## ProtoArc XKM01 CaseUp

# ProtoArc XKM01 CaseUp Foldable Keyboard Mouse Combo User Manual

Your complete guide to setting up and using your portable workstation.

## 1. SETUP

---

### 1.1 What's in the Box

The ProtoArc XKM01 CaseUp combo includes a foldable keyboard, an ultra-thin mouse, an adjustable laptop stand, and a charging cable, all housed within a premium travel case.

Image: All components of the ProtoArc XKM01 CaseUp combo, including the foldable keyboard, mouse, laptop stand, charging cable, and carrying case.

## 1.2 Powering On/Off

- **Keyboard:** Unfold the keyboard to power it ON. Fold it back to power it OFF.
- **Mouse:** Use the physical ON/OFF switch located on the underside of the mouse.

## 1.3 Connecting to Your Device

The XKM01 CaseUp supports both 2.4G wireless and Bluetooth connectivity.

### **2.4G Wireless Connection:**

1. Locate and remove the USB receiver from its storage slot on the underside of the mouse.
2. Insert the USB receiver into an available USB port on your computer or laptop.
3. Turn on both the keyboard (by unfolding) and the mouse (using the physical switch).
4. On the keyboard, press the channel button for 2.4G mode (indicated by a specific icon or number, typically orange).
5. On the mouse, press the channel button to select 2.4G mode (indicated by a specific icon or number). Both devices should now be connected.

### **Bluetooth Connection:**

1. Turn on both the keyboard and the mouse.
2. On the keyboard, press and hold the desired Bluetooth channel button (BT1 or BT2, typically orange) for 3 seconds until its indicator light blinks rapidly. This puts the keyboard into pairing mode.
3. On the mouse, press and hold the corresponding Bluetooth channel button (BT1 or BT2) for 3 seconds until its indicator light blinks rapidly. This puts the mouse into pairing mode.
4. On your device (laptop, PC, MacBook, Windows, Mac OS, smartphone, tablet), navigate to Bluetooth settings.
5. Select "XKM01 CaseUp" from the list of available devices and confirm pairing.

### **1.4 Setting Up the Laptop Stand**

The adjustable laptop stand helps improve posture and reduce strain.

1. Unfold the stand and adjust its width to accommodate your device.
2. Flip up the small retaining flaps on the stand to secure your laptop or tablet.
3. Place your device on the stand at a comfortable viewing angle.

# Healthy Posture, Your Work Comfier

Relieve your eyes, neck, and posture

Image: A person working comfortably with a laptop elevated on the ProtoArc XKM01 CaseUp stand, illustrating the ergonomic benefits.

## 2. OPERATING INSTRUCTIONS

### 2.1 Keyboard Functions

The tri-fold keyboard offers a full standard layout with 105 keys, including a number pad and dedicated shortcut keys.

# Get the FULL Experience

Full standard layout, 105 keys,  
0.63in larger caps, no need to relearn typing

Image: A detailed view of the ProtoArc XKM01 CaseUp keyboard, emphasizing its full layout and comfortable keycap size for an optimal typing experience.

## F-Keys (Function Keys) and Multimedia Controls:

- By default, the F1-F12 keys control media functions (e.g., brightness, play/pause, mute).
- To switch F1-F12 to standard function keys (e.g., F5 to refresh), press **Fn** + **Esc**.
- To switch back to multimedia controls, press **Fn** + **Esc** again.

## 2.2 Mouse Functions

The ultra-thin mouse offers precise navigation and adjustable cursor speed.

- **DPI Adjustment:** Press the orange button on the top of the mouse to cycle through different DPI settings, adjusting cursor speed to your preference.
- **Mode Switching:** Use the channel buttons on the underside of the mouse to switch between 2.4G wireless and Bluetooth modes.

## 2.3 Multi-Device Workflow

Seamlessly switch between up to three devices (one 2.4G, two Bluetooth) using the dedicated channel buttons on both the keyboard and mouse.

# Seamless Workflow

## 2.4 Official User Guide Video

For a visual demonstration of setup and operation, please refer to the official user guide video below:

Video: ProtoArc XKM01 CaseUp User Guides. This video provides step-by-step instructions on how to set up, connect, and use the keyboard, mouse, and laptop stand, including power management and multi-device switching.

## 3. MAINTENANCE

---

### 3.1 Charging

Both the keyboard and mouse feature built-in rechargeable batteries and are charged via the included Type-C cable.

- A red blinking light indicates low battery.
- A solid red light indicates charging is in progress.
- A green light indicates the device is fully charged.

# Long Lasting & Type C Recharge

Lasts up to 6 months per Charge

Image: The ProtoArc XKM01 CaseUp mouse and a section of the keyboard connected to a USB-C charging cable, illustrating the recharging process.

## 3.2 Battery Life and Auto-Sleep

The keyboard offers an impressive 150 days of standby time, and the mouse provides 200 days. An auto-sleep feature conserves battery when not in use.

## 3.3 Cleaning

To clean your devices, use a soft, dry, lint-free cloth. Avoid using harsh chemicals or abrasive materials.

## 4. TROUBLESHOOTING

---

### 4.1 Connection Issues

- Ensure both the keyboard and mouse are powered ON.
- Verify that the correct 2.4G or Bluetooth channel is selected on both devices.
- For Bluetooth, ensure your device's Bluetooth is enabled and the devices are in pairing mode.
- Try re-pairing the devices if connection is lost.
- For 2.4G, ensure the USB receiver is securely plugged into your device.

### 4.2 Keyboard/Mouse Not Responding

- Check battery levels and recharge if necessary.
- Ensure the devices are within the effective operating range of your computer.
- Restart your computer and try reconnecting.
