## HOJINLINERO 853p

# HOJINLINERO Metal and Wood Bed Frame

Model: 853p (120 x 200 cm)

## 1. IMPORTANT SAFETY INFORMATION

Please read all instructions carefully before assembly and use. Keep this manual for future reference.

- **Assembly:** Ensure all components are correctly assembled and tightened according to the instructions to prevent instability.
- **Weight Capacity:** Do not exceed the recommended weight capacity for the bed frame.
- **Children:** Keep small parts away from children during assembly to avoid choking hazards.
- **Tools:** Use only the provided tools or appropriate alternatives.

## 2. PACKAGE CONTENTS

Before starting assembly, verify that all parts listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Bed frame components (metal sections)
- MDF wood panels (for headboard and footboard)
- Slatted base
- Assembly instructions manual
- Screws and fasteners
- Allen key (hex wrench)

## 3. SETUP INSTRUCTIONS

Assembly is designed to be straightforward. We recommend two people for quicker and easier setup. All necessary tools are included.

1. **Unpack and Identify Parts:** Carefully unpack all components and lay them out on a clean, soft surface (like a carpet) to prevent scratches. Refer to the parts list in the separate assembly guide to identify each piece.
2. **Assemble the Main Frame:** Connect the side rails to the headboard and footboard sections using the provided screws and Allen key. Ensure all connections are secure but do not fully tighten until the entire frame is assembled.
3. **Install Center Support (if applicable):** Attach any central support beams or legs to the main frame as indicated in the assembly guide. These provide crucial stability.
4. **Attach Slatted Base:** Place the slatted base onto the designated supports within the bed frame. Secure the slats using the provided fasteners or clips. Ensure even spacing for optimal mattress support.
5. **Final Tightening:** Once all components are in place, go back and fully tighten all screws and fasteners. Do not overtighten.
6. **Placement:** Carefully move the assembled bed frame to its desired location.

## 4. OPERATING INSTRUCTIONS

The HOJINLINERO bed frame is designed for standard mattress use without the need for a box spring. Simply place your mattress directly onto the slatted base.

- **Mattress Placement:** Ensure the mattress is centered on the bed frame for even support.
- **Under-bed Storage:** The bed frame offers 27 cm of clearance underneath, providing convenient space for storage boxes or luggage.

## 5. MAINTENANCE

Regular maintenance will help prolong the life and appearance of your bed frame.

- **Cleaning:** Wipe the metal and wood surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Check Connections:** Periodically check all screws and fasteners to ensure they remain tight. Retighten if necessary to maintain stability and prevent squeaking.
- **Avoid Excessive Moisture:** Keep the bed frame in a dry environment to prevent rust on metal parts and warping of wood components.

## 6. TROUBLESHOOTING

If you encounter any issues with your bed frame, refer to the following common solutions.

- **Squeaking Noises:**

- Ensure all screws and bolts are securely tightened. Loose connections are a common cause of squeaking.
- The bed frame is equipped with anti-noise plastic connectors to minimize squeaks. Verify these are correctly installed at connection points.
- Check if the mattress is causing the noise by removing it and testing the frame.

- **Instability/Wobbling:**

- Re-check all assembly steps to ensure no parts were missed or incorrectly installed.
- Confirm that the bed is placed on a level surface.

---

## 7. SPECIFICATIONS

Feature	Detail
Brand	HOJINLINERO
Model Number	853p
Color	Black
Product Dimensions (L x W x H)	206.5 x 122 x 88 cm
Material	Metal, MDF Wood
Item Weight	16 kg
Compatible Mattress Size	120 x 200 cm
Style	Industrial
Special Features	No box spring needed, Squeak-resistant
Finish Type	Powder coating
Under-bed Clearance	27 cm

# PRODUCT INFORMATION

Size:206.4cm×121.2cm×89cm
