## INFUTURE BH121AP

# INFUTURE H1 Plus Hybrid Active Noise Cancelling Headphones User Manual

Model: BH121AP | Brand: INFUTURE

## INTRODUCTION

---

Welcome to your INFUTURE H1 Plus Hybrid Active Noise Cancelling Headphones. This manual provides detailed instructions for setup, operation, maintenance, and troubleshooting to ensure you get the best experience from your device.

## WHAT'S IN THE BOX

---

- INFUTURE H1 Plus Headphones
- USB-C Charging Cable
- 3.5mm Audio Cable
- User Manual
- Storage Pouch

The image displays the INFUTURE H1 Plus headphones along with their charging cable, audio cable, user manual, and storage pouch.

## PRODUCT FEATURES

- **Advanced Hybrid Noise Reduction:** Upgraded dual-feed hybrid noise reduction technology reduces external environmental noise by up to 28dB, effectively blocking 95% of low and mid-range ambient noise.
- **Enhanced Call Clarity:** Equipped with 4 built-in microphones for clearer voice capture during calls, video conferencing, and voice assistant use.
- **Extended Playtime:** Enjoy up to 90 hours of playback with ANC off, and 50 hours with ANC on.
- **Wired Mode Option:** Includes a 3.5mm audio cable for continued use even when the battery is

depleted.

- **EQ Modes & Bluetooth 5.3:** Features Bluetooth 5.3 for stable, fast connections up to 10 meters (33 feet). Double-tap the ANC button to switch between Bass Mode and Vocal Mode.
- **Comfortable & Portable Design:** Protein leather ear cups mimic human skin texture for pressure-free comfort. Foldable and adjustable design with an included storage pouch for easy travel.

Blocks out 95% of low and mid-range frequency ambient noise

**DOUBLY-FED HYBRID ACTIVE NOISE CANCELLATION**

**25 dB** ↓  
25db Noise Reduction

This image visually represents the headphone's noise cancellation capability, showing sound waves being reduced by 25dB.

## OUTSTANDING CALLS

Stable **Bluetooth 5.3** connection  
Connection distance 10 meters away

A woman is shown wearing the headphones while on a call, highlighting the stable Bluetooth 5.3 connection and the clarity provided by the 4 built-in microphones.

# FEEL THE COMFORT

The headphones are displayed next to a laptop, emphasizing their long battery life of 90 hours and the quick charge feature (1.5 hours playtime from 10 mins charge).

## SETUP

### Initial Charge

Before first use, fully charge your headphones using the provided USB-C cable.

*Charging Port: The USB-C charging port is located on the right earcup.*

### Power On/Off

To power on, press and hold the multi-function button (play/pause button) on the right earcup for 3 seconds until the indicator light turns blue.

To power off, press and hold the multi-function button for 3 seconds until the indicator light turns red.

### Bluetooth Pairing

1. Ensure the headphones are powered off.
2. Press and hold the multi-function button for 5 seconds until the indicator light flashes blue and red alternately, indicating pairing mode.
3. On your device (smartphone, tablet, laptop), enable Bluetooth and search for "bluetooth headphones" in

the list of available devices.

4. Select "bluetooth headphones" to connect. Once connected, the indicator light will turn solid blue.

---

This video provides a visual guide on how to power on and off the headphones, and how to successfully pair them with a Bluetooth-enabled device.

## OPERATING INSTRUCTIONS

---

### Controls Overview

The main controls are located on the right earcup.

- **Multi-function Button (Play/Pause):**
  - Press once: Play/Pause music, Answer/End call.
  - Press and hold (3s): Power On/Off.
  - Press and hold (5s, from off): Enter Bluetooth pairing mode.
- **Volume Up (+):** Press once to increase volume.
- **Volume Down (-):** Press once to decrease volume.
- **Next Track (>>|):** Press and hold Volume Up (+) for 2 seconds.
- **Previous Track (|<<):** Press and hold Volume Down (-) for 2 seconds.
- **ANC Button:**
  - Press once: Toggle Active Noise Cancellation (ANC) On/Off.
  - Double-tap: Cycle through EQ modes (Bass Mode / Vocal Mode).

A detailed view of the right earcup, clearly showing the layout and labels of the control buttons for easy identification.

### Wired Mode

Insert the 3.5mm audio cable into the AUX port on the headphones and the other end into your audio device.

*Note: When using 3.5mm wired mode, the headset will power down. Functions such as ANC and volume control will not work and must be powered on to work in Bluetooth mode.*

### MAINTENANCE

- Clean the headphones regularly with a soft, dry cloth.
- Avoid exposing the headphones to extreme temperatures, humidity, or liquids.
- Store the headphones in the provided storage pouch when not in use to protect them from dust and scratches.
- Do not attempt to disassemble or repair the headphones yourself. Contact customer support for assistance.

### TROUBLESHOOTING

Problem	Solution
Cannot power on	Ensure the headphones are fully charged. Press and hold the multi-function button for 3 seconds.
Cannot pair via Bluetooth	Ensure headphones are in pairing mode (flashing blue/red light). Turn off and on Bluetooth on your device. Forget previous connections and try again.
No sound	Check volume levels on both headphones and connected device. Ensure headphones are properly paired or the 3.5mm cable is fully inserted.
ANC not working	Ensure ANC is toggled on using the ANC button. ANC functions only in Bluetooth mode, not wired mode.
Poor sound quality	Ensure the headphones are within Bluetooth range (10 meters). Check for interference from other devices. Try different EQ modes.
