PRODUCT OVERVIEW

The AWEI T95 earbuds incorporate advanced features for an enhanced audio experience:

- Long Battery Life:** Up to 5 hours of playback on a single charge for the earbuds. The 300mAh charging case extends total playback to 42 hours in dual-ear mode, or up to 84 hours when alternating single-ear use.
- Stereo Audio & Clear Calls:** Equipped with 14.2mm large speakers for deep bass and clear audio. Built-in microphones ensure clear voice transmission during calls.
- Bluetooth 5.4 Technology:** Provides a fast, stable, and low-latency connection, ensuring audio and video synchronization.
- Secure Fit:** Ergonomically designed with silicone earhooks to ensure stability during physical activities.
- IPX6 Waterproof:** Resistant to splashes and sweat, making them suitable for sports and workouts.
- Touch Control:** Intuitive touch controls for easy operation.

ULF Enhancement Algorithm For Breathtaking Heavy Bass

Low-frequency signal acquisition for precise tuning and optimization, which greatly increases the bass details and shock sensation

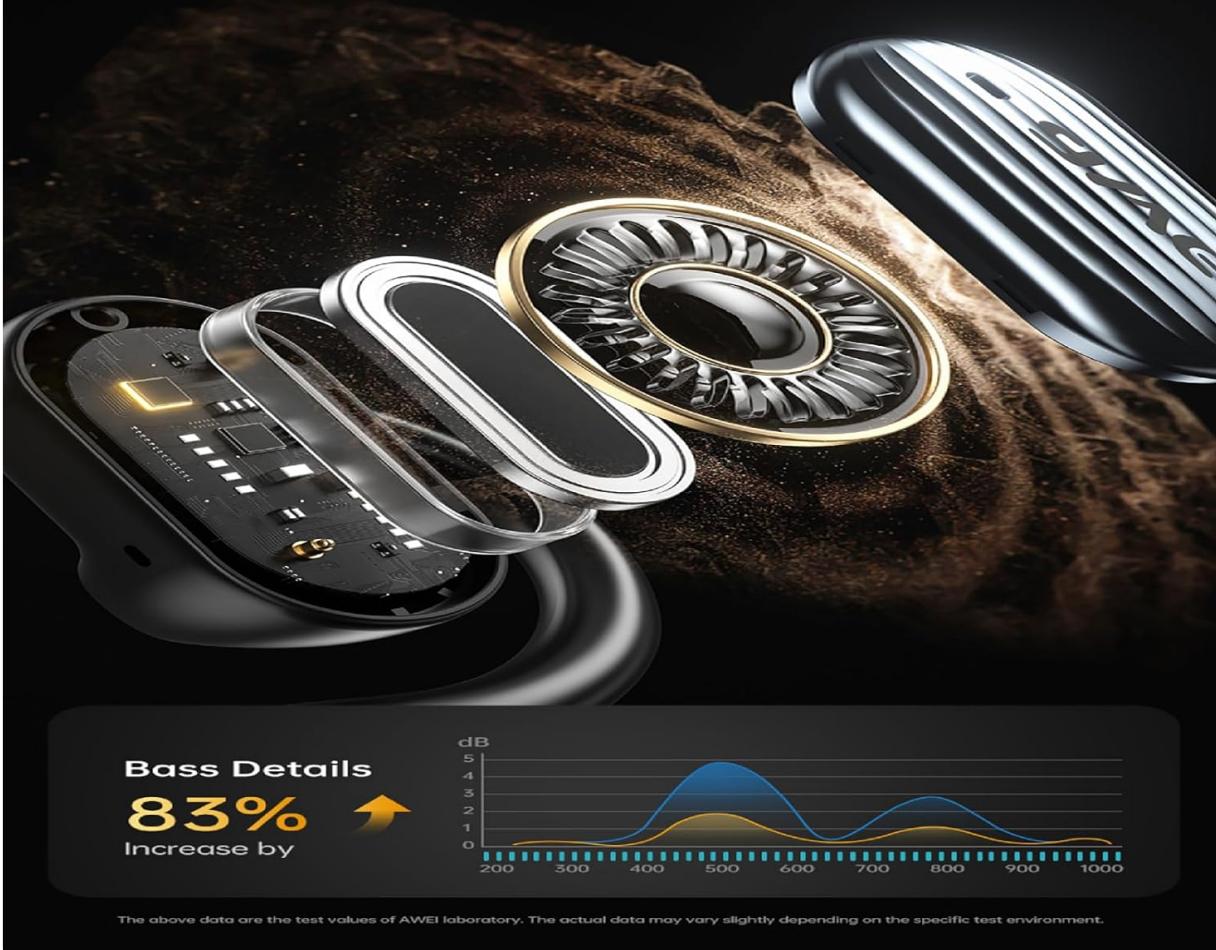

Image: An exploded view of an AWEI T95 earbud, highlighting its internal speaker and components. Below, a graph illustrates an 83% increase in bass details, demonstrating the ULF Enhancement Algorithm.

SETUP

1. Charging the Earbuds and Case

Before first use, fully charge the earbuds and the charging case. Connect the provided USB charging cable to the charging case and a compatible USB power source. The indicator lights on the case will show the charging status. Ensure the earbuds are placed correctly in the charging case to charge them.

2. Initial Pairing

1. Open the charging case. The earbuds will automatically power on and enter pairing mode.
2. On your device (smartphone, tablet, laptop), enable Bluetooth and search for available devices.
3. Select "AWEI T95" from the list of found devices to connect.
4. Once connected, a voice prompt will confirm successful pairing.

The earbuds will automatically connect to the last paired device when removed from the charging case. They will shut down and recharge when placed back into the case.

Bluetooth 5.3 Audio & Video Synchronization

Anti-electromagnetic interference, no jam or disconnection,
high-speed transmission, lower power consumption
which improve the e-sports experience greatly

OPERATING INSTRUCTIONS

1. Wearing the Earbuds

The AWEI T95 earbuds are designed with ergonomic earhooks for a secure fit. Gently place the earbud into your ear canal and adjust the earhook over your ear until it feels comfortable and stable. Experiment with different eartip sizes to find the best fit for extended wear and optimal sound quality.

Skin-Friendly Silicone Ear Hooks Your Exclusive Sports Earphones

The ergonomic structure fits human auricles closely, alloy wires in the silicone achieve softness and rigidity synchronously

Image: A person wearing the AWEI T95 earbuds, demonstrating the secure over-ear fit. Insets show close-ups of the skin-friendly silicone earhooks and their alloy wire structure.

2. Touch Controls

The earbuds feature intuitive touch controls. Specific functions (e.g., play/pause, skip track, answer/end call, activate voice assistant) are typically managed by single, double, or long presses on the earbud's touch-sensitive surface. Refer to the quick start guide included in your package for detailed touch control gestures.

3. Single and Dual Ear Mode

The AWEI T95 earbuds support both single-ear and dual-ear usage. You can use either earbud independently for calls or music, or both together for a stereo audio experience. The earbuds automatically switch between modes based on whether one or both are removed from the charging case and connected to your device.

Dynamic Spatial Sound Effects Immersive Feeling As Concerts

Image: A person with sound waves emanating from the AWEI T95 earbuds, illustrating the dynamic spatial sound effects and 3D surround stereo experience.

MAINTENANCE

1. Cleaning

Regularly clean your earbuds and charging case to maintain hygiene and performance. Use a soft, dry, lint-free cloth to wipe the surfaces. For stubborn dirt, slightly dampen the cloth with water. Do not use harsh chemicals or abrasive materials. Ensure charging contacts are free of debris.

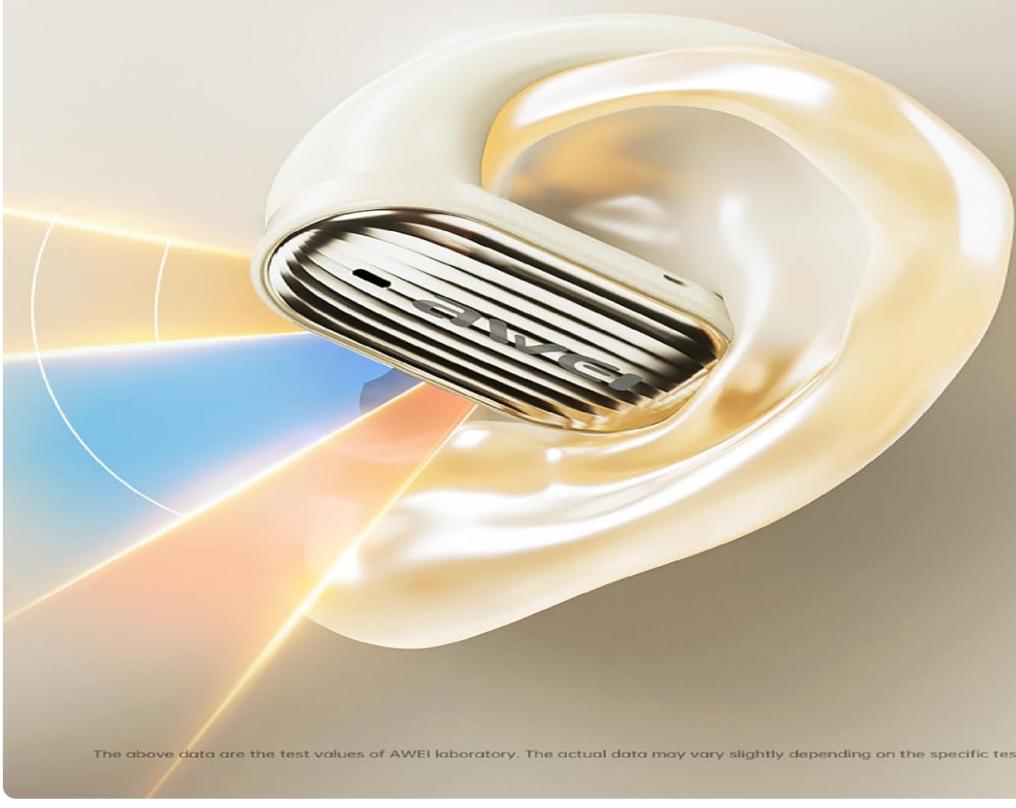

2. Water Resistance

The AWEI T95 earbuds are IPX6 waterproof, meaning they are protected against high-pressure water jets from any direction. This makes them suitable for workouts and use in light rain or against sweat. However, they are not designed for submersion in water. Avoid exposing them to swimming, showering, or heavy rainfall.

Directional Propagation

Staying Alert, Protecting Privacy

Staying alert while listening to musics in dangerous environments,
protecting privacy while calling in dense crowds

The above data are the test values of AWEI laboratory. The actual data may vary slightly depending on the specific test environment.

TROUBLESHOOTING

If you encounter issues with your AWEI T95 earbuds, try the following solutions:

- **No Sound:** Ensure earbuds are charged, connected to your device, and volume is turned up on both the earbuds and your device.
- **Cannot Pair:** Make sure Bluetooth is enabled on your device and the earbuds are in pairing mode. Try turning Bluetooth off and on again on your device.
- **Intermittent Connection:** Ensure you are within the 33-foot operating range of your device. Avoid obstacles between the earbuds and your device.
- **One Earbud Not Working:** Place both earbuds back into the charging case, close the lid, wait a few seconds, then take them out again to re-sync.
- **Charging Issues:** Check that the charging cable is securely connected and the charging contacts on both the earbuds and case are clean.

If problems persist, consult the AWEI official support channels.

SPECIFICATIONS

Model	T95
Brand	AWEI
