## 13mm bio-diaphragm dynamic speaker

High-definition sound quality, transparent and full-bodied, every note precisely in your ears, delivering purer and more natural sound

Detail of the 13mm bio-diaphragm dynamic speaker, engineered for high-definition sound quality and natural audio reproduction.

## 4. SETUP

### Charging the Earbuds and Case

Before first use, fully charge both the earbuds and the charging case.

1. Place the earbuds into the charging case, ensuring they are properly seated.
2. Connect the Type-C charging cable to the charging port on the case and the other end to a USB power source (e.g., wall adapter, computer USB port).
3. The LED display on the charging case will show the charging status. A full charge typically takes about 1.5 hours.

The earbuds offer up to 8 hours of playtime on a single charge, and the charging case provides multiple additional charges, extending total playtime to up to 42 hours.

## Bluetooth Pairing

The earbuds utilize Bluetooth 5.3 for a stable and fast connection.

1. Open the charging case. The earbuds will automatically enter pairing mode, indicated by a flashing light on the earbuds.
2. On your device (smartphone, tablet, laptop), go to Bluetooth settings and turn Bluetooth on.
3. Search for available devices and select "EV68" from the list.
4. Once connected, the earbud lights will stop flashing, and you will hear a confirmation tone.

# Revitalize with Bluetooth 5.3 Upgrade

Compatible with most devices, providing a stable and fast connection.

The earbuds connected to a smartphone via Bluetooth 5.3, demonstrating wide compatibility with various devices.

## 5. OPERATING INSTRUCTIONS

### Touch Controls

The SKIUDCT EV68 earbuds feature intuitive touch controls for easy management of music and calls.

### Making and Receiving Calls

The earbuds are equipped with HD microphones and noise reduction technology to ensure crystal-clear calls.

- **Answering a Call:** Single tap either earbud.
- **Ending a Call:** Long press either earbud for 2 seconds.
- **Rejecting a Call:** Long press either earbud for 2 seconds when an incoming call rings.

# Enjoy Crystal-Clear Calls

Improve call clarity as the dual-microphone system easily isolates your voice from ambient noise.

**95.8% Less Noise**

Illustration demonstrating improved call clarity with the dual-microphone system, effectively isolating voice from ambient noise.

## 6. MAINTENANCE

### Cleaning

To maintain optimal performance and hygiene, regularly clean your earbuds and charging case.

- Use a soft, dry, lint-free cloth to wipe the earbuds and charging case.
- For stubborn dirt, slightly dampen the cloth with water or a mild, non-abrasive cleaner.
- Gently clean the charging contacts on both the earbuds and the case with a dry cotton swab.
- Do not use harsh chemicals, aerosols, or abrasive cleaners.

### Storage

When not in use, store the earbuds in their charging case to protect them from dust and damage, and to keep them charged.

## Water Resistance (IPX7)

The SKIUDCT EV68 earbuds are IPX7 waterproof, meaning they can withstand immersion in water up to 1 meter for 30 minutes. This makes them suitable for workouts and light rain. However, they are not designed for swimming or prolonged submersion. Ensure the earbuds are dry before placing them back into the charging case to prevent damage.

Visual representation of the earbuds' IPX7 water resistance, showing them being splashed with water.

## 7. TROUBLESHOOTING

If you encounter any issues with your SKIUDCT Wireless Earbuds EV68, please refer to the following common solutions:

Problem	Possible Cause	Solution
Earbuds not pairing	Out of range, low battery, or pairing mode not active.	Ensure earbuds are charged. Place them back in the case and open the lid to re-enter pairing mode. Move closer to your device. Forget "EV68" in your device's Bluetooth settings and re-pair.
Only one earbud working	One earbud is not charged or not connected to the other.	Ensure both earbuds are charged. Place both earbuds back into the charging case, close the lid for 5 seconds, then open it again. This should re-sync them.
No sound or low volume	Device volume too low, earbuds not properly connected, or dirty speaker mesh.	Increase volume on your device and earbuds. Reconnect the earbuds. Clean the speaker mesh gently with a dry cotton swab.
Charging case not charging	Faulty cable or power source.	Try a different Type-C cable and a different USB power adapter. Ensure the cable is fully inserted.
Touch controls unresponsive	Earbuds are wet, dirty, or firmware issue.	Ensure earbuds are dry and clean. Restart the earbuds by placing them in the case and taking them out.
