2. Safety Information

WARNING: CHOKING HAZARD - Small Parts. This building set contains small parts and is not suitable for children under 3 years of age. Adult supervision is recommended during assembly and play for younger children to ensure safe handling of all components.

3. Setup and Assembly

The BrickTribe Friends Summer House Building Set comes with clear, detailed instructions to guide you through the assembly process. Follow these steps for a smooth building experience:

1. **Unpack Components:** Carefully open the packaging and lay out all bags of building blocks. It is recommended to sort the pieces by color or type to facilitate easier assembly.

2. **Review Instructions:** Familiarize yourself with the included instruction booklet. Each step is illustrated to show which pieces are needed and how they connect.
3. **Follow Step-by-Step:** Begin building according to the sequence provided in the manual. Ensure each piece is firmly connected to maintain structural integrity.
4. **Minifigure Assembly:** Assemble the 7 minifigures as shown in the instructions, then integrate them into your summer house scene.

5. Maintenance

Proper maintenance ensures the longevity and cleanliness of your building set.

- **Cleaning:** To clean the building blocks, use a soft cloth dampened with mild soap and water. Avoid harsh chemicals or abrasive materials, as these can damage the plastic. Rinse thoroughly and air dry.
- **Storage:** Store the assembled set or individual pieces in a clean, dry place away from direct sunlight and extreme temperatures. Keeping pieces in a designated container can prevent loss and damage.

6. Troubleshooting

If you encounter any issues during assembly or play, refer to the following common solutions:

- **Missing Pieces:** Double-check all packaging materials and the building area. If a piece is genuinely missing, please contact BrickTribe customer support for assistance.
- **Pieces Not Fitting:** Ensure you are using the correct pieces for the current step as indicated in the instruction manual. Verify the orientation of the pieces. Sometimes, a slight adjustment or firmer press is needed.

- **Structural Instability:** If a section of the model feels unstable, re-examine the connections in the preceding steps. Ensure all blocks are fully interlocked and pressed down firmly.
