Your Christopher Knight Home Patio Set is designed for comfortable outdoor seating. To ensure longevity and proper use:

MAINTENANCE

Proper care will extend the life and appearance of your patio set.

Wood Care:

- **Cleaning:** Wipe clean with a damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Protection:** Acacia wood naturally withstands outdoor elements. However, to maintain its appearance and prevent darkening over time, periodic application of a wood sealant or oil designed for outdoor furniture is recommended.
- **Storage:** During prolonged periods of non-use or harsh weather, consider covering the furniture or storing it indoors to protect the wood.

Cushion Care:

- **Cleaning:** The cushions are water repellent. Spot clean with a mild soap and water solution. Allow to air dry completely.
- **Avoid Submerging:** Do not submerge cushions in water.
- **Storage:** Store cushions indoors during rain or when not in use to prevent excessive moisture exposure and prolong their lifespan.

TROUBLESHOOTING

Here are solutions to common issues you might encounter:

- **Wobbly Furniture:** If a piece of furniture feels unstable, check all assembly screws. Loosen them slightly, gently rock the furniture to settle it, then retighten all screws evenly. Ensure the furniture is on a level surface.
- **Stains on Wood:** For minor stains, try a gentle wood cleaner. For deeper stains or to restore finish, light sanding and reapplication of wood oil may be necessary (consult a professional if unsure).
- **Cushion Discoloration:** Prolonged exposure to direct sunlight can cause fading. Rotate cushions regularly and store them when not in use to minimize sun exposure.
