GIFEHU Q10

GIFEHU Portable Wireless CarPlay Screen Q10 User Manual

Model: Q10

1. INTRODUCTION

This manual provides detailed instructions for the installation, operation, and maintenance of your GIFEHU Portable Wireless CarPlay Screen Q10. This device offers seamless integration of Wireless CarPlay and Android Auto functionalities, enhancing your driving experience with navigation, communication, and entertainment features.

2. PACKAGE CONTENTS

Please verify that all items listed below are included in your package:

- GIFEHU Portable Wireless CarPlay Screen (Q10)
- Mounting Bracket (2 types)
- AUX Cable
- Car USB Charger (Cigarette Lighter Adapter)
- User Manual (this document)

3. PRODUCT OVERVIEW AND FEATURES

The GIFEHU Q10 is a 7-inch HD touch screen designed to bring modern connectivity to any vehicle. Key features include:

- **Wireless CarPlay & Android Auto:** Seamlessly connect your smartphone for navigation, music, messages, and calls.
- **Real-time GPS Navigation:** Utilize your phone's mapping applications (e.g., Google Maps, Waze) directly on the screen.
- **Wireless Mirror Link:** Display content from your iOS or Android smartphone via Wi-Fi.
- **Multiple Audio Output Modes:** Built-in speakers, Bluetooth, FM Transmitter, and AUX port for versatile audio integration.
- **Voice Control:** Hands-free operation via Siri or Google Assistant.
- **7-inch HD Touch Screen:** Clear visuals and responsive touch interface.

4. SETUP AND INSTALLATION

The GIFEHU Q10 is designed for easy installation without modifying your vehicle's existing console.

4.1 Mounting the Device

1. **Choose a Location:** Select a suitable flat surface on your dashboard or windshield that does not obstruct your view or interfere with vehicle controls.
2. **Attach the Bracket:** Secure the chosen mounting bracket (suction cup or adhesive base) to the dashboard or windshield. Ensure the surface is clean and dry for optimal adhesion.
3. **Mount the Screen:** Attach the GIFEHU Q10 screen to the mounting bracket. Adjust the angle for optimal viewing.

4.2 Power Connection

1. Insert the car USB charger into your vehicle's cigarette lighter socket.
2. Connect the USB-C power cable from the charger to the Type-C power port on the GIFEHU Q10 unit.
3. The device will power on automatically or can be turned on using the screen-off key.

5. OPERATING INSTRUCTIONS

5.1 Connecting to Wireless CarPlay / Android Auto

1. Ensure Bluetooth is enabled on your smartphone.
2. On the GIFEHU Q10 screen, navigate to the CarPlay or Android Auto icon and select it.
3. On your smartphone, search for and connect to the device's Bluetooth name (usually "GIFEHU Q10" or similar).
4. Follow any on-screen prompts on both the device and your phone to complete the connection. Once connected, CarPlay or Android Auto will launch automatically.

Figure 5.1: Wireless CarPlay and Android Auto Connection. This image demonstrates the wireless connection process for both platforms.

5.2 Wireless Mirror Link

To mirror your smartphone's screen:

1. Select the "Mirror Link" option on the GIFEHU Q10 screen.
2. Follow the instructions displayed on the screen to connect your iOS or Android device via Wi-Fi. This typically involves connecting to a specific Wi-Fi network broadcast by the GIFEHU Q10 and then initiating screen mirroring from your phone's settings.

Mirror Link for IOS and Android

Equipped with 7" HD Touchscreen, synchronized display of cell phone content, Provides the ultimate audio-visual experience

5.3 Audio Output Modes

The GIFEHU Q10 offers several ways to output audio:

- **Built-in Speakers:** Audio will play directly from the device's integrated speakers.
- **Bluetooth:** Connect the GIFEHU Q10 to your car's existing Bluetooth system for audio output.
- **FM Transmitter:** Tune your car's FM radio to a specific frequency set on the GIFEHU Q10 to transmit audio wirelessly.
- **AUX Connection:** Use the provided AUX cable to connect the GIFEHU Q10's AUX port to your car's AUX input for a wired audio connection.

4 Ways of Audio Output

Bluetooth

Built-in Speakers

FM Transmission

AUX Connection

Figure 5.3: Audio Output Options. This image visually explains the different ways to output audio from the device.

5.4 Voice Control

Once connected to CarPlay or Android Auto, you can activate voice control (Siri or Google Assistant) by saying the wake phrase ("Hey Siri" or "Hey Google") or by pressing the voice assistant button on the screen (if available) or your phone. Use voice commands for navigation, making calls, sending messages, and playing music.

6. MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the screen and device exterior. Avoid abrasive cleaners or solvents.
- **Temperature:** Do not expose the device to extreme temperatures (hot or cold) for extended periods.
- **Storage:** If storing the device for a long time, disconnect it from power and store it in a cool, dry place.

7. TROUBLESHOOTING

If you encounter issues with your GIFEHU Q10, please refer to the following common solutions:

- **Device Not Powering On:**
 - Ensure the car USB charger is securely plugged into the cigarette lighter socket and the vehicle's ignition is on.

- Verify the Type-C power cable is firmly connected to the device.
- Check if the cigarette lighter socket in your vehicle is functional.

- **CarPlay/Android Auto Not Connecting:**

- Ensure Bluetooth is enabled on your smartphone and the device is discoverable.
- Forget the device from your phone's Bluetooth settings and attempt to reconnect.
- Restart both your smartphone and the GIFEHU Q10 unit.
- Confirm your phone's operating system is up to date.

- **No Audio Output:**

- Check the volume levels on both the GIFEHU Q10 and your car's audio system.
- If using FM Transmitter, ensure your car radio is tuned to the correct, clear frequency.
- If using AUX, ensure the cable is fully inserted into both the device and your car's AUX input.
- Verify the correct audio output mode is selected on the GIFEHU Q10.

- **Touch Screen Unresponsive:**

- Restart the device.
- Ensure the screen is clean and free from debris.
