Keepsmile HX-818

Keepsmile Smart RGB LED Corner Floor Lamp

Model: HX-818

1. INTRODUCTION AND OVERVIEW

Thank you for choosing the Keepsmile Smart RGB LED Corner Floor Lamp. This modern and versatile lighting solution is designed to enhance your living space with dynamic, customizable illumination. Featuring advanced RGB+IC technology, this lamp provides vibrant colors, music synchronization, and multiple control options for an immersive lighting experience.

The lamp boasts an upgraded light-emitting base, ensuring no shadows or dark areas when lit, and its 172 LEDs offer increased brightness. Control your lighting effortlessly via Bluetooth APP, remote control, or the integrated control buttons on the lamp itself. Explore 16 million colors, various dynamic and static modes, and adjust brightness and light speed to suit any mood or occasion.

Its sleek design, durable aluminum alloy shell, and heavy-duty base ensure stability and longevity, making it a perfect addition to bedrooms, living rooms, game rooms, or offices.

2. WHAT'S IN THE BOX

Please check the package contents to ensure all items are present and in good condition:

- Floor Lamp (main light bar and base)
- Remote Control
- Power Adapter

3. SETUP AND INSTALLATION

Follow these steps to assemble and set up your Keepsmile Smart RGB LED Corner Floor Lamp:

1. **Unpack Components:** Carefully remove all components from the packaging.
2. **Assemble Light Bar:** The light bar consists of detachable segments. Gently plug the segments together to form the full height of the lamp. Ensure they are securely connected.
3. **Attach to Base:** Insert the assembled light bar into the heavy-duty base. Ensure it is firmly seated.

4. **Secure with Screws (if applicable):** Some models may require tightening small screws to fix the light poles. Use the provided tool if necessary.

5. **Connect Power:** Plug the power adapter into the lamp's power input, then plug the adapter into a standard wall outlet.

6. **Position the Lamp:** Place the lamp in your desired corner or location. Ensure the base is stable on a flat surface.

4. OPERATING INSTRUCTIONS

4.1 Control Methods

Your Keepsmile lamp offers three convenient ways to control its functions:

- **Bluetooth APP:** For full customization and smart features.
- **Remote Control:** Quick and easy access to common functions.
- **Control Buttons:** Basic on/off and mode changes directly on the lamp.

Figure 3: Overview of the three control methods: APP, button, and remote.

4.2 Connecting to the Magic Lantern APP

For the most comprehensive control and access to all features, download and connect to the Magic Lantern APP:

1. **Download APP:** Scan the QR code in the product manual or search for "Magic Lantern" in your device's app store.
2. **Enable Bluetooth:** Turn on Bluetooth on your smartphone.
3. **Open APP and Connect:** Open the Magic Lantern APP. Keep your phone as close as possible to the lamp. The app should automatically detect the lamp. If not, click the list icon in the upper left corner to manually add or connect to the device. A successful connection will be indicated by a specific mark within the app.
4. **Explore Features:** Once connected, you can access 16 million colors, multiple dynamic and static modes, adjust brightness, and light speed.

4.3 Music Synchronization

The lamp can change colors and light patterns synchronously with the rhythm of music or game sound effects, creating an immersive audio-visual experience.

Figure 4: The lamp's music sync feature, reacting to audio for dynamic lighting.

4.4 Timing Function

Utilize the timing function to set specific on/off times for the lamp, allowing for automated lighting schedules.

4.5 Dynamic Scene Modes

Choose from various pre-set dynamic scene modes to instantly set the perfect ambiance for any activity or mood.

Figure 6: Examples of dynamic scene modes suitable for various room types and moods.

5. MAINTENANCE

To ensure the longevity and optimal performance of your Keepsmile Smart RGB LED Corner Floor Lamp, follow these simple maintenance guidelines:

- **Cleaning:** Disconnect the lamp from power before cleaning. Use a soft, dry cloth to wipe down the lamp's surface. Do not use abrasive cleaners, solvents, or harsh chemicals, as these can damage the finish and electronic components.
- **Dust Removal:** Regularly dust the light bar and base to prevent accumulation, which can affect light output and heat dissipation.
- **Storage:** If storing the lamp for an extended period, disassemble it carefully and store it in its original

packaging in a cool, dry place.

- **Avoid Water:** The lamp is designed for indoor use and is not waterproof. Avoid exposure to water or high humidity.

6. TROUBLESHOOTING

If you encounter any issues with your Keepsmile Smart RGB LED Corner Floor Lamp, please refer to the following common troubleshooting steps:

- **Lamp Not Turning On:**

  - Ensure the power adapter is securely plugged into both the lamp and a working wall outlet.
  - Check if the power outlet is functional by plugging in another device.
  - Verify that the lamp segments are properly connected and secured.

- **Remote Control Not Working:**

  - Check the battery in the remote control and replace it if necessary.
  - Ensure there are no obstructions between the remote and the lamp's receiver.
  - **Pairing Remote:** If you want one remote to control one specific floor lamp, you may need to pair the code separately. Refer to the specific pairing instructions in your remote's guide.

- **APP Connectivity Issues:**

  - Ensure Bluetooth is enabled on your smartphone.
  - Keep your phone close to the lamp during the connection process.
  - Try restarting the Magic Lantern APP or your smartphone.
  - If the lamp is connected to another device, disconnect it before attempting to connect with a new device.

- **Inconsistent Lighting/Colors:**

  - Ensure all light bar segments are fully and correctly inserted. Loose connections can cause inconsistent lighting.
  - Reset the lamp by unplugging it for a few minutes and then plugging it back in.

If the problem persists after trying these steps, please contact customer support for further assistance.

7. SPECIFICATIONS

Feature	Detail
Brand	Keepsmile
Model Number	HX-818
Product Dimensions	4.7"D x 0.98"W x 59"H (11.9cm D x 2.5cm W x 149.9cm H)
Item Weight	3.74 pounds (1.7 kg)
Material	Metal (Aluminum Alloy Shell)
Light Source Type	LED (172 LEDs)

Color	RGB+IC (16 Million Colors)
Wattage	16.8 watts
Power Source	Corded Electric
