## WHAT'S IN THE BOX

---

- 1x Merkurs Smart Plug
- User Manual (this document)

## SETUP AND INSTALLATION

---

Follow these steps to set up your Merkurs Smart Plug:

1. **Download the Merkurs Smart App:** Scan the QR code below or search for "Merkury Smart" in your device's app store. Create an account or log in if you already have one.
2. **Power on the Plug:** Plug the Merkurs Smart Plug into a standard wall outlet. The indicator light on the plug will begin to blink, indicating it's ready for pairing.
3. **Connect with the Plug:** Open the Merkurs Smart App, tap the "+" icon to add a new device, and follow the in-app instructions to connect to your smart plug. Ensure your phone is connected to a 2.4 GHz Wi-Fi network.

# OPERATING YOUR SMART PLUG

## App Control

Control your smart plug from anywhere using the Merkury Smart App. You can turn devices on or off, monitor their status, and manage settings directly from your smartphone.

Image: The Mercury Smart App displaying a home screen with various smart devices, including smart plugs, allowing for centralized control.

## Voice Control

Integrate your Mercury Smart Plug with Amazon Alexa or Google Home for convenient hands-free control. Once linked, you can use simple voice commands to operate your connected devices.

- "Alexa, turn on the coffee machine."
- "Hey Google, turn off the lamp."

Image: An Amazon Echo device demonstrating voice control, with a speech bubble showing "Alexa, turn on the coffee machine."

## Scheduling and Timers

Automate your devices by setting schedules and timers. This feature helps save energy and simplifies your daily routines.

- **Schedules:** Set specific times for your plug to turn on or off daily or on selected days of the week.
- **Timers:** Use countdown timers for devices to automatically switch off after a set duration.

## Share Control

Allow family members to control the smart plug by sharing access through the Mercury Smart App. This ensures everyone in the household can manage connected devices.

Image: Two individuals viewing a smartphone, symbolizing the shared control feature of the Mercury Smart App among family members.

## Compatible Appliances

The Mercury Smart Plug is suitable for a wide range of indoor appliances, including lamps, fans, coffee makers, toasters, and even fish tank pumps. Ensure the appliance's power consumption does not exceed the smart plug's

maximum rating.

Image: An iron and a hair straightener, illustrating common household items that can be made smart with the plug for safety and convenience.

## MAINTENANCE

---

To ensure the longevity and proper functioning of your Merkury Smart Plug, follow these simple maintenance guidelines:

- **Cleaning:** Disconnect the smart plug from the power outlet before cleaning. Use a soft, dry cloth to wipe the exterior. Do not use liquid cleaners or abrasive materials.
- **Environment:** Use the smart plug indoors only. Avoid exposing it to water, high humidity, extreme temperatures, or direct sunlight.
- **Overload Protection:** Do not exceed the maximum electrical rating of the smart plug. Overloading can cause damage to the device and pose a safety risk.

## TROUBLESHOOTING

---

Problem	Possible Cause	Solution
<b>Plug is offline/Cannot connect to Wi-Fi</b>	Incorrect Wi-Fi password; Plug too far from router; Router is 5GHz only; Network congestion.	Ensure correct 2.4 GHz Wi-Fi network and password. Move plug closer to router. Restart router and plug. If issues persist, try re-pairing the device through the app.
<b>App control not responding</b>	Internet connection issue; App glitch; Plug is offline.	Check your phone's internet connection. Close and reopen the Merkury Smart App. Verify the plug's status in the app. If offline, refer to the Wi-Fi connectivity solutions.
<b>Voice control not working</b>	Incorrect device name; Voice assistant not linked; Internet connection issue.	Ensure the device name in the Merkury Smart App matches the name used with your voice assistant. Relink the Merkury Smart skill/action in your Alexa/Google Home app. Check internet connection.
<b>Plug indicator light is off</b>	No power; Plug malfunction.	Check if the outlet has power by plugging in another device. Try plugging the smart plug into a different outlet. If still no light, the plug may be faulty.

## SPECIFICATIONS

---

- **Product Dimensions:** 1.13 x 2.68 x 1.5 inches
- **Weight:** 2.08 ounces
- **Operation Mode:** Automatic
- **Contact Type:** Normally Open
- **Connector Type:** Plug In
- **Brand:** Merkury Smart
- **Terminal:** Blade
- **Circuit Type:** 1-way
- **Number of Positions:** 2
- **Controller Type:** Amazon Alexa, Google Home
- **Control Method:** App, Remote, Voice
- **Wi-Fi Compatibility:** 2.4 GHz only

## WARRANTY AND SUPPORT

---

The Merkury Smart Plug comes with a **1-year limited warranty** from the date of purchase. This warranty covers defects in materials and workmanship under normal use. It does not cover damage caused by misuse, accidents, unauthorized modifications, or external causes.

For technical support or warranty claims, please contact Merkury Smart customer service. Refer to the contact information provided on the product packaging or the Merkury Smart website.
