode:

The built-in high-precision sensor allows the humidifier to automatically maintain your desired humidity level. For even more precise control, you can connect a GoveeLife Thermo-Hygrometer (sold separately).

# AutoReflect

Stable and accurate humidity control via Thermo-Hygrometer

Note: Thermo-hygrometer not included.

## Maintain Indoor Ideal Humidity

Set target humidity and adjust operation intelligently

*Image: A woman working on a laptop in a comfortable living room, with the humidifier maintaining ideal indoor humidity using its auto mode feature.*

### RGB Nightlight:

Customize the ambiance with the integrated RGB nightlight. Choose from adjustable colors and scenes via the app to create a soothing environment.

*Image: The humidifier displaying personalized RGB lighting, creating a cozy atmosphere in a room.*

### Essential Oil Diffuser:

Add a few drops of your favorite essential oil to the aroma pad located in the diffuser's aroma pad slot for a fragrant mist. Do not add essential oils directly into the water tank.

*Image: A woman relaxing in a living room, with a close-up showing essential oil being added to the humidifier's aroma pad for personalized ambiance.*

## MAINTENANCE

Regular cleaning is crucial for optimal performance and hygiene. Always unplug the humidifier before cleaning.

### Daily Maintenance:

- Empty the water tank and base.
- Wipe the tank and base dry with a clean cloth.
- Refill the tank with fresh water.

### Weekly Cleaning:

#### 1. Descaling:

- Pour 1 cup (250ml) of distilled white vinegar into the base chamber.
- Let it soak for 15-20 minutes.
- Use the built-in cleaning brush to gently clean the nebulizer and other components in the base.
- Pour out the vinegar and rinse the base thoroughly with clean water.

#### 2. Water Tank Cleaning:

- Add a small amount of vinegar to the water tank and swish it around.
- Rinse thoroughly with clean water.

#### 3. Drying:

Ensure all parts are completely dry before reassembling or storing.

## Ergonomic Design

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Humidifier does not turn on.	Not plugged in; power outage; water tank not properly seated.	Ensure power cord is securely plugged in; check power supply; re-seat water tank correctly.
No mist or low mist output.	Low water level; mineral buildup on nebulizer; mist outlet blocked.	Refill water tank; clean the nebulizer and base with vinegar; ensure mist outlet is clear.
Unusual odor.	Dirty water; mineral buildup; essential oil residue.	Empty and clean the water tank and base; use fresh water; clean aroma pad slot.
Water leakage.	Water tank not properly seated; damaged tank.	Ensure water tank is correctly placed; check for cracks or damage.
App connection issues.	Incorrect Wi-Fi network (not 2.4GHz); device too far from router; app not updated.	Ensure 2.4GHz Wi-Fi; move device closer to router; update Govee Home App.

## SPECIFICATIONS

- **Brand:** GoveeLife
- **Model Name:** H7145
- **Color:** White
- **Water Tank Capacity:** 6 Liters
- **Max Mist Output:** 300 ml/h
- **Effective Area:** Up to 500 Square Feet
