

## GOBOULT AmpVault

# GOBOULT AmpVault v10 Powerbank User Manual

Model: AmpVault | Capacity: 10000 mAh | Fast Charging: 22.5W

## 1. INTRODUCTION

Thank you for choosing the GOBOULT AmpVault v10 Powerbank. This device is designed to provide portable and efficient power for your electronic devices. With a 10000 mAh capacity and 22.5W fast charging, it ensures your smartphones, tablets, smartwatches, and earbuds remain charged on the go. Please read this manual carefully to understand the product's features, operation, and safety guidelines.

## 2. PRODUCT FEATURES

- **10,000 mAh Capacity:** Provides ample power to charge multiple devices.
- **22.5W Fast Charging:** Supports rapid charging for compatible devices.
- **Triple Output Ports:** Includes Micro USB, Type-C (Input/Output), and USB ports for versatile connectivity.
- **LED Digital Display:** Shows real-time battery percentage.
- **Multiple Layers of Safety:** Integrated protection against over-voltage, over-charge, short circuit, and more.
- **Premium Metallic Finish:** Durable and aesthetically pleasing design.
- **Compact and Lightweight:** Easy to carry for daily use and travel.
- **Versatile Compatibility:** Works with smartphones, tablets, smartwatches, and earbuds.

## 3. PRODUCT OVERVIEW AND COMPONENTS

Familiarize yourself with the physical components of your AmpVault v10 Powerbank.

This image displays the compact design of the Boult AmpVault v10 Powerbank in Powder Blue, featuring its LED digital display showing the current battery percentage.

Universal compatibility

A detailed view of the power bank's input and output ports, including the versatile Type-C port and a standard USB port.

# Premium metallic finish

This image shows the power bank's premium metallic finish and the LED digital display, which indicates the battery level.

## 4. SETUP AND INITIAL USE

1. **Unboxing:** Carefully remove the power bank and any included accessories from the packaging.
2. **Initial Charge:** Before first use, fully charge the power bank. Connect the power bank to a power adapter (not included) using a compatible USB-C or Micro USB cable. The LED display will show the charging progress.
3. **Full Charge Indication:** The LED display will show '100%' when the power bank is fully charged.

## 5. OPERATING INSTRUCTIONS

### 5.1 Charging the Power Bank

To charge your AmpVault v10 Powerbank:

1. Connect a compatible USB-C or Micro USB cable to the corresponding input port on the power bank.
2. Connect the other end of the cable to a USB wall adapter or a computer's USB port.
3. The LED display will illuminate and show the current charge percentage, indicating that charging is in

progress.

4. Once fully charged, the display will show '100%'. Disconnect the cable.

## 5.2 Charging Your Devices

To charge your electronic devices:

1. Connect your device's charging cable to one of the power bank's output ports (USB-A or USB-C).
2. Connect the other end of the cable to your device.
3. The power bank will automatically begin charging your device. The LED display will show the remaining battery percentage of the power bank.
4. Disconnect your device once it is fully charged or when you no longer need to charge it.

Stay powered.  
Stay ahead.

Device	Estimated Charging Times
iPhone 15	2.4 times
OnePlus Nord 4	2.9 times
Samsung Galaxy S24	2.05 times

Charging Capacity determined on the basis of lab tests. Final results may vary

# Charging your essentials

This image highlights the power bank's universal compatibility, showing it simultaneously charging a range of personal electronic devices.

## 6. LED DISPLAY INFORMATION

The integrated LED digital display provides clear information about the power bank's status:

- **Percentage (e.g., '55%')**: Indicates the remaining battery charge level of the power bank.
- **Charging Indicator**: When the power bank is being charged, the percentage will increase. When it is charging a device, the percentage will decrease.

## 7. SAFETY INFORMATION AND PRECAUTIONS

The AmpVault v10 Powerbank incorporates multiple safety features to protect both the device and your connected electronics. Please observe the following precautions:

- Do not expose the power bank to extreme temperatures (hot or cold), direct sunlight, or fire.
- Avoid dropping, hitting, or disassembling the device.
- Keep the power bank away from water and other liquids.

- Use only certified charging cables and adapters.
- Do not attempt to charge the power bank and another device simultaneously if the power bank's battery is critically low.
- Store in a cool, dry place when not in use.
- Keep out of reach of children.

### Integrated Safety Protections:

- **Overcharge Protection:** Prevents damage from excessive charging.
- **Over-voltage Protection:** Safeguards against voltage fluctuations.
- **Overcurrent Protection:** Protects against excessive current flow.
- **Short Circuit Protection:** Prevents damage from short circuits.
- **Electrostatic Charge Protection:** Guards against electrostatic discharge.
- **Smart Shutdown Protection:** Automatically powers off when not in use or when an issue is detected.

## 9. TROUBLESHOOTING

If you encounter issues with your AmpVault v10 Powerbank, refer to the following common problems and solutions:

- **Power bank not charging:**
  - Ensure the charging cable is securely connected to both the power bank and the power source.
  - Try a different charging cable or wall adapter.
  - Verify the power source is active.
- **Device not charging from power bank:**
  - Check if the power bank has sufficient charge (refer to the LED display).
  - Ensure the charging cable is securely connected to both the power bank and your device.
  - Try a different charging cable or a different output port on the power bank.
  - Confirm your device is compatible with the power bank's output specifications.
- **Slow charging:**

- Ensure you are using a fast-charging compatible cable and adapter for both the power bank and your device.
- Some devices may limit charging speed to protect their battery.

- **LED display not working:**

- The display may turn off automatically to save power. Connect a device or charger to activate it.
- If the issue persists, contact customer support.

## 10. MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the power bank. Do not use harsh chemicals or abrasive materials.
- **Storage:** Store the power bank in a cool, dry place away from direct sunlight and extreme temperatures. For long-term storage, it is recommended to keep the power bank charged to about 50-75% to prolong battery life.
- **Battery Care:** To maintain optimal battery health, avoid fully discharging the power bank frequently.

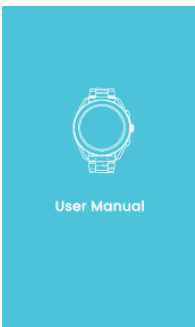

## 11. WARRANTY AND SUPPORT

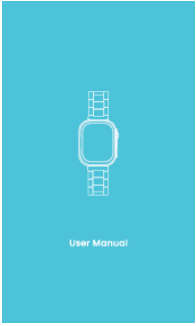

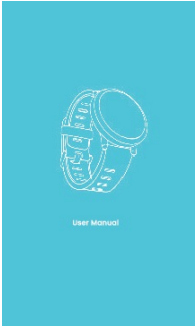

The GOBOULT AmpVault v10 Powerbank comes with a **1-year warranty** from the date of purchase. This warranty covers manufacturing defects. It does not cover damage caused by misuse, accidents, unauthorized modifications, or normal wear and tear.

For warranty claims, technical support, or any inquiries, please contact GOBOULT customer service through their official website or the retailer where the product was purchased. Please retain your proof of purchase for warranty validation.
