# Best Choice Products 36-inch Pre-Lit Artificial Fir Christmas Wreath with Red Lighted Bow

Model: SKY8225 | Brand: Best Choice Products

## INTRODUCTION

This manual provides essential instructions for the safe setup, operation, and maintenance of your Best Choice Products 36-inch Pre-Lit Artificial Fir Christmas Wreath. Please read this manual thoroughly before use and retain it for future reference.

## SAFETY INFORMATION

- **Electrical Safety:** Ensure the power cord and adapter are in good condition before plugging into an electrical outlet. Do not overload electrical circuits.
- **Indoor/Outdoor Use:** The wreath features flame-retardant PVC and a water-resistant power cord and adapter, making it suitable for both indoor and outdoor display. However, avoid submerging any electrical components in water.
- **Placement:** Position the wreath securely to prevent it from falling. Keep away from heat sources and open flames.
- **Children and Pets:** Keep out of reach of small children and pets to prevent accidental ingestion of small parts or entanglement with electrical cords.

## PACKAGE CONTENTS

Verify that all components are present before beginning assembly:

- 1 x 36-inch Pre-Lit Artificial Fir Christmas Wreath
- 1 x Red Lighted Bow
- 1 x Power Adapter

## SETUP INSTRUCTIONS

- 1. Unpack and Shape:** Carefully remove the wreath from its packaging. Gently spread and fluff the PVC branches to achieve a full and natural appearance. The 36-inch wreath requires no assembly of multiple sections.
- 2. Attach the Red Bow:** The optional red lighted bow can be easily attached to the top or center of the wreath using its integrated fasteners. Ensure the bow's lights are properly connected to the wreath's power system if applicable, or use its own power source as indicated.
- 3. Power Connection:** Connect the wreath's power cord to the provided power adapter. Plug the adapter into a standard electrical outlet.
- 4. Placement:** Hang the wreath on a door, mantel, or any desired location. Ensure it is securely mounted to prevent accidental falls.

## Extra Large Accent

Make a bold statement in any space  
during the holiday season!

### OPERATING INSTRUCTIONS

- **Power On/Off:** Once plugged in, the warm white LED lights on the wreath and the red bow will illuminate. There is no separate switch for the lights; they activate upon connection to power.
- **Light Features:** The wreath features 150 warm white LED lights. The red bow is pre-strung with 35 lights for an enhanced display.

# Product Dimensions

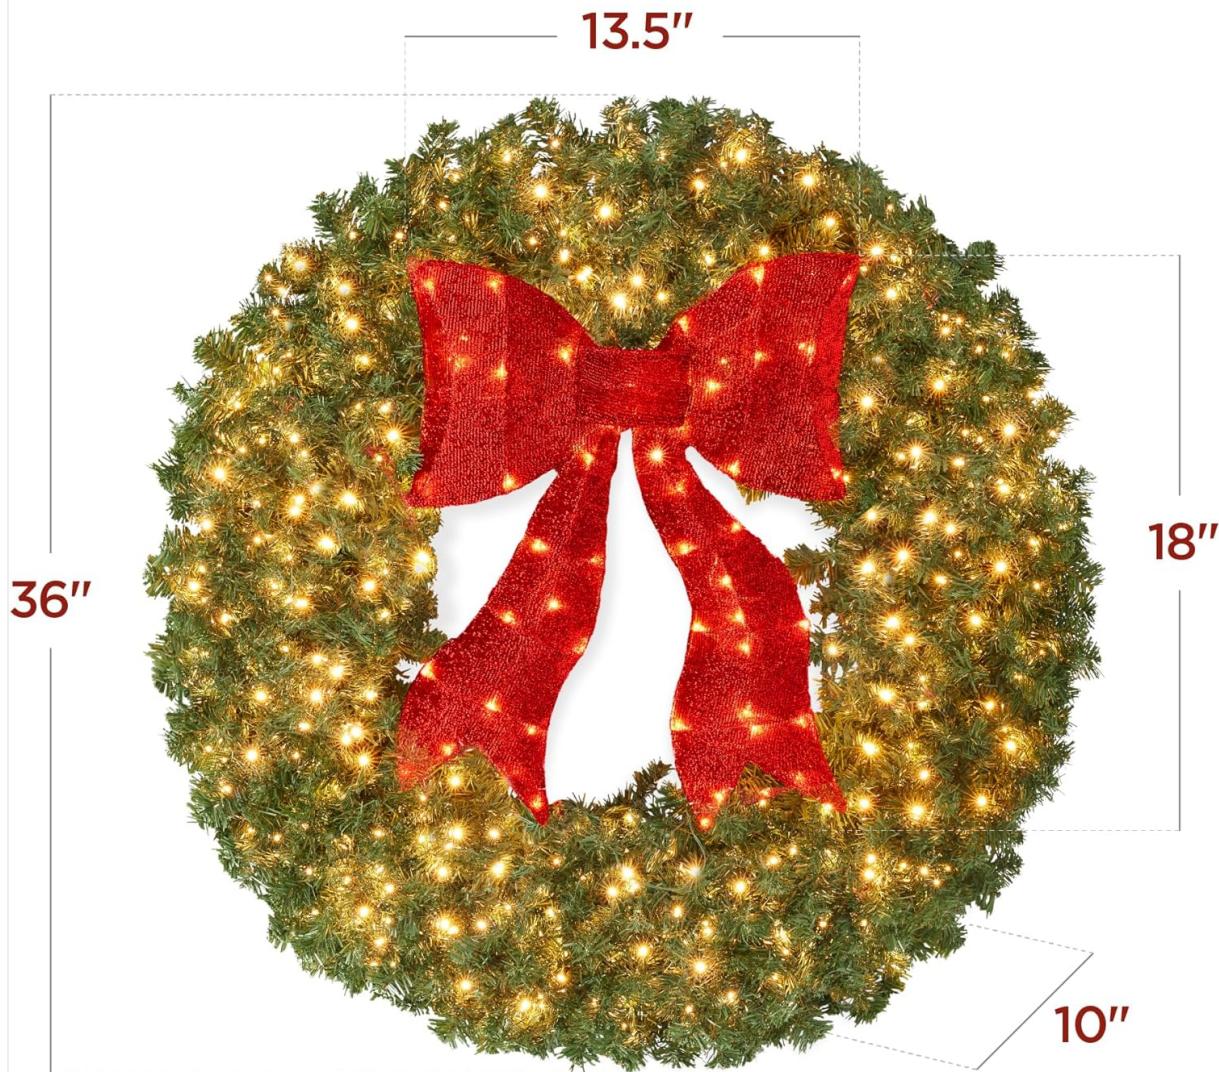

Image: A detailed view of the wreath's illuminated warm white LED lights and dense PVC tips.

## MAINTENANCE

- Cleaning:** Dust the wreath gently with a soft, dry cloth. Do not use liquid cleaners or immerse in water.
- Storage:** For compact storage, the wreath can be easily stored. Ensure all lights are off and the power adapter is disconnected. Store in a cool, dry place away from direct sunlight.

## TROUBLESHOOTING

| Issue                    | Possible Cause                                | Solution   |
|--------------------------|---|--|
| Lights not illuminating. | Power adapter not connected or faulty outlet. | Ensure the power adapter is securely plugged into a working electrical outlet. Check the power source.             |
| Wreath appears sparse.   | Branches are compressed from packaging.       | Gently fluff and shape the PVC branches to achieve desired fullness.   |
| Bow lights not working.  | Bow lights not properly connected or damaged. | Verify the bow's light connection to the main wreath or its separate power source. Inspect for any visible damage. |

## SPECIFICATIONS

| Feature                        | Detail  |
|--------------------------------|---|
| Model Number                   | SKY8225   |
| Brand                          | Best Choice Products                                    |
| Dimensions (Diameter x Height) | 36" (Dia) x 10" (H)                                     |
| Material                       | Polyvinyl Chloride (PVC)                                |
