## TRIUMPHKEY DT-0513

# TRIUMPHKEY Vanity Table with LED Mirror

Model: DT-0513

## PRODUCT OVERVIEW

The TRIUMPHKEY Vanity Table is a modern dressing table designed for makeup application and personal organization. It features an integrated LED mirror with adjustable lighting, ample storage, and a durable construction. This manual provides essential information for assembly, operation, and maintenance to ensure safe and effective use of your vanity table.

## KEY FEATURES

- **Adjustable LED Mirror:** Equipped with an LED mirror offering 3 adjustable light color temperatures (cool white, warm white, natural white) and dimmable brightness. This allows for optimal lighting in various makeup situations.
- **Ample Storage Capacity:** Features 7 flexible drawers and 4 open storage shelves, providing extensive space for cosmetics, magazines, jewelry, and other personal items. The tabletop also includes separated storage areas to prevent items from falling.
- **Durable Construction:** Constructed from engineered wood with a melamine veneer, ensuring a smooth, water-resistant, and easy-to-clean surface. The stable structure supports up to 75 kg (165 lbs).
- **Modern Design:** Boasts a simple yet atmospheric white tabletop combined with hidden handles, offering a contemporary aesthetic that complements various room decors.
- **Easy Assembly:** The package includes detailed instructions and all necessary accessories, facilitating quick and straightforward assembly.

- **Ampio Spazio di Archiviazione**

## SAFETY WARNINGS

---

- **General Use:** Use the vanity table strictly according to the instructions provided in this manual.
- **Water Exposure:** Keep the product away from water and high humidity to prevent damage to the materials and electrical components.
- **Weight Limit:** Do not exceed the maximum weight limit of 75 kg (165 lbs) on the tabletop or in the drawers to avoid structural damage or collapse.
- **Assembly Safety:** Always follow all assembly safety instructions. Ensure all screws and fasteners are securely tightened before use.
- **Anti-Tipping Device:** For enhanced safety, especially in households with children or pets, utilize the included anti-tipping device to secure the vanity table to a wall. This prevents accidental tipping.
- **Electrical Safety:** Ensure the LED mirror's power supply is connected to a suitable electrical outlet. Do not attempt to repair or modify the electrical components yourself. Contact qualified personnel for any electrical issues.

## ASSEMBLY INSTRUCTIONS

---

Your TRIUMPHKEY Vanity Table is designed for straightforward assembly. It typically arrives in two separate packages. Please follow these general steps:

1. **Unpack All Components:** Carefully open both packages and lay out all parts on a clean, soft surface (e.g., a blanket or cardboard) to prevent scratches. Verify that all components and hardware listed in the included assembly manual are present. All parts are typically numbered for easy identification.
2. **Follow the Manual:** Refer to the detailed assembly manual provided in the box. Each step is illustrated and clearly described. Pay close attention to the orientation of parts and the type of fasteners used for each connection.
3. **Secure Connections:** Ensure all screws, dowels, and other fasteners are tightened securely. Do not overtighten, as this may damage the engineered wood.
4. **Install Anti-Tipping Device:** Once the vanity table is fully assembled and in its desired location, install the anti-tipping device as per the instructions in the manual and the safety warnings section.

If you encounter any missing parts or difficulties during assembly, please refer to the troubleshooting section or contact customer support.

## OPERATING INSTRUCTIONS (LED MIRROR)

The integrated LED mirror offers versatile lighting options for your convenience.

- **Power On/Off:** Locate the touch sensor button on the mirror surface. A short press will turn the LED lights on or off.
- **Change Light Color Temperature:** With the lights on, short press the touch sensor button repeatedly to cycle through the 3 available light color temperatures: cool white, warm white, and natural white.
- **Adjust Brightness:** With the lights on, long press and hold the touch sensor button to smoothly adjust the brightness level. Release the button when the desired brightness is achieved.

Image: Visual representation of the three distinct light modes (cool white, warm white, and warm yellow) available on the LED mirror, demonstrating the versatility for different lighting needs.

## MAINTENANCE

Proper care will extend the life and maintain the appearance of your vanity table.

- **Cleaning the Surface:** Wipe the engineered wood surfaces with a soft, damp cloth. Avoid using harsh chemicals, abrasive cleaners, or excessive moisture, as these can damage the melamine veneer.
- **Cleaning the Mirror:** Use a glass cleaner specifically designed for mirrors and a lint-free cloth to clean the LED mirror. Spray the cleaner onto the cloth, not directly onto the mirror, to prevent liquid from seeping into the electrical components.
- **Dusting:** Regularly dust all surfaces with a dry, soft cloth to prevent dust buildup.
- **Spills:** Immediately wipe up any spills to prevent staining or damage to the surface.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.

## TROUBLESHOOTING

If you encounter issues with your TRIUMPHKEY Vanity Table, refer to the following common problems and solutions:

| Problem                                            | Possible Cause                                                                 | Solution                                                                                                                                                                                     |
|----------------------------------------------------|--------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| LED Mirror not turning on or flickering.           | Loose power connection, power outage, faulty wiring, or damaged LED component. | Check if the power cord is securely plugged into the outlet and the mirror. Ensure the outlet has power. If the issue persists, contact customer support. Do not attempt electrical repairs. |
| Vanity table feels wobbly or unstable.             | Loose assembly screws, uneven floor, or anti-tipping device not installed.     | Check and tighten all assembly screws. Ensure the table is on a flat, level surface. Install the anti-tipping device if not already done.                                                    |
| Drawers are difficult to open/close or misaligned. | Improper drawer slide installation, obstruction, or uneven assembly.           | Ensure drawer slides are correctly installed and aligned. Check for any objects obstructing the drawer's path. Re-check assembly steps for drawer sections.                                  |
| Missing parts during assembly.                     | Packaging error or parts overlooked.                                           | Carefully re-check all packaging materials. If parts are genuinely missing, contact TRIUMPHKEY customer support with your purchase details and the specific part numbers needed.             |
