

PGYTECH Air+Tavel Tech Organizer

PGYTECH Camera Strap Air & Travel Tech Organizer User Manual

Brand: PGYTECH | Model: Air+Tavel Tech Organizer

1. OVERVIEW

This manual provides detailed instructions for the PGYTECH Camera Strap Air and the PGYTECH Travel Tech Organizer. These products are designed to enhance the portability and organization of your camera gear and electronic accessories, ensuring they are secure and easily accessible during travel or daily use.

2. PRODUCT FEATURES

2.1 PGYTECH Camera Strap Air

The PGYTECH Camera Strap Air offers a secure and comfortable way to carry your camera. It features a durable design with quick connectors for easy attachment and detachment.

the organizer is black.

Original Quick Connector Safe and Smooth Operation

By pressing the upper part of the quick connector,
you can easily install and remove the quick bead with one hand

A close-up illustrating the layered construction of the camera strap, highlighting the TPE material with bump design, 600D reinforced nylon, and Menorca® fabric for comfort and durability.

Original Quick Connector Safe and Smooth Operation

Stand a Load of 90KG

18-Braided Dyneema

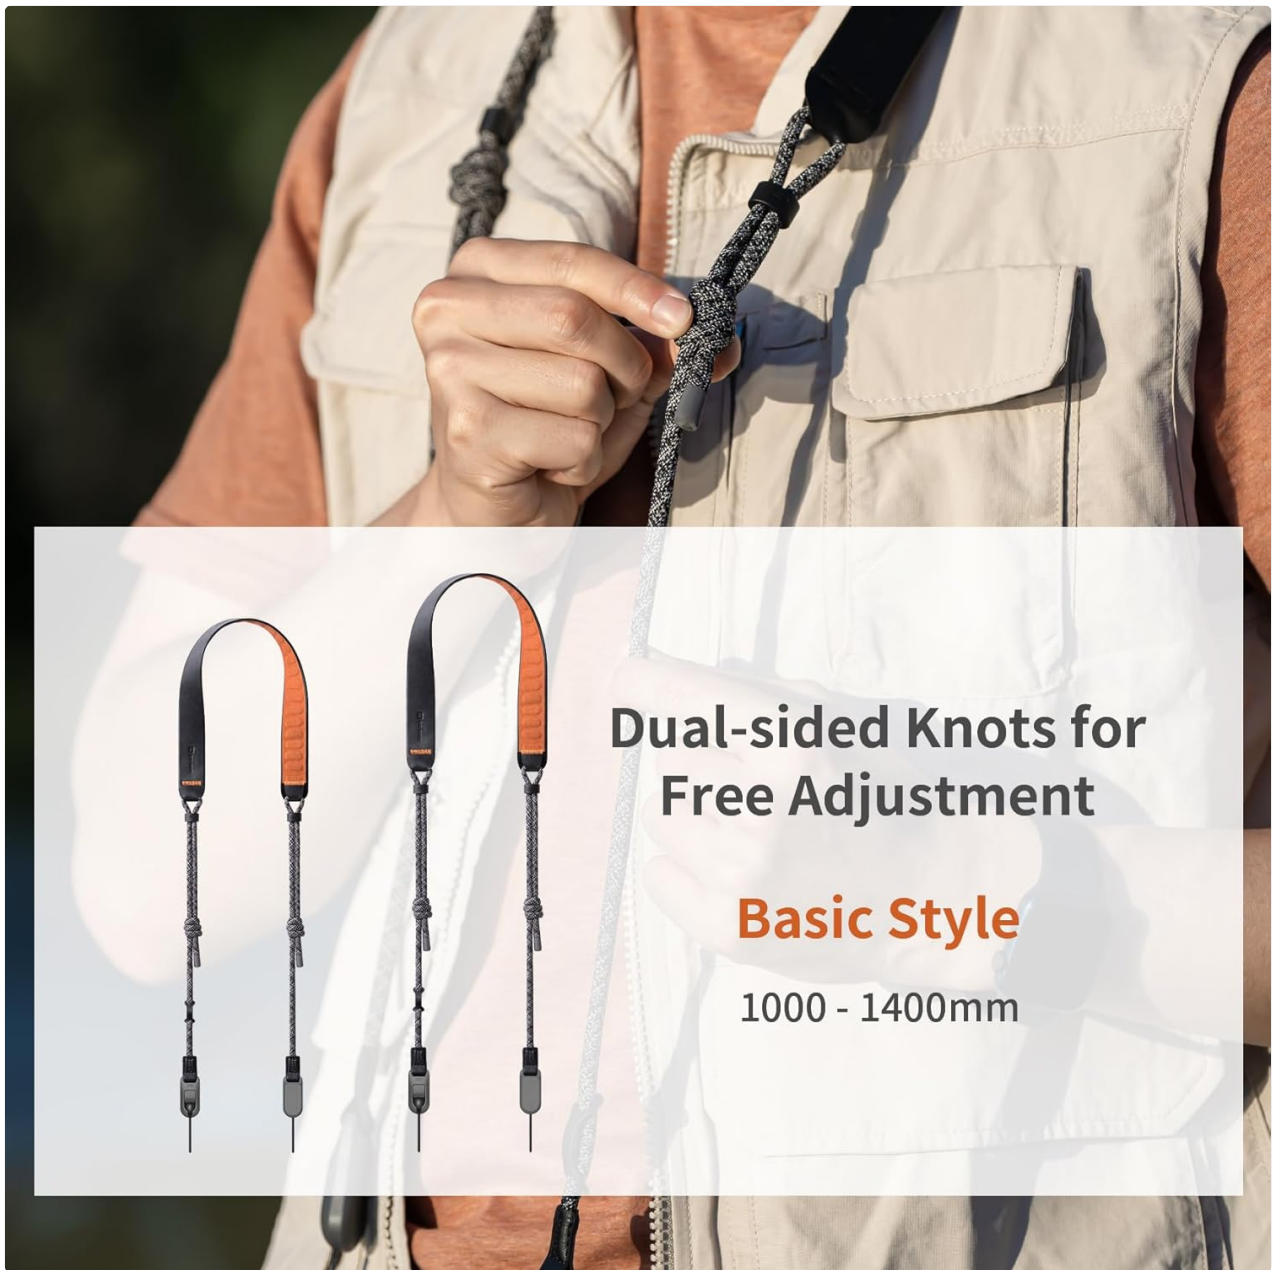

A detailed view of the original quick connector mechanism, showing how to press the upper part to easily install or remove the quick bead with one hand.

Tech Organizer

An illustration demonstrating the strap's 90KG load capacity and the 18-braided Dyneema material used for strength.

An image showing the dual-sided knots on the camera strap, allowing for free length adjustment between 1000-1400mm.

This video demonstrates the quick connector system of the PGYTECH Camera Shoulder Strap Air-1, showing how to attach and detach it from a camera, adjust its length, and wear it in different configurations.

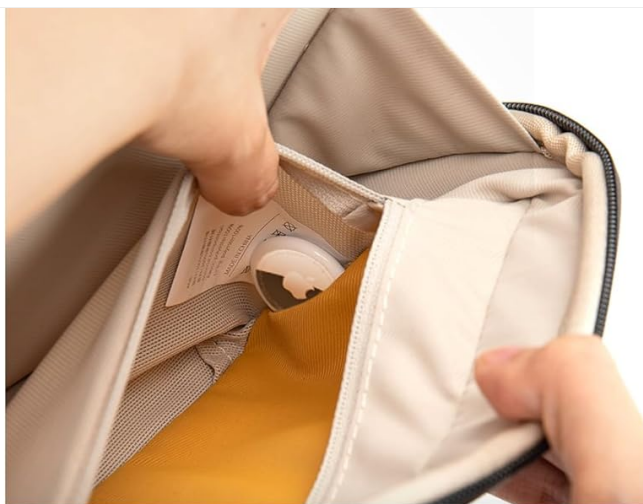

2.2 PGYTECH Travel Tech Organizer

The PGYTECH Travel Tech Organizer is a waterproof pouch designed to keep your electronics and cables neatly organized.

YKK Zipper

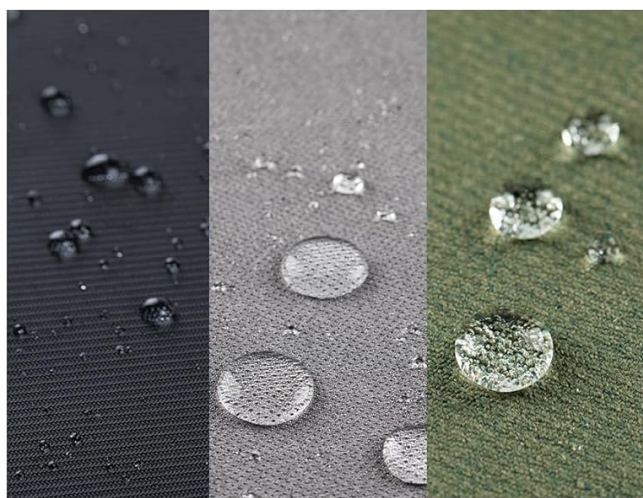

A Reliable Sidekick on the Go

Hidden AirTag pocket brings added peace of mind

Easily carry it via the side handle

Water-repellent Surface Brings Enhanced Protection

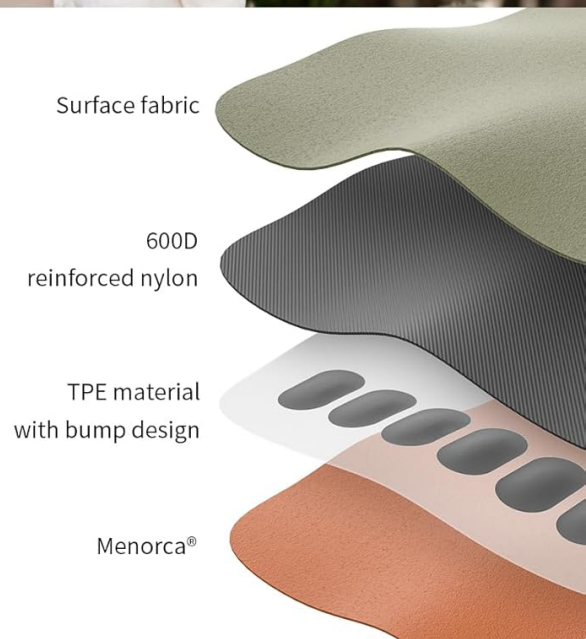

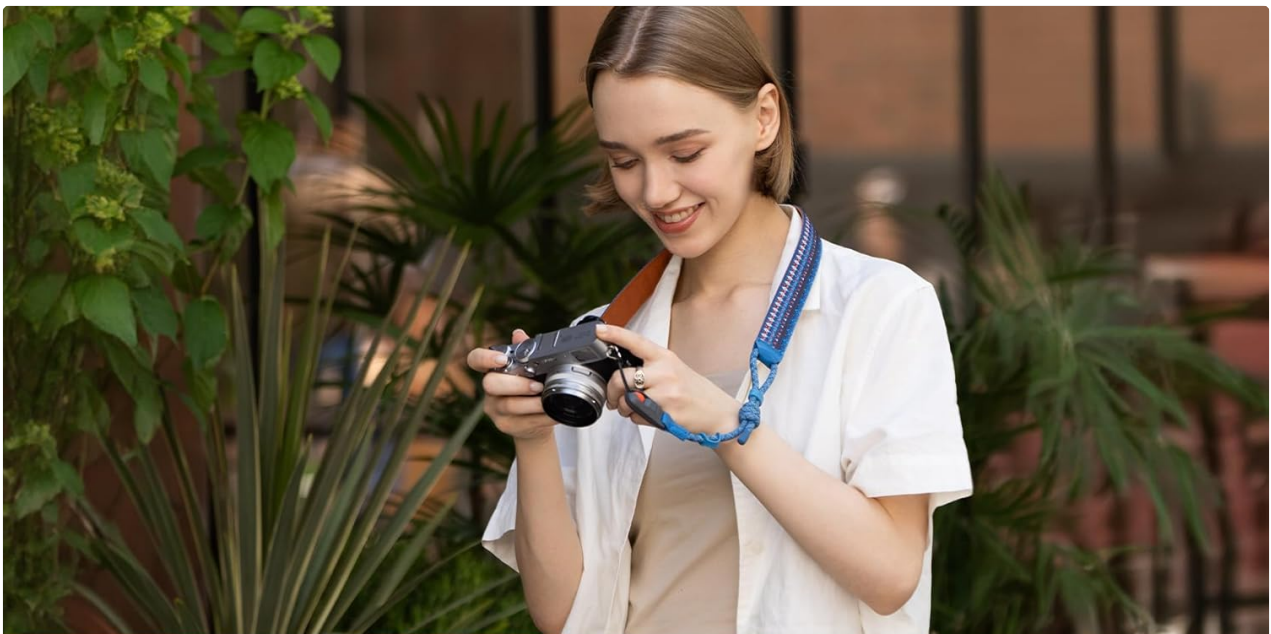

An open view of the Tech Organizer, showcasing its multiple compartments and elastic straps for organizing various electronic accessories like memory cards, cables, and power banks.

A composite image highlighting key features: a durable YKK zipper, a hidden AirTag pocket for tracking, a side handle for easy carrying, and water-repellent surface protection.

An image displaying the dimensions of the Tech Organizer (24cm x 14cm x 8.5cm) and a Mini Tech Organizer (19cm x 11cm x 8.5cm) for size comparison.

Both the PGYTECH Tech Organizer and Mini Tech Organizer are shown open on a desk, filled with various tech accessories, demonstrating their organizational capacity.

This video provides an overview of the PGYTECH OneGo Solo V2 Camera Sling Bag (4L), demonstrating its internal organization, capacity for camera gear and accessories, and various carrying options.

3. SETUP INSTRUCTIONS

3.1 Attaching the Camera Strap

1. Locate the quick connectors on your camera strap.
2. Identify the attachment points on your camera (typically on the sides or bottom).
3. Press the upper part of the quick connector to release the quick bead.
4. Thread the quick bead through the camera's attachment loop.
5. Reinsert the quick bead into the connector until it clicks securely.
6. Repeat for the other side of the strap.

3.2 Adjusting Strap Length

Use the dual-sided knots on the strap to adjust its length for comfortable carrying. Slide the knots along the strap to achieve the desired fit.

3.3 Preparing the Tech Organizer

Unzip the main compartment. Utilize the adjustable dividers and elastic straps to customize the internal layout according to your accessories.

4. OPERATING INSTRUCTIONS

4.1 Carrying Your Camera

The strap can be worn around your neck, across your body as a sling, or over one shoulder. Ensure the camera is securely attached before use.

4.2 Quick Release Function

To quickly detach your camera, press the release button on the quick connector. This allows for rapid removal when transitioning to a tripod or handing off the camera.

4.3 Organizing Accessories

Place smaller items like memory cards, USB drives, and batteries into the dedicated pockets. Use the main compartment for larger items such as power banks, cables, or small lenses.

4.4 Using the AirTag Pocket

For added security, place an Apple AirTag (not included) into the hidden AirTag pocket to track your organizer's location.

5. CARE AND MAINTENANCE

5.1 Camera Strap Cleaning

Wipe the strap with a damp cloth and mild soap. Avoid harsh chemicals. Allow to air dry completely.

5.2 Camera Strap Inspection

Regularly inspect the quick connectors and strap material for any signs of wear or damage. Replace if necessary to ensure camera security.

5.3 Tech Organizer Cleaning

The water-repellent surface can be wiped clean with a damp cloth. For interior cleaning, use a soft brush or vacuum to remove dust and debris.

5.4 Tech Organizer Storage

Store the organizer in a cool, dry place away from direct sunlight when not in use.

6. TROUBLESHOOTING COMMON ISSUES

6.1 Camera Strap feels insecure

Ensure the quick beads are fully inserted into the connectors and have clicked into place. Check the strap material for fraying or damage.

6.2 Difficulty adjusting strap length

Ensure the knots are not overtightened. Gently loosen them to adjust the strap length.

6.3 Tech Organizer zippers sticking

Apply a small amount of zipper lubricant or graphite to the zipper teeth. Avoid forcing the zipper.

6.4 Tech Organizer contents not fitting

Reconfigure the internal dividers to optimize space. Consider using a smaller organizer for minimal items.

7. PRODUCT SPECIFICATIONS
