Dometic 9620000728

Dometic Max Control Natural Waste Digester and Odor Eliminator 9620000728 User Manual

INTRODUCTION

The Dometic Max Control Natural Waste Digester and Odor Eliminator is designed to effectively break down waste and eliminate odors in marine and RV holding tanks. This 32oz bottle contains a concentrated, natural formula that ensures a clean and fresh environment for your recreational vehicle or boat.

SAFETY INFORMATION

- Always read the label before use.
- Keep out of reach of children and pets.
- Avoid contact with eyes and skin. In case of contact, rinse thoroughly with water for several minutes.
- Do not ingest. If swallowed, seek medical attention immediately and show the product label.
- Use in a well-ventilated area.
- Store in a cool, dry place away from direct sunlight and extreme temperatures.

PRODUCT OVERVIEW

The Dometic Max Control Natural formula utilizes proprietary enzymes and bacteria to quickly break down waste and paper, preventing clogs and maintaining sensor cleanliness. It is environmentally safe and complies with strict regulations, making it suitable for various applications. This product features a light, appealing fragrance for improved user experience, especially in open system applications like portable and gravity toilets.

SETUP AND PREPARATION

1. Ensure your holding tank is empty or has minimal waste before initial treatment for optimal results.
2. Shake the bottle gently before each use to ensure the formula is well-mixed.

OPERATING INSTRUCTIONS

Dosage and Application

- For black or gray water tanks, use **4 oz.** (approximately 1/8 of the bottle) of liquid per **40 gallons** of tank capacity.
- Pour the measured amount directly into the toilet bowl and flush, or directly into the gray water tank drain.
- For best results, apply the treatment after emptying the tank and adding a small amount of water (1-2 gallons) to the tank. This helps activate the enzymes and bacteria.
- Repeat treatment as needed, typically after each tank emptying or weekly, depending on usage and environmental conditions.

MAINTENANCE

- Regular use of Dometic Max Control helps keep tank sensors clean and unobstructed, preventing false readings and ensuring accurate monitoring of tank levels.
- The formula aids in maintaining a healthy septic system when waste is disposed of properly, contributing to environmental responsibility.

TROUBLESHOOTING

Persistent Odor

If odors persist, ensure the correct dosage is being used and that the tank is adequately flushed. Consider increasing the dosage slightly for heavily used tanks or in warmer climates. Check for proper ventilation of the holding tank system.

Clogging

While this product helps prevent clogs by breaking down waste, severe existing clogs may require additional mechanical intervention. Ensure only approved, rapidly dissolving toilet paper is used in your system.

SPECIFICATIONS

Attribute	Detail
Brand	Dometic
Model Name	Max Control Natural
Item Model Number	9620000728
Capacity	32 oz (946.35 Milliliters)
Product Dimensions	3.63"W x 9.25"H

Item Weight	2.28 pounds
Specific Uses	Marine sanitation, RV/camping
UPC	713814344689

STORAGE AND DISPOSAL

- Store in a cool, dry place away from direct sunlight and extreme temperatures.
- Keep bottle tightly closed when not in use to maintain product efficacy.
- Dispose of empty containers according to local regulations. Do not reuse empty containers for other purposes.
