

JTEMAN L43

JTEMAN Bluetooth Speaker Phone Stand with Charging Function

Model: L43

INTRODUCTION

Thank you for choosing the JTEMAN Bluetooth Speaker Phone Stand (Model L43). This device combines a portable phone stand, a Bluetooth speaker, and a power bank into one compact unit, designed to enhance your mobile experience. Please read this manual carefully to ensure proper use and maintenance of your device.

PRODUCT FEATURES

- **Multi-functional Design:** Serves as a phone stand, Bluetooth speaker, and power bank.
- **Hands-Free Operation:** Supports your cellphone and tablets for video calls, media consumption, and following recipes.
- **Enhanced Audio:** Built-in dual speakers provide clear and loud sound.
- **Integrated Microphone:** Improves call quality for hands-free conversations.
- **Long Battery Life:** Designed for extended audio playback and emergency charging for mobile devices.
- **Portable and Foldable:** Compact design allows for easy storage and transport in a pocket or bag.
- **Adjustable Stand:** Multi-angle adjustment for optimal viewing.
- **Anti-Slip Protection:** Non-slip silicone base and pads protect your device from scratches and ensure stability.
- **Wide Compatibility:** Suitable for most 4-10 inch smartphones and tablets with Bluetooth function.

- **AUX Interface:** Supports AUX connection to function as an external computer speaker.

2. Powering On/Off

Press and hold the **Power ON/OFF** button (labeled with a power symbol) for a few seconds until the indicator lights illuminate (for ON) or turn off (for OFF).

3. Bluetooth Pairing

1. Ensure the speaker stand is powered on.
2. On your mobile device, navigate to Bluetooth settings.
3. Search for available devices and select "Jteman L43" to pair.
4. A confirmation sound will indicate successful pairing.

OPERATING INSTRUCTIONS

1. Using as a Phone Stand

Place your smartphone or tablet (4-10 inches) onto the adjustable holder. The anti-slip pads will secure your device. Adjust the angle for comfortable viewing in either portrait or landscape orientation.

Hands Free Phone Stand for Desk

2. Playing Audio

Once paired via Bluetooth or connected via AUX, audio from your device will play through the speaker stand's dual speakers. Use the Volume +/- buttons for adjustment and the Play/Pause button for media control.

Built-in Dual Speakers & Loud Clear Sound

Enhance your listening experience

Image: Built-in dual speakers for enhanced sound.

3. Making/Receiving Calls

With your phone paired via Bluetooth, you can answer incoming calls by pressing the Play/Pause/Answer/End Call button. The built-in microphone ensures clear communication during hands-free calls.

4. Charging External Devices (Power Bank Function)

Connect your mobile device to the USB-A charging output port on the speaker stand using your device's charging cable. The speaker stand's internal battery (5000mAh) will provide power to charge your device.

Long Battery Life

MAINTENANCE

- Clean the device with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- Avoid exposing the device to extreme temperatures, direct sunlight, or moisture.
- Store the device in a cool, dry place when not in use.
- Do not attempt to disassemble or repair the device yourself. Contact customer support if issues arise.

TROUBLESHOOTING

Problem	Solution
Device does not power on.	Ensure the device is charged. Connect it to a power source using the Type-C input port.
Cannot pair via Bluetooth.	Ensure the speaker is in pairing mode (indicator light may flash). Check your device's Bluetooth settings and try reconnecting. Make sure no other devices are currently connected.
No sound from speakers.	Check volume levels on both the speaker and your connected device. Ensure Bluetooth is connected or AUX cable is properly inserted.
Phone not charging.	Ensure the speaker stand has sufficient battery charge. Verify the USB cable is securely connected to both the speaker's USB-A output and your phone.
