Key Assembly Steps:

1. **Unpacking:** Carefully remove all parts from the packaging.
2. **Wheel Installation:** Attach the wheels to the axles, ensuring all washers and nuts are securely fastened.
3. **Steering Wheel Connection:** Connect the steering wheel wiring to the main body and secure the steering wheel in place.
4. **Front Bumper Attachment:** Securely attach the front bumper to the chassis.
5. **Roll Bar and Lights:** Connect the wiring for the top lights and attach the roll bar assembly.
6. **Battery Connection:** Connect the main battery terminals. Ensure a secure connection to prevent

power issues.

7. **Seat Installation:** Place the seats into position and secure them.

Operating Instructions

Familiarize yourself with the controls for a safe and enjoyable driving experience.

1. Driving Modes:

- **Child-Driven Mode:** The child operates the foot pedal for acceleration and the steering wheel for direction.
- **Parental Remote Control Mode:** An adult can use the 2.4GHz remote to control forward/reverse movement, steering, and braking. This mode overrides child input for added safety.

Maintenance

Proper maintenance ensures the longevity and safe operation of your ride-on jeep.

- **Battery Charging:** Always use the provided charger. Charge the battery fully before first use and after each play session. Do not overcharge.
- **Cleaning:** Wipe the vehicle with a damp cloth. Avoid using harsh chemicals or abrasive cleaners.
- **Storage:** Store the jeep in a dry, covered area away from direct sunlight and moisture. If storing for extended periods, ensure the battery is fully charged and disconnect it if recommended by the manufacturer.
- **Regular Checks:** Periodically inspect all screws, connections, and moving parts for tightness and wear.

Troubleshooting

If you encounter any issues, refer to these common solutions:

- **Vehicle Not Moving:** Check all battery connections to ensure they are secure. Verify the battery is

charged. Ensure the power switch is in the 'ON' position.

- **Short Playtime:** The battery may not be fully charged or may be nearing the end of its lifespan. Ensure proper charging procedures are followed. Playtime can vary with load, temperature, and terrain.
- **Remote Control Not Working:** Ensure the remote control batteries are fresh and correctly inserted. Re-pair the remote with the vehicle if necessary (refer to the remote control section of the full manual for pairing instructions).
- **Unusual Noises:** Inspect wheels and axles for any obstructions or loose parts.
