› Tastyle Single Serve Hot & Iced Coffee Maker (Model B0DHRQRFHK) Instruction Manual

Tastyle B0DHRQRFHK

Tastyle Single Serve Hot & Iced Coffee Maker

Model: B0DHRQRFHK

Brand: Tastyle

INTRODUCTION

This manual provides detailed instructions for the safe and efficient operation, maintenance, and troubleshooting of your Tastyle Single Serve Hot & Iced Coffee Maker. Please read all instructions carefully before first use and retain this manual for future reference.

SAFETY INSTRUCTIONS

- Always ensure the coffee maker is placed on a stable, level surface away from the edge of the countertop.
- Do not immerse the appliance, cord, or plug in water or other liquids.
- Unplug from the outlet when not in use and before cleaning. Allow to cool before putting on or taking off parts, and before cleaning the appliance.
- This appliance is constructed from BPA-free materials.
- The coffee maker is equipped with a water-shortage alert and dry boil protection for enhanced safety.
- An auto shut-off feature activates 10 minutes after brewing to conserve energy.

PRODUCT OVERVIEW

Key Features

- **Versatile Brewing:** Offers Classic, Bold, and Over Ice brew styles.
- **Dual Compatibility:** Brews using both K-cup pods and ground coffee.
- **Large Water Reservoir:** Features a removable 40 oz (approximately 1.18 L) tank, allowing for multiple brews before refilling.
- **Multiple Brew Sizes:** Select from 6, 8, 10, 12, 16, or 24 oz cup sizes.
- **Splash-Preventing Design:** Includes a heightened drip tray to minimize splashing.
- **Travel Mug Friendly:** Accommodates travel mugs up to 7.3 inches tall with the drip tray removed.
- **Easy Maintenance:** Built-in cleaning function and dishwasher-safe removable parts.
- **Compact Design:** Space-saving footprint suitable for various environments.

SETUP

1. Unpacking

Carefully remove all packaging materials and ensure all components are present: coffee maker unit, removable 40oz water reservoir, K-cup pod holder, and reusable filter basket for ground coffee.

2. First Use & Initial Cleaning

1. Wash the removable water reservoir, K-cup pod holder, and reusable filter basket with warm, soapy water. Rinse thoroughly and dry.
2. Fill the water reservoir with fresh water up to the 'MAX' line.
3. Place an empty mug on the drip tray.
4. Run two full brew cycles (24 oz each) with only water to flush the system. Do not add coffee during this initial cleaning.

3. Water Reservoir Installation

Ensure the water reservoir is securely placed on the side of the coffee maker. It should click into place. Fill with fresh, cold water before each use, ensuring it does not exceed the 'MAX' fill line.

OPERATING INSTRUCTIONS

1. Preparing Your Coffee

- **For K-Cup Pods:** Open the brew head lid, insert a K-cup pod into the K-cup pod holder, and close the lid firmly.
- **For Ground Coffee:** Open the brew head lid, place your desired amount of ground coffee (do not overfill) into the reusable filter basket, and close the lid firmly.

2. Selecting Brew Options

6 Brew Sizes to Select

Image: The control panel of the coffee maker, illustrating the buttons for selecting brew size (6oz to 24oz) and brew style (Hot Brew, Bold, Over Ice).

- **Choose Brew Size:** Use the 'OZ' button to cycle through available brew sizes (6, 8, 10, 12, 16, 24 oz).
- **Select Brew Style:**
 - Press 'HOT BREW' for standard hot coffee.
 - Press 'BOLD' for a stronger hot coffee.

- Press 'OVER ICE' to brew directly over ice for iced coffee. Ensure your mug contains ice before selecting this option.

3. Starting the Brew

After selecting your desired brew size and style, press the 'ON/OFF' button to begin brewing. The machine will automatically stop when the selected volume is dispensed.

MAINTENANCE AND CLEANING

1. Regular Cleaning

- The removable water reservoir, K-cup pod holder, and reusable filter basket are dishwasher safe for convenient cleaning.
- Wipe the exterior of the coffee maker with a damp cloth. Do not use abrasive cleaners.

2. Descaling

The coffee maker has a built-in descaling function to remove calcium deposits. Refer to the descaling indicator light on the control panel. Use an official descaling solution or a mixture of white vinegar and water as recommended by the manufacturer. Follow the specific descaling cycle instructions provided in the full product manual (if available) or on the manufacturer's website.

TROUBLESHOOTING

If you encounter issues with your coffee maker, please refer to the following steps. For more detailed troubleshooting, consult the official quick fix guide video:

Video: A quick fix guide demonstrating diagnostic steps for common coffee maker issues, including testing the machine and checking

Common Issues & Solutions:

- **No Water Dispensing:** Ensure the water reservoir is correctly installed and filled. Check for clogs in the brew head or needle.
- **Weak Coffee:** Try the 'BOLD' brew setting. For ground coffee, ensure you are using a fresh, coarse grind and not overfilling the reusable filter.
- **Water Flow Abnormal:** If the machine runs normally but water flow is abnormal, wait 10 minutes to cool before opening the lid to prevent capsule explosion. Check for clogs in the pod holder or capsule.
- **Machine Not Turning On:** Verify the power cord is securely plugged into a working 110-120V outlet.

SPECIFICATIONS

Feature	Specification
Brand	Tastyle
Model	B0DHRQRFHK
Color	Black & Gold
Product Dimensions (L x W x H)	26.16 x 11.94 x 30.99 cm (10.3 x 4.7 x 12.2 inches)
Item Weight	1.59 kg (3.5 lbs)
Water Reservoir Capacity	40 oz (approx. 1.18 Liters)
Power/Wattage	1000 watts
