### OPERATING THE SHED

The Florise storage shed is designed for straightforward operation. The wide hinged doors allow for easy entry and exit of large items. To secure your belongings, simply close the doors and utilize the integrated locking mechanism with a padlock (not included).

To maximize storage efficiency, consider organizing items by frequency of use, installing shelving units, or utilizing vertical space. The natural light from the windows aids in visibility during daytime use.

### CARE AND MAINTENANCE

- **Regular Cleaning:** Periodically clean the exterior and interior of the shed with mild soap and water to remove dirt and debris. Avoid abrasive cleaners that could damage the finish.
- **Fastener Inspection:** Annually inspect all screws and bolts to ensure they remain tight. Re-tighten any loose fasteners to maintain structural integrity.

- **Drainage Check:** Ensure the sloping roof and surrounding area allow for proper water runoff to prevent accumulation and potential issues.
- **Ventilation:** Keep air vents clear of obstructions to ensure continuous air circulation and prevent moisture buildup.

## TROUBLESHOOTING

- **Missing Parts or Product Damage:** If you encounter any missing parts or product damage upon delivery, please contact Florise customer support directly.
- **Assembly Difficulties:** Refer to the provided installation video and detailed assembly instructions. If issues persist, contact customer support for expert advice.
- **Incomplete Shipment:** The 10x12ft storage shed is delivered in three boxes, which may arrive on different days. If your shipment seems incomplete, contact customer support for additional tracking numbers and real-time updates.
