## Merax N820S00016K-MZJ

# Merax Full Size Daybed with Storage Instruction Manual

Model: N820S00016K-MZJ

## 1. IMPORTANT SAFETY INFORMATION

---

Please read and understand all instructions before beginning assembly and use. Failure to follow these instructions may result in serious injury or damage to the product.

- **Weight Limit:** Do not load more than **600 pounds** onto the daybed. Exceeding this limit can cause structural failure and injury.
- **Assembly:** This product requires assembly. Ensure all parts are present and undamaged before starting. Follow the assembly instructions carefully to avoid instability or collapse.
- **Tools:** Use only the tools provided or recommended in the assembly guide.
- **Maintenance:** Regularly check all connections and fasteners to ensure they remain tight. Retighten as necessary.
- **Placement:** Place the daybed on a flat, stable surface. Avoid placing it near heat sources or in direct sunlight for prolonged periods to prevent material degradation.
- **Children:** Keep small parts and packaging materials away from children during assembly to prevent choking hazards.

## 2. PACKAGE CONTENTS

---

Verify that all components listed below are present before proceeding with assembly. If any parts are missing or damaged, please contact customer support.

Image showing various wooden panels and structural components of the Merax Full Size Daybed, as typically found in the package.

Image showing a typical hardware kit for the Merax Daybed, including screws, bolts, and an Allen wrench. Ensure all fasteners are accounted for.

A detailed list of parts and hardware will be included in the separate assembly guide provided with your product. Please refer to that document for specific quantities and identification.

### 3. SETUP AND ASSEMBLY INSTRUCTIONS

---

Assembly of the Merax Full Size Daybed requires two adults. Please follow the step-by-step instructions provided in the separate assembly manual included in your package. The following images illustrate key stages and features of the assembled product.

1. **Prepare the Area:** Clear a spacious area for assembly. Lay out all parts and hardware on a soft, clean surface to prevent scratches.
2. **Assemble the Bed Frame:** Begin by connecting the side rails to the headboard and footboard using the provided hardware. Ensure all connections are secure.
3. **Install Bed Slats:** Place the wooden slats across the bed frame. Secure them according to the assembly guide to create a stable mattress foundation. This daybed features 10 sturdy wood slats, eliminating the need for a box spring.
4. **Assemble the Storage Unit:** Construct the all-in-one cabinet and shelf unit. Attach it to the headboard section of the

daybed.

- 5. Install Drawers:** Assemble the two smooth-sliding drawers and insert them into the designated spaces beneath the bed frame.

Angled view of the daybed with cabinet doors and drawers open, providing a clearer perspective of the internal storage compartments and shelves.

## 4. OPERATING INSTRUCTIONS

The Merax Full Size Daybed is designed for ease of use and versatile storage.

- **Drawers:** The two drawers located beneath the bed frame are equipped with smooth-sliding mechanisms. To open, gently pull the handle. To close, push firmly until fully recessed. Avoid overloading the drawers to ensure smooth operation and prevent damage.
- **Cabinet and Shelf:** The integrated cabinet and shelf unit provides additional storage. The cabinet doors open and close manually. The shelves are fixed and designed to hold books, decorative items, or other personal belongings. Distribute weight evenly on shelves.

## 6. TROUBLESHOOTING

---

If you encounter issues with your Merax Daybed, refer to the following common solutions:

Problem	Possible Cause	Solution
Daybed feels wobbly or unstable.	Loose fasteners; uneven floor.	Check and tighten all bolts and screws. Ensure the daybed is on a level surface; use shims if necessary.
Drawers are difficult to open or close.	Overloaded drawers; debris in rails; misaligned rails.	Reduce drawer contents. Clean drawer rails. Re-align drawers if they appear off-track.
Squeaking noises from the bed frame.	Loose connections; friction between wood parts.	Tighten all assembly hardware. If squeaking persists, apply a small amount of furniture wax or silicone spray to contact points between wooden components.
Cabinet doors do not close properly.	Misaligned hinges; obstruction.	Check hinges for proper alignment and tighten screws. Remove any items obstructing the door's path.

If these solutions do not resolve the issue, please contact Merax customer support for further assistance.

## 7. SPECIFICATIONS

---

Detailed product specifications for the Merax Full Size Daybed (Model N820S00016K-MZJ).

**Model:** N820S00016K-MZJ

**Type:** Full Size Daybed with Storage

**Material:** Solid Pine Wood and MDF

**Color:** White

**Overall Product Dimensions (L x W x H):** 79.8" x 56.4" x 74.8"
